INIU B0F6BY25CK

INIU 100W 3-Port GaN Charger and Qi2 Certified 3-in-1 MagSafe Compatible Charging Station Combo User Manual

Model: B0F6BY25CK | Brand: INIU

Introduction

This manual provides detailed instructions for the safe and efficient use of your INIU 100W 3-Port GaN Charger and Qi2 Certified 3-in-1 MagSafe Compatible Charging Station Combo. This innovative product combines a powerful 100W GaN wall charger with a versatile 3-in-1 foldable wireless charging station, designed to keep your iPhone, Apple Watch, and AirPods fully charged and organized. Please read this manual thoroughly before operation and retain it for future reference.

What's Included

Please check the package contents to ensure all items are present:

- 1 x INIU 100W 3-Port GaN Wall Charger
- 1 x INIU Qi2 Certified 3-in-1 MagSafe Compatible Charging Station
- 1 x USB-C to USB-C Charging Cable (approx. 4.9ft)
- 1 x User Manual (this document)

Setup Instructions

Follow these steps to set up your charging system:

1. **Connect the GaN Wall Charger:** Plug the INIU 100W 3-Port GaN Wall Charger into a standard AC power outlet. Ensure the outlet is easily accessible.
2. **Connect the Charging Station:** Use the provided USB-C to USB-C cable to connect the 3-in-1 MagSafe Compatible Charging Station to one of the USB-C output ports (C1 or C2) on the 100W GaN Wall Charger.
3. **Unfold the Charging Station:** The charging station is designed to be foldable for portability. Gently unfold the station to its operational position. The MagSafe compatible charging pad for iPhone will stand upright, and the Apple Watch charging puck will extend.

Operating Instructions

Using the 3-in-1 Wireless Charging Station

The charging station allows simultaneous wireless charging of your iPhone, Apple Watch, and AirPods.

- **For iPhone (12-16 series):** Place your MagSafe-compatible iPhone directly onto the upright magnetic charging pad. The phone will snap into place, ensuring optimal alignment for 15W Qi2 certified fast wireless charging. Ensure your iPhone is using a MagSafe compatible case for proper magnetic attachment and charging.
- **For Apple Watch (Series 6-10):** Place your Apple Watch onto the dedicated charging puck. It supports up to 5W fast charging for Apple Watches.
- **For AirPods (4/3/Pro 2/Pro 1):** Place your AirPods charging case onto the flat charging area at the base of the station.

Image: Demonstrates the 15W Qi2 certified wireless charging for iPhone, showing faster charging speeds compared to standard 7.5W chargers.

Image: Illustrates the 5W fast charging capability for Apple Watch, indicating significantly faster charging times compared to standard 2.5W chargers.

Image: A compatibility chart showing supported iPhone models (12-16 series), Apple Watch models (Series 1-10), and AirPods models (4/3/Pro 2/Pro 1), along with a note on the necessity of a MagSafe compatible case for iPhones.

Using the 100W 3-Port GaN Wall Charger

The 100W GaN charger features three output ports (2 x USB-C, 1 x USB-A) for charging other devices simultaneously.

- **USB-C Ports (C1, C2):** These ports deliver high power output, ideal for laptops (e.g., MacBook Pro/Air, Pixelbook, ThinkPad, Dell XPS), tablets (e.g., iPad Pro), and fast-charging smartphones.

- **USB-A Port:** This port is suitable for charging a wide range of USB-A compatible devices, such as older smartphones, power banks, or other accessories.

The charger intelligently distributes power based on the connected devices. For optimal performance, refer to your device's charging requirements.

Image: The INIU 100W 3-Port GaN Charger, showcasing its two USB-C ports (C1, C2) and one USB-A port, along with a USB-C charging cable.

Care and Maintenance

- **Cleaning:** Disconnect the charger and charging station from power before cleaning. Use a soft, dry, lint-free cloth to wipe the surfaces. Do not use liquid cleaners, aerosols, or abrasive cleaning agents.
- **Storage:** When not in use, store the device in a cool, dry place away from direct sunlight and extreme temperatures. The charging station can be folded for compact storage.
- **Handling:** Avoid dropping or subjecting the device to strong impacts. Do not disassemble or attempt to repair the

product yourself, as this will void the warranty and may cause damage or injury.

- **Environment:** Do not expose the product to water, moisture, or high humidity. Keep away from heat sources and flammable materials.

Troubleshooting

If you encounter issues with your INIU charging system, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not charging wirelessly.	◦ Improper device placement. ◦ Non-MagSafe case (for iPhone). ◦ Charging station not powered. ◦ Device incompatibility.	◦ Ensure device is centered on the charging area. ◦ Use a MagSafe compatible case or remove the case. ◦ Verify the 100W charger is plugged in and the charging station is connected. ◦ Check if your device is listed as compatible (iPhone 12-16, Apple Watch 6-10, AirPods 4/3/Pro 2/Pro 1).
Slow charging.	◦ Using a non-optimal power source. ◦ Too many devices connected to the 100W charger. ◦ Background apps consuming power.	◦ Ensure the 100W charger is plugged in to a stable wall outlet. ◦ Disconnect other devices from the 100W charger if maximum power is needed for one device. ◦ Close unnecessary apps on your device.
Charger or device getting warm.	◦ Normal operation during fast charging. ◦ Poor ventilation. ◦ Foreign objects on charging pad.	◦ Slight warmth is normal. If excessively hot, disconnect and allow to cool. ◦ Ensure adequate airflow around the charger and station. ◦ Remove any metal objects, credit cards, or thick cases from the charging area.

If the problem persists, please contact INIU customer support.

Specifications

Feature	Detail
Brand	INIU
Model Number	B0F6BY25CK
Charger Type	100W 3-Port GaN Wall Charger
Charging Station Type	Qi2 Certified 3-in-1 MagSafe Compatible Wireless Charging Station
