IOWODO Military Smart Watch for Men

The IOWODO W50PRO Smart Watch designed for durability, capable of withstanding impacts and drops.

Every Sleep Refreshed

Smarter Sleep Tracking

Track every sleep stage and receive personalized feedback to improve your rest. Wake up feeling refreshed and ready to take on the day, knowing you've had the restorative sleep you need.

The IOWODO W50PRO Smart Watch operating reliably in extreme temperatures, from cold snowy environments to hot desert conditions.

4. SETUP GUIDE

4.1 Initial Charging

Before first use, fully charge your IOWODO W50PRO Smart Watch using the provided magnetic charging cable. Connect the cable to a USB power adapter (not included) and attach the magnetic end to the charging points on the back of the watch. The watch display will indicate charging status.

4.2 App Download

To unlock the full functionality of your smartwatch, download the **Dafit** app on your smartphone. You can find the app on the App Store (iOS) or Google Play Store (Android), or by scanning the QR code provided in the

manual or on the watch display during setup.

Alternatively, you can visit the app download page: <http://plus.crrepa.com/app-download/dafit>

4.3 Device Pairing

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the Dafit app and follow the on-screen instructions to add a new device.
3. Select 'W50PRO' from the list of available devices.
4. Confirm the pairing request on both your phone and the watch.
5. Grant necessary permissions within the app for calls, messages, and other notifications to function correctly.

5.3 Health Monitoring

The W50PRO is equipped with advanced sensors for 24-hour health tracking, including heart rate, blood oxygen

(SpO2), and sleep quality analysis. Access detailed health data through the Dafit app.

Power Beyond. Explore Beyond.

960mAh Gigantic Battery

With a whopping 960mAh battery, IOWODO W50Pro is built to keep you going longer. You're free to explore without constantly worrying about recharging. You can explore freely without having to worry about charging, whether you are on a long-distance adventure or just going out for the day. Stay powered and ready for whatever comes your way.

The IOWODO W50PRO Smart Watch's health tracking features, including continuous heart rate monitoring, blood oxygen saturation (SpO2) measurement, and comprehensive sleep quality analysis.

Chart Your Course. Reach Your Destination.

Compass

Never get lost, no matter how far you wander. Designed for explorers at heart, the built-in compass ensures you always stay on course whether you're navigating dense forests, climbing rugged peaks, or exploring urban streets.

5.5 Flashlight & Compass

The watch includes a high-brightness LED flashlight with constant-on and SOS modes, and a high-precision anti-magnetic compass for reliable navigation in outdoor settings.

The IOWODO W50PRO Smart Watch featuring a built-in LED flashlight for illumination and a precise compass for navigation during outdoor activities.

Swim-proof & Rain-proof & Splash-proof

IP68 Waterproof

You can be confident that water droplets from handwashing or light rain will not damage the W50Pro with its up to 10-meter waterproof. Besides, its IP68 rating also prevents dust ingress completely. Whether you are engaging in outdoor activities such as hiking and cycling, or cleaning your room, you can be assured that dust will not be a problem.

A user utilizing the bright LED flashlight feature of the IOWODO W50PRO Smart Watch in a low-light camping environment.

120+ Workout Modes

Satisfy the Need for Any Sport

Life can definitely be healthier with sports, but IOWODO W50Pro makes your life much healthier by keeping track of your exercise. With 120+ workout modes like badminton, fitness walking and more, W50 Pro informs you of your running or jumping metrics or more detailed exercise data each time you train for a better body.

The IOWODO W50PRO Smart Watch's integrated compass providing reliable directional guidance for hikers in natural terrain.

5.6 Other Functions

The W50PRO integrates various convenient functions such as music control, camera control, weather forecasts, sedentary reminders, alarm clocks, stopwatches, and timers to enhance your daily life.

A visual representation of additional practical functions available on the IOWODO W50PRO Smart Watch, such as drink water reminders, sedentary alerts, alarm clock, remote camera control, music control, and weather forecasts.

6. MAINTENANCE

6.1 Cleaning and Care

Regularly clean your smartwatch and straps with a soft, dry cloth. For waterproof components, a damp cloth can be used. Avoid harsh chemicals or abrasive materials that could damage the watch.

6.2 Battery Life

The IOWODO W50PRO features a 960mAh high-density battery, offering up to 30 days of battery life in smart mode and up to 100 days in extreme mode. To maximize battery longevity, avoid extreme temperatures and fully charge the device when prompted.

Always be Durable

Up to 5m Death Broke Drop-proofness

Whether you make a mistake in daily life or travel where accidents may occur, your watch may be damaged by falling from heights or suffering impacts. Equipped with rugged screen and wear-resistant zinc alloy frame, the IOWODO W50Pro is designed to withstand drops from 5m.

*Data above is tested by IOWODO laboratory. Which may vary due to different conditions.

The IOWODO W50PRO Smart Watch highlighting its 960mAh high-density battery, offering extended usage and quick charging capabilities.

7. TROUBLESHOOTING

7.1 Watch Not Turning On

- Ensure the watch is fully charged. Connect it to the magnetic charging cable and a power source for at least 30 minutes.
- Press and hold the power button for several seconds.

7.2 Unable to Pair with Phone

- Make sure Bluetooth is enabled on your phone and the watch is within range.
- Restart both your phone and the watch.
- Ensure the Dafit app is updated to the latest version.
- Forget the device in your phone's Bluetooth settings and try pairing again through the Dafit app.

7.3 Inaccurate Health Data

- Ensure the watch is worn snugly on your wrist, not too tight or too loose.
- Clean the sensor on the back of the watch.
- Avoid excessive movement during measurements for best accuracy.

7.4 Notifications Not Appearing

- Check that notification permissions are granted for the Dafit app in your phone's settings.
- Ensure the watch is connected via Bluetooth.
- Verify that app notifications are enabled within the Dafit app settings.
