Monster Jam Smash & Bash Megalodon 1:64 Scale Repairable Monster Truck Instruction Manual

Model: 6072396

INTRODUCTION

This instruction manual provides essential information for the Monster Jam Smash & Bash Megalodon 1:64 scale die-cast repairable monster truck. This toy is designed for children aged 3 years and older, offering interactive play with crash and repair features. Please read these instructions carefully before use to ensure proper operation and enjoyment.

Safety Information: Not suitable for children under 3 years due to small parts that may present a choking hazard. Adult supervision is recommended during play.

PACKAGE CONTENTS

- 1 x Monster Jam Smash & Bash Megalodon 1:64 Scale Monster Truck

No assembly is required for this product. The truck is ready for play directly out of the packaging.

OPERATING INSTRUCTIONS

1. Crash and Break Apart Action

The Monster Jam Smash & Bash Megalodon truck is designed to simulate crash damage. Upon impact, specific parts of the truck's body will detach or deform, mimicking real monster truck collisions. This feature allows for dynamic and engaging play.

Image: A child's hand holding the Megalodon truck, which is in a crashed state, illustrating the interactive play experience.

2. Repairing the Truck

To repair the truck after a crash, simply re-align the detached or deformed body parts and gently press them back into place. The parts are designed to easily snap back, allowing for continuous play without complex reassembly.

3. General Play

The Megalodon truck operates manually and can be rolled across various indoor surfaces. It is compatible with other Monster Jam toy figures and playsets (sold separately) for expanded play scenarios.

MAINTENANCE

- **Cleaning:** Wipe the truck with a damp cloth to remove dust and dirt. Do not immerse in water.
- **Storage:** Store the truck in a cool, dry place away from direct sunlight when not in use.
- **Inspection:** Periodically check for any loose or damaged parts. Discontinue use if significant damage is found.

TROUBLESHOOTING

Problem	Solution
Truck parts do not snap back into place easily.	Ensure all connecting tabs and slots are properly aligned. Apply gentle, even pressure until the parts click securely. Avoid forcing parts.
Truck does not roll smoothly.	Check wheels for any obstructions or debris. Ensure axles are not bent.
