Liretope 4K Hidden Spy Camera Instruction Manual

Model: B0F66P3MT9

1. INTRODUCTION

Thank you for choosing the Liretope 4K Hidden Spy Camera. This device is designed to provide discreet and high-quality surveillance for your home or office. Featuring 4K resolution, night vision, motion detection, and flexible storage options, this camera offers reliable monitoring. Please read this manual carefully to ensure proper setup and operation of your device.

2. PACKAGE CONTENTS

Please verify that all items are present in your package:

- Liretope 4K Hidden Spy Camera
- USB Charging Cable
- User Manual
- Mounting Accessories (if applicable)

3. PRODUCT OVERVIEW

The Liretope 4K Hidden Spy Camera is a compact and versatile surveillance device. It features a 160° wide-angle lens for broad coverage and advanced infrared technology for clear night vision.

4. SETUP

Setting up your Liretope camera is designed to be quick and straightforward, typically taking less than 60 seconds.

1. **Charge the Camera:** Before first use, fully charge the camera using the provided USB cable.
2. **Download the App:** Scan the QR code in the manual or search for the designated app on your smartphone's app store. Install the application.
3. **Connect to Wi-Fi:** Follow the clear, step-by-step instructions within the app to connect your camera to your home or office Wi-Fi network. This typically involves a 3-step configuration process.
4. **Placement:** Position the camera in your desired location, ensuring the 160° wide-angle lens covers the area you wish to monitor.

For detailed visual guidance, refer to the in-app instructions.

5. OPERATING INSTRUCTIONS

5.1. Phone App Control & Real-Time Alerts

Once connected, use the dedicated smartphone application to control your camera, view live streams, and receive

real-time alerts. The app allows you to manage settings, review footage, and interact with the camera remotely.

5.2. Motion Detection Alerts

The camera features AI-powered smart detection technology. When movement patterns are detected, the camera will trigger real-time alerts directly to your phone. This feature helps you stay informed of any activity in the monitored area, whether you are at home or away.

- **Enable/Disable:** Motion detection can be enabled or disabled via the mobile application.
- **Sensitivity:** Adjust motion detection sensitivity settings within the app to minimize false alarms.

5.3. Night Vision

Equipped with advanced infrared technology, the camera provides clear visibility even in zero-light conditions. Night vision activates automatically in low-light environments, ensuring 24/7 monitoring capability.

5.4. Storage Options

Your camera offers flexible recording and storage solutions:

- **SD Card Storage:** The camera supports local recording via an SD card (up to 256GB). This allows for continuous 24/7 footage storage. Insert the SD card into the designated slot on the camera.
- **Cloud Storage:** Secure critical moments with encrypted cloud storage. A 7-day free cloud trial is included, allowing you to experience the benefits of off-site storage. Cloud storage options are managed through the mobile application.

6. BATTERY AND POWER

The Liretope 4K Hidden Spy Camera is powered by a robust 1000mAh battery, providing 4-6 hours of cordless recording on a full charge.

- **Charging:** Use the provided USB cable to charge the camera. Connect it to a standard USB power adapter (not included) or a computer USB port.
- **Continuous Power:** For extended or continuous monitoring, the camera can be powered directly via a power bank or a wall outlet using the USB cable. This ensures uninterrupted operation without relying solely on battery life.

7. MAINTENANCE

To ensure optimal performance and longevity of your camera, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the camera lens and body with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Firmware Updates:** Periodically check the mobile application for available firmware updates. Keeping your camera's firmware up-to-date ensures access to the latest features and security enhancements.
- **Storage Management:** If using an SD card, regularly back up important footage and format the card to maintain recording efficiency. Manage cloud storage settings through the app.

8. TROUBLESHOOTING

If you encounter issues with your Liretope 4K Hidden Spy Camera, please refer to the following common solutions:

- **Camera Not Connecting to Wi-Fi:**
 - Ensure your Wi-Fi network is 2.4GHz (5GHz networks are generally not supported by security

cameras).

- Check that the Wi-Fi password entered in the app is correct.
- Move the camera closer to your Wi-Fi router to improve signal strength.
- Restart your router and the camera.

- **No Live View/Recording:**

- Verify the camera is powered on and connected to Wi-Fi.
- Check your internet connection on your smartphone.
- If using an SD card, ensure it is properly inserted and not full. Try formatting the SD card via the app.
- If using cloud storage, ensure your subscription is active.

- **Motion Detection Not Working:**

- Ensure motion detection is enabled in the app settings.
- Adjust the sensitivity settings.
- Check app notification settings on your phone to ensure alerts are not blocked.

- **Short Battery Life:**

- Ensure the camera is fully charged before use.
- Continuous live streaming or frequent motion detection can consume battery faster. Consider using continuous power for prolonged use.

If these steps do not resolve your issue, please contact customer support.

9. SPECIFICATIONS

Brand	Liretope
Model	B0F66P3MT9
Recommended Uses For Product	Indoor Security
Connectivity Technology	Wireless (Wi-Fi)
Special Feature	Adjustable
Compatible Devices	Spy Cameras
Power Source	Battery Powered
Controller Type	Push Button
Color	Black
Number of Items	1
Batteries Required?	Yes (1 A battery included)
