HiWEEGO SC9927

HiWEEGO Flower Bouquet Building Set with LED Lights User Manual

Model: SC9927

Your guide to assembly, operation, and care.

1. Introduction

This manual provides detailed instructions for assembling and operating your HiWEEGO Flower Bouquet Building Set with LED Lights, Model SC9927. Please read this manual carefully before beginning assembly to ensure correct setup and safe use of the product.

2. Safety Information

- **Small Parts Warning:** This product contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- **Recommended Age:** Suitable for ages 8 and up. Adult supervision is recommended during assembly for younger users.
- **Material Safety:** The building blocks are made from non-toxic ABS plastic.
- **LED Lights:** Handle LED light strings with care. Do not immerse in water. Ensure batteries (not included) are inserted correctly according to polarity markings.

3. Package Contents

Verify that all components are present before starting assembly:

- Building Bricks (319 pieces)
- LED Light String
- Transparent Display Cover
- Base Plate
- Instruction Manual (this document)

Figure 3.1: Overview of package contents, including various building brick sizes, the LED light string, and overall product dimensions. The image displays the assembled flower bouquet with its transparent cover, alongside a separate view of the packaging box and individual building bricks.

4. Assembly Instructions

Follow these steps to assemble your flower bouquet building set:

1. **Prepare the Base:** Begin by assembling the base plate according to the diagrams provided in the included printed instructions.
2. **Construct the Flowers:** Carefully connect the building bricks to form the individual flower petals and stems. Refer to the detailed step-by-step illustrations in the printed manual for specific brick placement.

3. **Integrate LED Lights:** As you build the flower stems and foliage, weave the LED light string through the structure. Ensure the lights are evenly distributed and secured to illuminate the bouquet effectively. The battery compartment for the LED lights should be accessible at the base.
4. **Assemble Foliage and Details:** Attach the leaves and any additional decorative elements to complete the bouquet structure.
5. **Adjust Petals and Leaves:** Some elements, such as petals and leaves, are designed to be adjustable. Gently manipulate them to achieve your desired aesthetic.

Figure 4.1: Illustration of adjustable petals and leaves, demonstrating how to customize the appearance of the flower bouquet. The image highlights the rotational movement of petals and the left-right adjustment of leaves.

6. **Place Transparent Cover:** Once the bouquet is fully assembled and the LED lights are integrated, carefully place the transparent display cover over the entire structure, securing it to the base.

5. Operating Instructions (LED Lights)

To operate the integrated LED lights:

1. **Insert Batteries:** Open the battery compartment located at the base of the unit. Insert the required batteries (typically AA or AAA, refer to the printed manual for exact type) ensuring correct polarity (+/-). Close the compartment securely.
2. **Turn On/Off:** Locate the power switch, usually on the side or bottom of the base. Flip the switch to the "ON" position to illuminate the LED lights. Flip it to "OFF" to turn them off.

Figure 5.1: Visual comparison of the flower bouquet display with the LED lights off and with the LED lights on, demonstrating the illumination effect.

6. Maintenance

- **Cleaning:** To clean the building set and transparent cover, gently wipe with a soft, dry cloth. For stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Do not use harsh chemicals or abrasive cleaners.
- **Battery Replacement:** If the LED lights dim or stop working, replace the batteries. Always replace all batteries at the same time with new ones of the same type.

- **Storage:** Store the assembled set in a cool, dry place away from direct sunlight to prevent material degradation.

7. Troubleshooting

Problem	Possible Cause	Solution
LED lights do not turn on.	• Batteries are dead or incorrectly inserted. • Power switch is off. • Loose connection in the light string.	• Replace batteries, ensuring correct polarity. • Ensure the power switch is in the "ON" position. • Check all connections of the LED string.
Pieces do not fit together.	• Incorrect piece selection. • Misalignment during assembly.	• Refer to the printed instruction manual for correct piece identification. • Gently realign pieces and apply even pressure. Do not force.
Missing parts.	• Packaging error.	• Contact HiWEEGO customer support for assistance.

8. Specifications

- **Model:** SC9927
- **Brand:** HiWEEGO
- **Material:** ABS Plastic
- **Number of Pieces:** 319
- **Product Dimensions (L x W x H):** 25.4 x 25.4 x 25.4 cm (10 x 10 x 10 inches)
- **Item Weight:** 399 g (0.88 lbs)
- **Recommended Age:** 8+ years old
- **Special Feature:** Non-toxic materials, integrated LED lighting

9. Warranty Information

HiWEEGO products are manufactured with quality and care. This product is covered by a standard manufacturer's warranty against defects in materials and workmanship. Please retain your proof of purchase for any warranty claims. For specific warranty terms and conditions, refer to the documentation included in your product packaging or contact customer support.
