

SOBAST B0F66MLF4Y

SOBAST AI Language Translation Earphones

User Manual - Model: B0F66MLF4Y

INTRODUCTION

The SOBAST AI Language Translation Earphones are designed to provide seamless, real-time communication across multiple languages. Featuring an open-ear design for comfort and situational awareness, these earphones integrate advanced AI translation technology, high-definition audio, and intuitive touch controls. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance.

WHAT'S IN THE BOX

Please check the package contents to ensure all items are present:

- 1 pair of SOBAST AI Language Translation Earphones
- 1 Charging Case
- 1 USB Charging Cable (Type-C)
- 1 Soft Silicone Hanging Rope
- 1 User Manual (this document)

SETUP

1. Charging the Earphones and Case

Before first use, fully charge the earphones and the charging case. Connect the provided USB Type-C cable to the charging port on the case and to a compatible USB power source.

- The charging indicator on the case will show charging status.
- A full charge typically takes approximately 1-2 hours for the earphones and 2-3 hours for the case.

2. Wearing the Earphones

The earphones feature an open-ear design with ear hooks for a secure and comfortable fit. Follow these steps for proper wearing:

1. Identify the left (L) and right (R) earphones.
2. Rotate the earphone to a suitable angle to align with your ear.

3. Gently rotate the earphone along the earlobe backward until the ear hook is in the correct position behind your ear.
4. Adjust for comfort and a secure fit.

3. Bluetooth Pairing

The earphones automatically enter pairing mode when removed from the charging case. To connect to your device:

1. Open the charging case. The earphones will power on and enter pairing mode.
2. On your smartphone or Bluetooth-enabled device, go to Bluetooth settings.
3. Select "T26" (or similar model name) from the list of available devices.
4. Once connected, you will hear a confirmation tone.

4. AI Translation App Setup

To utilize the full translation capabilities, download and set up the dedicated AI NebulaBuds app:

1. Download the "AI NebulaBuds" app from your device's app store (iOS/Android).
2. Open the app and complete the quick login process.
3. Navigate to "Mine" -> "Language Settings" to set your desired languages.
4. Ensure your earphones are connected via Bluetooth to your phone.
5. Within the app, connect to the corresponding AI headset device.
6. Scan the QR code provided in the product description or within the app to activate translation features.
7. Select your desired translation mode (e.g., Simultaneous Interpretation, Headphone + Mobile Phone Translation, AI Chat).

Wearing method

OPERATING INSTRUCTIONS

Smart Touch Control

The earphones feature intuitive touch controls for managing audio and calls:

- **Single Tap:** Play/Pause music or Answer/End calls.
- **Double Tap (Right Earphone):** Skip to the next track.
- **Double Tap (Left Earphone):** Skip to the previous track.
- **Long Press:** Activate voice assistant or reject calls.
- Specific controls for volume adjustment and translation modes are typically managed within the AI NebulaBuds app.

Real-Time AI Translation

Once connected to the AI NebulaBuds app, the earphones enable real-time translation:

- **144+ Languages:** Supports online translation for a wide range of languages with high accuracy.
- **Instant Two-Way Translation:** Provides near-instant translation (approx. 0.2 seconds) for seamless conversations.
- **Multiple Modes:** Utilize modes such as AI binaural translation (both earphones), Headphone + Mobile Phone translation (one person speaks into phone, other listens via earphone), and AI chat for various communication scenarios.
- **Voice to Text & Text to Speech:** Convert spoken words to text and vice-versa, useful for learning and transcription.

Audio Quality and Noise Reduction

The earphones are engineered for clear audio and effective communication:

- **High-Definition Sound:** Equipped with full metal diaphragm moving coil drivers for immersive 360° sound with minimal distortion.
- **Dual Microphones:** Enhance call clarity and translation accuracy.
- **Adaptive Noise Cancellation:** Automatically reduces ambient noise during calls, ensuring clear communication even in noisy environments.
- **Low Latency:** Provides synchronized audio-visual experiences, particularly beneficial for gaming and video calls.

MAINTENANCE

Proper care and maintenance will extend the lifespan of your SOBAST AI Language Translation Earphones:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the earphones and charging case. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Water Resistance:** The earphones are rated IPX4 waterproof, meaning they are resistant to splashing water from any direction. Do not submerge them in water or expose them to heavy rain. Dry them thoroughly if they get wet.
- **Storage:** When not in use, store the earphones in their charging case to protect them from dust and damage. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To preserve battery health, avoid fully discharging the earphones frequently. Charge them regularly, even if not in constant use.

TROUBLESHOOTING

If you encounter issues with your earphones, refer to the following common problems and solutions:

Problem	Possible Cause / Solution
Earphones not powering on.	Battery is low. Place earphones in the charging case and charge fully.
Cannot pair with device.	Ensure earphones are in pairing mode (removed from case). Bluetooth is disabled on your device. Enable Bluetooth. Earphones are already connected to another device. Disconnect from other devices. Move earphones closer to your device (within 10 meters). Restart your device and try pairing again.
No sound or poor sound quality.	Check volume levels on both earphones and your connected device. Ensure earphones are properly seated in your ears. Reconnect the earphones to your device. Clean any debris from the earphone speakers.
Translation not working or inaccurate.	Ensure earphones are connected to the AI NebulaBuds app. Check your internet connection (required for online translation). Verify language settings in the app are correct. Speak clearly and at a moderate pace into the microphone. Update the app to the latest version.

SPECIFICATIONS

Feature	Detail
Model	B0F66MLF4Y
Brand	SOBAST
Bluetooth Version	5.4
Bluetooth Range	Up to 10 meters (33 feet)
Noise Control	Adaptive Noise Cancellation
Interface Type	USB Type-C
Water Resistance Level	IPX4 (Splash-proof)
Earphone Battery Capacity	60 mAh
Charging Case Battery Capacity	200 mAh
Usage Time	7-9 hours (single use)
Horn Specifications	16mm

Feature	Detail
MIC Signal-to-Noise Ratio	58dB
Earphone Dimensions	51 x 41 x 18 mm
Charging Case Dimensions	52.5 x 44 mm
Item Weight	5 ounces (approx. 142g)

Product Parameters

Product Type On-Ear Bluetooth Headset	Bluetooth version Bluetooth 5.3
