AECOJOY B0F6C4T2JF

AECOJOY Wooden Chicken Coop with Wheels (Model B0F6C4T2JF)

Instruction Manual

1. PRODUCT OVERVIEW

The AECOJOY Wooden Chicken Coop with Wheels is designed to provide a safe and comfortable habitat for your poultry. This large coop features a spacious main house, an extended run, two nesting boxes, and integrated wheels for easy relocation. Constructed from natural fir wood with a waterproof roof, it offers durability and protection against various weather conditions.

Image 1.1: Overview of the AECOJOY Wooden Chicken Coop with Wheels, featuring the main house, run, and nesting boxes, situated in a grassy backyard.

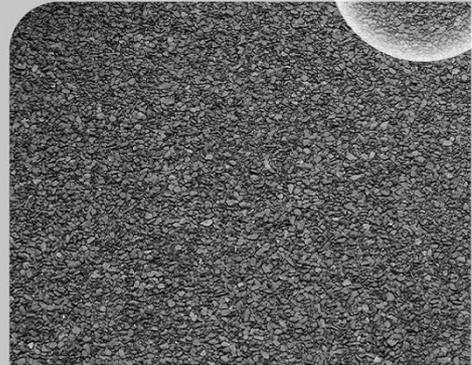

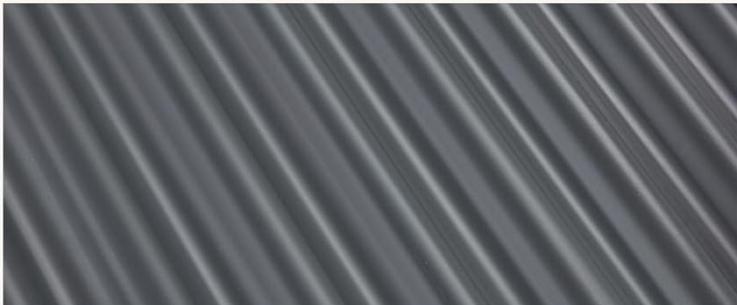

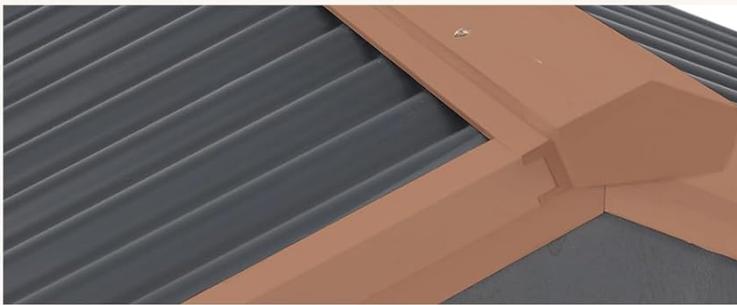

Key Features:

- **Movable Design:** Equipped with two 5.9-inch diameter wheels and a handrail for easy repositioning.
- **Durable Construction:** Made from premium natural fir wood with a waterproof and non-toxic varnish.
- **Waterproof Roof:** Features a modern PVC roof to protect animals from harsh weather.
- **Spacious Interior:** Offers a main house area of 9 sq ft and a ground activity area of 20.8 sq ft.
- **Nesting Boxes:** Includes two large nesting boxes with a removable divider for flexibility.
- **Easy Cleaning:** Features a pull-out tray for convenient daily maintenance.

New & Modern PVC Roof

Better waterproof, weatherproof, odour free, more environmental friendly

 **OURS**

Strong smell

Wooden roofs warped
and wet after rain

 **OTHERS**

Image 1.2: This image illustrates the superior waterproof and weather-resistant qualities of the modern PVC roof used on the AECOJOY coop compared to a traditional wooden roof.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling or using the chicken coop. Failure to follow these instructions may result in injury or damage to the product.

