De'Longhi DLSC032

De'Longhi Rivelia LatteCrema Cool Upgrade Set Instruction Manual

Model: DLSC032

1. Introduction

This manual provides comprehensive instructions for the De'Longhi Rivelia LatteCrema Cool Upgrade Set. This set is designed to enhance your De'Longhi Rivelia espresso machine experience by enabling the creation of cold foam beverages. Please read this manual carefully before using the product to ensure proper operation and maintenance.

2.2 Key Features

- **Cold Foam Recipes:** Unlocks 6 distinct cold foam recipes for various coffeehouse drinks.
- **Cold-in-Cold-Out Technology:** Automatically crafts cold foam directly from cold milk, eliminating the need for pre-heating.
- **Detachable Carafe:** The LatteCrema Cool carafe can be detached and stored in the refrigerator.
- **Easy Clean-Up:** Features a one-touch self-cleaning function and dishwasher-safe components.
- **Double-Walled Glasses:** Four borosilicate, hand-blown glasses (two 400ml, two 480ml) are included to maintain beverage temperature and prevent condensation.
- **Recipe Inspiration:** An exclusive De'Longhi recipe book is included.

Image 2.2: The LatteCrema Cool carafe and the four included double-walled glasses.

3. Setup

1. **Unpack Components:** Carefully remove all items from the packaging. Ensure all included components listed in Section 2.1 are present.
2. **Initial Cleaning:** Before first use, wash the LatteCrema Cool carafe and its components, as well as the double-walled glasses, with warm soapy water. Rinse thoroughly and dry. All carafe components are dishwasher-safe.
3. **Attach Carafe:** Ensure your De'Longhi Rivelia espresso machine is powered on. Align the LatteCrema Cool carafe with the designated milk frother connection port on the machine and firmly push it into place until it clicks.

4. Operating Instructions

4.1 Preparing Cold Foam Beverages

1. **Fill the Carafe:** Open the lid of the LatteCrema Cool carafe and fill it with cold milk or your preferred plant-based alternative. Do not exceed the 'MAX' fill line indicated on the carafe.
2. **Select Recipe:** On your De'Longhi Rivelia espresso machine's display, navigate to the cold foam beverage options. Select your desired recipe from the 6 available cold foam creations.
3. **Start Preparation:** Place one of the provided double-walled glasses under the milk spout and the coffee spout (if applicable). Press the start button on your machine. The machine will automatically prepare the cold foam and dispense it into your glass.

4.2 Recipe Book

The included recipe book provides detailed instructions and inspiration for various cold foam coffee creations. Refer to this book for specific ingredient quantities and preparation steps for each recipe.

5. Maintenance and Cleaning

5.1 Daily Cleaning

1. **One-Touch Self-Cleaning:** After each use, or at the end of the day, activate the one-touch self-cleaning function on your Rivelia machine. This flushes the carafe and spout with water to remove milk residue.
2. **Detachable Carafe Storage:** If there is unused milk in the carafe, detach it from the machine and store it directly in the refrigerator. This helps keep the milk fresh for subsequent use.

Image 5.2: The LatteCrema Cool carafe can be safely stored in the refrigerator with unused milk.

5.2 Deep Cleaning

Periodically, or as needed, disassemble the LatteCrema Cool carafe components. All components are dishwasher-safe. Alternatively, wash them by hand with warm soapy water and a soft brush to ensure all milk residue is removed. Rinse thoroughly and allow to air dry before reassembling.

5.3 Glassware Care

The double-walled glasses are made of borosilicate glass. While durable, handle them with care. They are generally dishwasher-safe, but hand washing is recommended to preserve their longevity and clarity.

6. Troubleshooting

If you encounter any issues with your LatteCrema Cool Upgrade Set, please consider the following:

- **No Cold Foam/Poor Foam Quality:**
  - Ensure the carafe is properly attached to the machine.
  - Verify that the carafe components are clean and free from blockages.
  - Check the type and temperature of the milk. For optimal results, use cold milk or plant-based alternatives as recommended by De'Longhi. Some milk types may not froth as effectively.
  - Ensure the milk level is above the minimum line and below the maximum line.
- **Leakage from Carafe:**
  - Confirm that all carafe components are correctly assembled and securely sealed.
  - Ensure the carafe is firmly attached to the espresso machine.

- **Machine Not Recognizing Carafe:**
  - Remove and reattach the carafe, ensuring a secure connection.
  - Restart the espresso machine.

For further assistance, please refer to your De'Longhi Rivelia espresso machine's main instruction manual or contact De'Longhi customer support.
