

Baborokic XR-MZ02-White

Baborokic Metal Storage Cabinet (Model XR-MZ02-White) Instruction Manual

Model: **XR-MZ02-White** | Brand: **Baborokic**

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Baborokic Metal Storage Cabinet, Model XR-MZ02-White. Designed for versatile use in various rooms, this cabinet offers ample storage with adjustable shelves and a durable metal construction. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

To ensure safe use and prevent injury or damage, please observe the following safety guidelines:

- Always assemble the cabinet on a soft, clean surface to prevent scratches.
- It is recommended that **two people** perform the assembly to ensure stability and safety.
- Do not overload shelves. Distribute weight evenly to prevent tipping.
- Secure the cabinet to a wall using appropriate anti-tip hardware (not included) to prevent accidental tipping, especially in households with children or pets.
- Keep small parts and packaging materials away from children.
- Use only the provided hardware or suitable replacements.

PARTS LIST

Before starting assembly, carefully unpack all components and verify that all parts are present and undamaged. Refer to the diagram below for identification of each part.

Image: All components of the cabinet, including panels, hardware, and tools, laid out for inspection prior to assembly.

The package includes various metal panels, screws (R*40), nuts (M*4), shelf holders (L*12), and handles (G*2, U*2). A screwdriver and gloves are also provided for convenience.

ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. An assembly video is provided below for visual guidance. It is recommended to have two people for assembly.

Step 1: Assemble the Base Frame

Connect the two long base frame pieces using the provided screws. Ensure the holes for the side panels are facing outwards as indicated in the diagram.

Image: A person wearing gloves is shown attaching the corner pieces to the long base frame, ensuring correct orientation of the holes.

Step 2: Attach Side Panels

Carefully align and attach the side panels to the base frame using the designated screws. Secure all connections firmly.

Image: A person is screwing the side panels into the base frame, forming the initial structure of the cabinet.

Step 3: Install Top Panel

Place the top panel onto the assembled frame. Ensure the front edge is correctly aligned and secure it with screws.

Image: Two people are carefully placing the top panel onto the cabinet frame, preparing to secure it.

Step 4: Install Back Panels

Slide the back panels into the grooves from the top. Ensure the panel with the cable management hole is positioned correctly if desired. Secure the panels with screws.

Image: A person is shown installing the back panels, ensuring they fit snugly and are secured with screws.

Step 5: Install Middle Divider

Insert the middle divider panel into its designated slots within the cabinet frame. This creates separate compartments for storage.

Image: A person is inserting the middle divider panel into the cabinet, creating distinct storage sections.

Step 6: Secure Internal Brackets

Attach the internal brackets to the top and bottom of the middle sections using screws. These brackets provide additional stability and support for the shelves.

Image: A person is using a drill to secure the internal support brackets inside the cabinet compartments.

Step 7: Insert Shelf Holders

Choose your desired shelf height. Insert the L*12 shelf holders into the corresponding holes on the side panels and middle divider. Ensure all four holders for each shelf are at the same height.

Image: A person is inserting the small metal shelf holders into the pre-drilled holes on the cabinet's interior side panels.

Step 8: Place Adjustable Shelves

Carefully place the adjustable shelves onto the installed shelf holders. Ensure they are level and securely seated.

Image: A person is carefully placing the adjustable shelves onto the installed shelf holders inside the cabinet.

Step 9: Assemble and Attach Doors

Assemble the door panels by securing the decorative elements and hinges. Then, attach the doors to the cabinet frame, ensuring they open and close smoothly. Install the gold metal handles (G*2) using the provided screws (U*2).

OPERATING INSTRUCTIONS

The Baborokic Metal Storage Cabinet is designed for versatile storage in various settings.

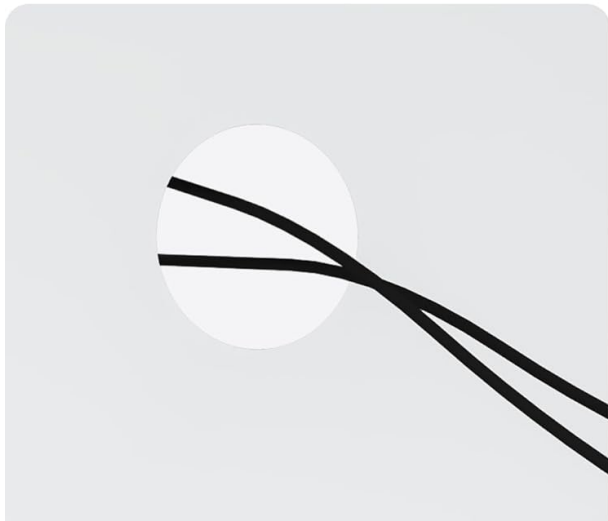

- **Adjustable Shelves:** The cabinet features adjustable shelves, allowing you to customize the storage space to fit items of different heights. Simply remove the shelf, reposition the shelf holders to the desired height, and reinsert the shelf.
- **Cable Management:** A reserved hole in the back panel simplifies cable management, making it ideal for storing electronic devices like microwaves, toasters, or media players while keeping cords organized and out of sight.
- **Versatile Placement:** This cabinet can be used as a pantry storage cabinet, credenza buffet cabinet, bathroom cabinet, or for storage in a living room, entryway, or home office.

MAINTENANCE

Proper care will ensure the longevity and appearance of your metal storage cabinet.

- **Cleaning:** The cabinet is made of electrostatic powder-coated, cold-rolled steel, making it waterproof and easy to clean. Wipe surfaces with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or harsh chemicals.
- **Rust Prevention:** The material includes a rust-resistant treatment layer and an anti-corrosion layer. However, avoid prolonged exposure to excessive moisture to maintain its condition.
- **Scratch Resistance:** While durable, the paint finish is not entirely scratch-proof. Exercise care during assembly and use to prevent scratches.

TROUBLESHOOTING

If you encounter any issues during assembly or use, please refer to the following common solutions:

- **Missing Accessories:** If any parts or accessories are missing from your package, please contact customer support for a free reshipment.
- **Installation Difficulties:** If you have trouble installing the cabinet, take a picture of the specific issue and contact customer support for analysis and guidance.
- **General Dissatisfaction:** If you are not satisfied with the product, please message customer support for a satisfactory resolution within 24 hours.