General Safety Precautions:

- Ensure all components are securely fastened during assembly.
- Always elevate the coop when moving it to prevent damage to the structure or injury.
- The wood is treated with a non-toxic varnish, but avoid prolonged direct contact with skin or ingestion.
- Regularly inspect the coop for any signs of wear, damage, or loose parts. Repair or replace as necessary.

- Keep children and pets away from the assembly area to prevent accidents.
- Ensure the coop is placed on a level and stable surface to prevent tipping.
- Lock all doors and access points to protect your poultry from predators.

3. ASSEMBLY INSTRUCTIONS (SETUP)

The AECOJOY Chicken Coop is designed for easy assembly. It includes all necessary hardware and wooden components. We recommend two people for assembly.

Before You Begin:

- Unpack all components and verify against the parts list (not provided in this manual, refer to your product packaging).
- Ensure you have adequate space for assembly.
- Gather necessary tools (e.g., screwdriver, hammer - typically included or standard household tools).

Assembly Steps (General Guidance):

1. **Frame Assembly:** Begin by assembling the main wooden frame of the coop and the run sections. Ensure all joints are aligned and secured with the provided screws.
2. **Wall and Floor Panels:** Attach the wall panels to the frame, followed by the floor panels for the main house and nesting boxes.
3. **Roof Installation:** Secure the PVC roof panels onto the main house and nesting box sections. Ensure they are properly aligned for waterproofing.
4. **Nesting Boxes:** Assemble and attach the nesting boxes to the side of the main house. Install the removable divider as desired.
5. **Access Doors and Ramps:** Install all access doors, latches, and the internal ramp connecting the main house to the run.
6. **Wheels and Handle:** Attach the two 5.9-inch diameter wheels to the designated end of the coop frame. Install the handrail for mobility.
7. **Final Inspection:** Double-check all screws and connections to ensure the coop is stable and secure.

4. USAGE GUIDELINES (OPERATING)

This section provides instructions on how to effectively use your AECOJOY Chicken Coop to ensure the well-being of your poultry.

Movable Design:

The coop is equipped with wheels and a handrail for easy relocation. To move the coop:

1. Ensure all chickens are secured within the main house or run.
2. Grasp the handrail firmly.

3. Gently lift the end opposite the wheels to engage the wheels with the ground.
4. Carefully push or pull the coop to its new desired location.
5. Lower the coop back onto its support legs once positioned.

Important: Always elevate the coop when moving it, especially on grass, to prevent damage to the structure and ensure smooth movement.

