

RORRY D2-20000

RORRY 20000mAh PD 30W Portable Charger Power Bank (Model D2-20000) Instruction Manual

Brand: RORRY | Model: D2-20000

1. PRODUCT OVERVIEW

The RORRY 20000mAh PD 30W Portable Charger Power Bank is a versatile charging solution designed for Apple devices and other electronics. It features a high-capacity battery, multiple charging outputs, and a compact design for portability.

Key Features:

- All-in-One Charging: Built-in USB-C and iOS cables, USB-C and USB-A output ports, and magnetic wireless charging for Apple Watch.
- Fast Charging: 30W Power Delivery (PD) output for rapid device charging and quick power bank recharging.
- High Capacity: 20,000mAh battery provides extended power for multiple devices.
- Digital Display: LCD screen shows real-time battery status.
- Portable Design: Compact with a built-in keychain, airplane-approved for travel.
- Safety Features: Equipped with NTC temperature control chip and durable cables for long-term reliability.

2. WHAT'S IN THE BOX

Upon unboxing your RORRY Portable Charger, you should find the following items:

- 1x RORRY 20000mAh Portable Charger
- 1x USB-C to USB-C Cable
- 1x User Manual (this document)

3. SETUP AND INITIAL CHARGE

3.1 Checking Battery Level

To check the current battery level of your RORRY Portable Charger, press the power button located on the side. The LCD digital display will show the remaining percentage.

3.2 Charging the Power Bank

Before first use, it is recommended to fully charge the power bank. Use the included USB-C to USB-C cable and a compatible 30W PD wall adapter (not included) for optimal charging speed. Connect one end of the USB-C cable to the "IN/OUT" USB-C port on the power bank and the other end to the wall adapter.

- A full recharge takes approximately 3 hours with a 30W PD adapter.
- The LCD display will show the charging progress.

4. OPERATING INSTRUCTIONS

The RORRY Portable Charger offers multiple ways to charge your devices simultaneously.

4.1 Charging Devices with Built-in Cables

The power bank includes two built-in cables: one USB-C and one Lightning cable. Gently pull out the desired cable from its slot on the side of the power bank and connect it to your device. The power bank will automatically begin charging.

4.2 Charging Devices with USB-A/USB-C Ports

For devices requiring a different cable or for additional charging, use the USB-A or USB-C output ports. Connect your device's charging cable to the appropriate port on the power bank.

4.3 Wireless Charging for Apple Watch

To charge your Apple Watch, simply place it on the magnetic wireless charging pad located on the top surface of the power bank. Ensure the watch is properly aligned for charging to begin. Press the power button if charging does not start automatically.

5. MAINTENANCE AND CARE

- Keep the power bank away from extreme temperatures, direct sunlight, and liquids.
- Clean the device with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Store the power bank in a cool, dry place when not in use.
- Avoid dropping or subjecting the device to strong impacts.
- Periodically recharge the power bank if it's not used for extended periods to maintain battery health.

6. TROUBLESHOOTING

6.1 Device Not Charging

- Ensure the power bank is sufficiently charged. Check the LCD display.
- Verify that the charging cable is securely connected to both the power bank and your device.
- Try a different charging cable or port on the power bank.
- For Apple Watch charging, ensure the watch is correctly positioned on the magnetic pad and the power button has been pressed.

6.2 Slow Charging Speed

- Ensure you are using a 30W PD compatible wall adapter when recharging the power bank for fastest speeds.
- When charging multiple devices simultaneously, the charging speed for each device may decrease.
- Check if your device supports fast charging protocols.

6.3 Power Bank Not Recharging

- Ensure the USB-C to USB-C cable is properly connected to the "IN/OUT" port and a working wall adapter.
- Try a different wall adapter or power outlet.

7. SPECIFICATIONS

Model Number	D2-20000
Battery Capacity	20000mAh
Product Dimensions	4.72 x 1.37 x 2.95 inches
Item Weight	1.21 pounds
Connector Types	Built-in USB-C, Built-in Lightning, USB-C Port (IN/OUT), USB-A Port (OUT)
Special Features	Built-in Cables, Digital Display, Fast Charging, Over Charging Protection, Wireless Charging (Apple Watch)
Manufacturer	Shenzhen Xianyang Innovation Technology Co., Ltd
