evoloop 8 Oz Measuring Cup

evoloop Plastic Measuring Cup for Egg Cooker - Instruction Manual

INTRODUCTION

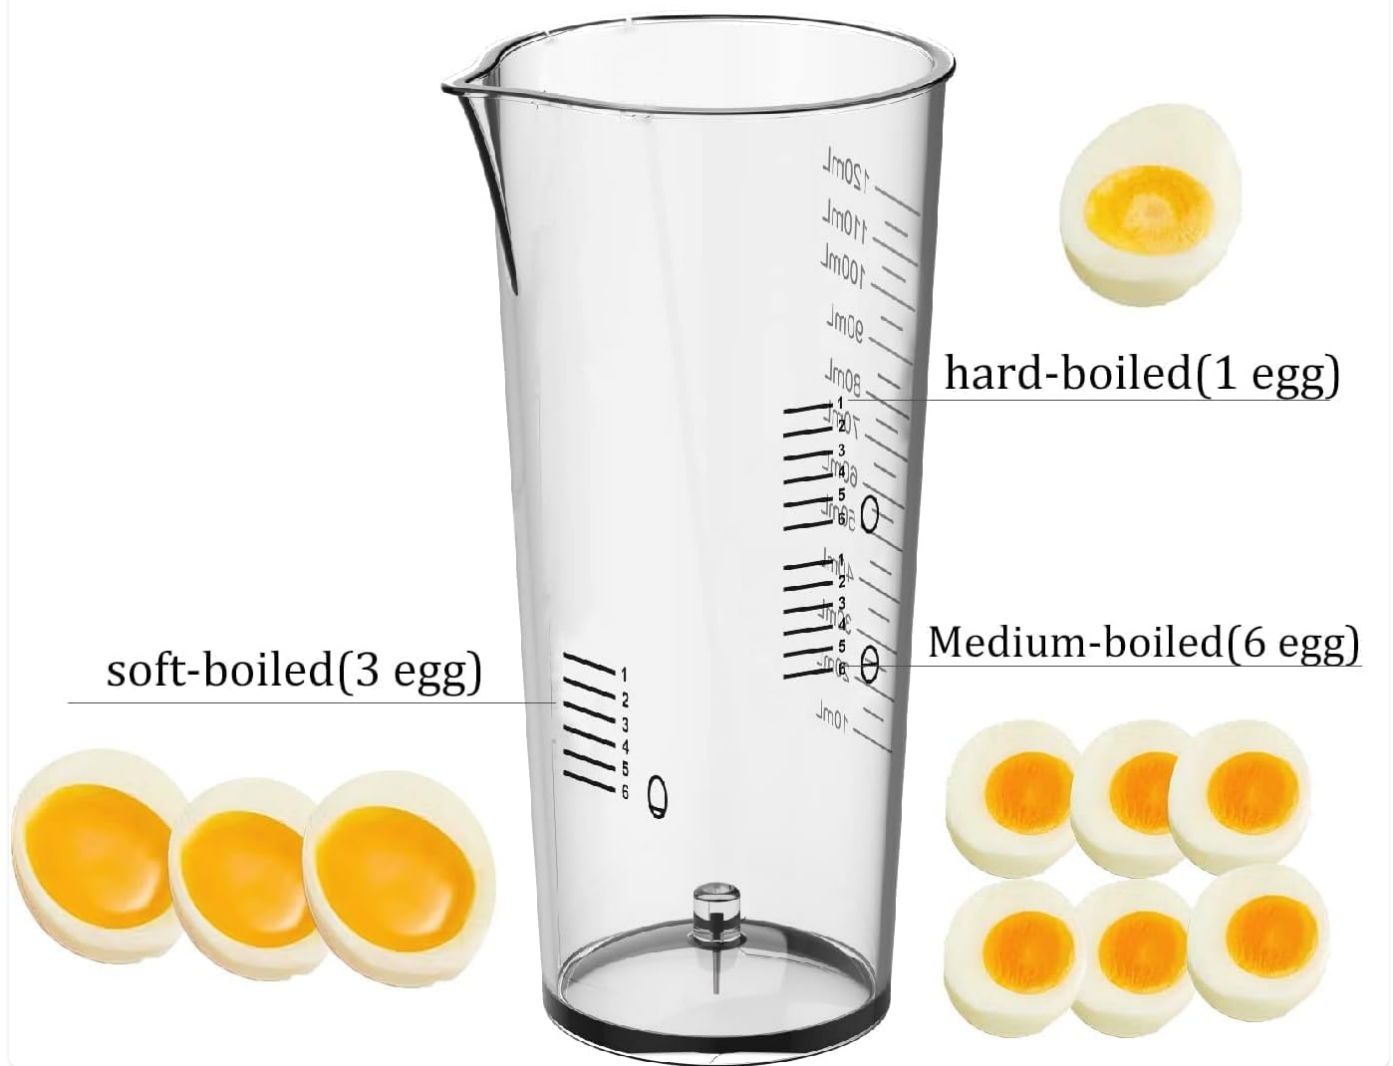

The evoloop Plastic Measuring Cup is an essential accessory designed to enhance your evoloop 6-egg capacity egg cooker experience. This versatile measuring cup ensures precise water measurement for perfectly cooked eggs every time, from soft to hard-boiled. Its clear markings also make it suitable for various other kitchen tasks requiring accurate liquid measurements.

PRODUCT OVERVIEW

The evoloop Plastic Measuring Cup is crafted from durable, BPA-free plastic, making it shatterproof, odor-resistant, and dishwasher-safe. It features:

- **Precise Water Lines:** Clearly marked lines for soft, medium, and hard-boiled eggs (1-6 eggs).
- **Multi-Purpose Measuring:** Additional milliliter (ml) markings for general liquid measurement.
- **Integrated Egg Piercer:** A built-in pin at the cup's bottom to effortlessly pierce eggshells.
- **Ergonomic Design:** A tapered spout for drip-free pouring.

HOW TO READ THE MEASURING CUP?

Text Description: A clear plastic measuring cup with green accents, featuring measurement lines and an integrated egg piercer. The cup is designed for use with an egg cooker.

SETUP

1. **Identify Desired Egg Doneness:** Refer to the markings on the measuring cup for your desired egg consistency (soft, medium, hard) and the number of eggs (1-6).
2. **Fill with Water:** Fill the measuring cup with water up to the corresponding line.
3. **Pour Water into Egg Cooker:** Carefully pour the measured water into the heating plate of your evolooop egg cooker.
4. **Prepare Eggs (Optional but Recommended):** Use the integrated egg piercer (located at the bottom of the measuring cup) to gently puncture the larger end of each egg. This helps prevent cracking during cooking.

OPERATING INSTRUCTIONS

Using the Measuring Cup for Boiled Eggs (Soft, Medium, Hard)

1. Place the egg holder tray onto the heating plate of your egg cooker.
2. Carefully place the pierced eggs onto the egg holder tray, with the pierced end facing upwards.