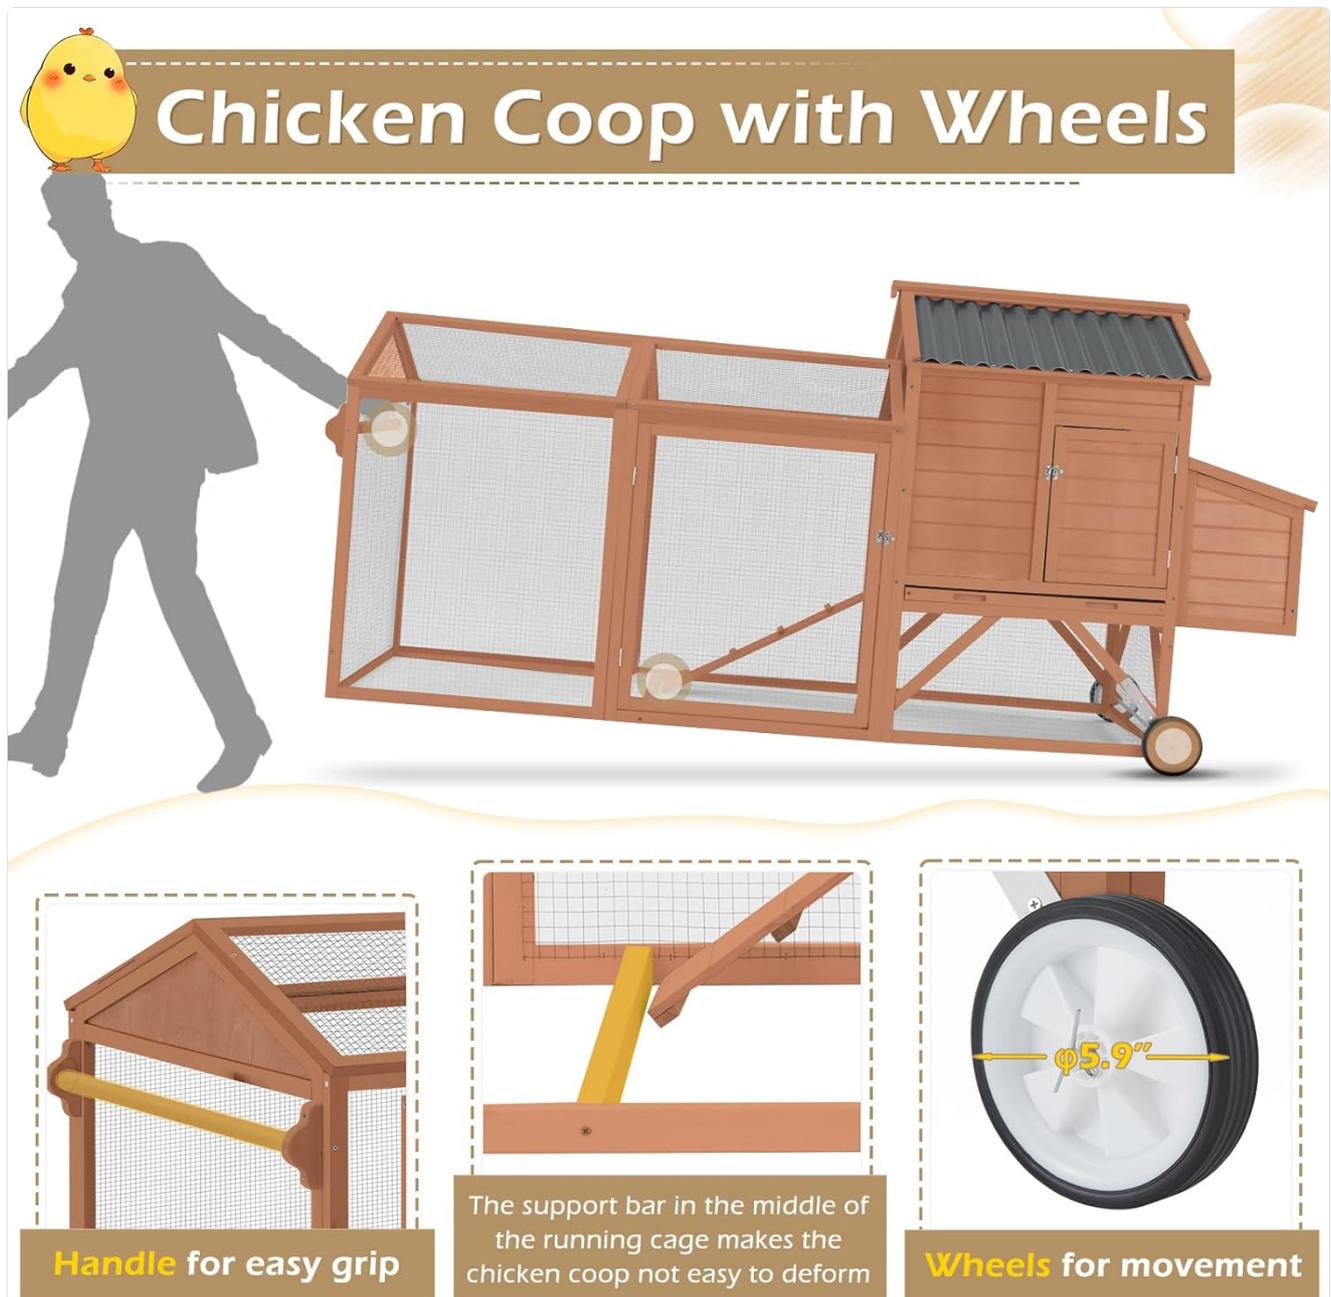

Image 4.1: This diagram illustrates the movable design of the chicken coop, highlighting the handle for easy grip and the 5.9-inch wheels for movement.

Image 4.2: A close-up view of one of the 5.9-inch diameter wheels, designed for easy movement of the coop.

Nesting Boxes:

The coop includes two nesting boxes for hens to lay eggs. A removable divider allows you to adjust the size of the nesting area as needed.

- To adjust the nesting box size, simply remove or reposition the internal divider.
- The nesting box lid is lockable to prevent predators from accessing the eggs. Ensure it is securely latched.

Image 4.3: This image shows the two large nesting boxes, filled with straw and eggs, indicating their use for hens.

Image 4.4: A detailed view of the removable divider within the nesting box, allowing for adjustable space.

Multiple Entrances:

The coop features multiple access points for convenient interaction with your poultry and for cleaning.

- All doors are equipped with secure latches to prevent unauthorized access and protect your chickens.

- Ensure all doors are locked when not in use, especially overnight.

Image 4.5: This image highlights the various access points on the chicken coop, all equipped with lockable doors for security.

5. CARE AND MAINTENANCE

Regular cleaning and maintenance will extend the lifespan of your AECOJOY Chicken Coop and ensure a healthy environment for your poultry.

Daily Maintenance:

- **Egg Collection:** Collect eggs from the nesting boxes daily.
- **Food and Water:** Replenish food and water supplies.
- **Visual Inspection:** Quickly check for any visible damage or signs of pests.

Weekly Cleaning:

- **Pull-Out Tray:** The coop features a removable pull-out tray for easy cleaning. Slide out the tray, empty waste, and clean with water and a mild, pet-safe disinfectant. Allow to dry completely before reinserting.
- **Nesting Boxes:** Remove old bedding and replace with fresh, clean straw or nesting material.
- **Run Area:** Rake or scoop out droppings and soiled bedding from the ground activity area.
- **Perches:** Scrape off any accumulated droppings from the perches.

Image 5.1: A close-up view of the pull-out tray, designed for convenient and hygienic cleaning of the coop.

Seasonal Maintenance:

- **Deep Cleaning:** Periodically perform a thorough cleaning of the entire coop, including scrubbing all surfaces with a pet-safe cleaner.
- **Wood Treatment:** Inspect the wood for any signs of weathering or damage. Reapply a non-toxic, pet-safe wood sealant or varnish as needed to maintain its waterproof properties and extend its life.
- **Roof Inspection:** Check the PVC roof for any cracks or damage that could compromise its waterproof integrity.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your chicken coop.

Common Issues and Solutions:

- **Issue:** Difficulty moving the coop.
Solution: Ensure the coop is properly elevated on the wheeled side. Check for any obstructions under the coop or in the path of the wheels. The wheels are designed for movement on relatively flat, firm surfaces.
- **Issue:** Water leakage inside the coop.
Solution: Inspect the PVC roof for any damage or gaps. Ensure all roof panels are securely fastened and overlapping correctly. Check the seals around the nesting box lids.
- **Issue:** Doors or latches not closing securely.
Solution: Check for any debris obstructing the latch mechanism. Ensure the door frames are not warped. Adjust hinges or latches if necessary.
- **Issue:** Unpleasant odors.
Solution: This usually indicates a need for more frequent cleaning. Ensure the pull-out tray is emptied and cleaned regularly, and bedding in the main house and nesting boxes is fresh. Proper ventilation is also key.

- **Issue:** Wood appears weathered or damaged.

Solution: Apply a pet-safe wood sealant or varnish to protect the wood from the elements. For significant damage, contact customer support for replacement parts if within warranty.

7. SPECIFICATIONS

Feature	Detail
Brand	AECOJOY
Model Number	B0F6C4T2JF
Overall Dimensions (L x W x H)	95" x 31.5" x 47.3" (241.3 cm x 80 cm x 120.1 cm)
Main House Area	9 ft ²