3. Place the lid securely on the egg cooker.
4. Activate your egg cooker according to its specific instructions. The cooker will automatically shut off or signal when cooking is complete.
5. For best results and easier peeling, immediately transfer cooked eggs to an ice bath after the cooking cycle.

Using the Integrated Egg Piercer

The measuring cup features a small pin at its base. To use, gently press the larger end of a raw egg onto the pin to create a small puncture. This allows steam to escape during cooking, preventing the egg from cracking.

Multi-Purpose Measuring

In addition to egg cooker measurements, the clear milliliter (ml) markings on the cup allow for accurate measurement of liquids for other cooking, baking, or beverage preparation needs.

MAINTENANCE AND CLEANING

The evolooop Plastic Measuring Cup is designed for easy care:

- **Dishwasher Safe:** Place the measuring cup on the top rack of your dishwasher for convenient cleaning.
- **Hand Washing:** Alternatively, wash with warm, soapy water and rinse thoroughly.
- **Egg Piercer Care:** Ensure the integrated egg piercer is clean and free of any eggshell residue after each use.

TROUBLESHOOTING

- **Inaccurate Egg Doneness:** Ensure you are using the correct water level indicated on the measuring cup for your desired egg consistency and number of eggs. Water quality (hard vs. soft) can sometimes affect results; distilled water may provide more consistent outcomes.
- **Eggs Cracking During Cooking:** Always use the integrated egg piercer to create a small hole in the larger end of the egg before cooking. This releases pressure and helps prevent cracking. Ensure eggs are at room temperature before cooking for best results.

SPECIFICATIONS

- **Brand:** evolooop
- **Model:** 8 Oz Measuring Cup
- **Material:** BPA-Free Plastic
- **Capacity:** 8 ounces (approx. 236 ml)
- **Color:** Clear
- **Features:** Precise water lines for 1-6 soft, medium, hard-boiled eggs; milliliter (ml) markings; integrated egg piercer; ergonomic tapered spout.
- **Care:** Dishwasher-safe
