STANLEY 10-01254-108

Stanley Heritage Classic Vacuum Bottle User Manual

Model: 10-01254-108

INTRODUCTION

The Stanley Heritage Classic Vacuum Bottle is engineered for superior insulation, keeping your beverages hot or cold for extended periods. Crafted with durable, BPA-free materials, it ensures the safety and quality of your drinks. This versatile bottle is designed for reliability and convenience in various settings, from outdoor adventures to daily commutes.

Key Features:

- Superior insulation for up to 24 hours hot or cold.
- Rust-proof 18/8 stainless steel construction for enhanced durability.
- Leak-resistant lid for secure transport.
- Multi-purpose lid that doubles as an 8-ounce cup.
- Wide mouth for easy filling, pouring, and cleaning.
- Collapsible handle for convenient portability.
- BPA-free materials for safe consumption.

SETUP

Before first use, and after each subsequent use, thoroughly clean all parts of your Stanley Classic Vacuum Bottle. This ensures optimal performance and hygiene.

Initial Cleaning:

1. Unscrew and remove the cup lid and the internal stopper.
2. Wash the bottle interior with warm water and mild dish soap. Use a bottle brush for thorough cleaning.
3. Clean the cup lid and stopper with warm water and mild dish soap.
4. Rinse all components thoroughly with clean water.
5. Allow all parts to air dry completely before reassembling or storing.

OPERATING INSTRUCTIONS

Filling the Bottle:

For best results, pre-heat or pre-chill your bottle before filling. Fill with hot water for hot beverages or cold water for cold beverages, let stand for 5 minutes, then empty.

1. Unscrew the cup lid and the internal stopper.
2. Carefully pour your desired beverage into the wide mouth opening. Do not overfill; leave some space at the top for the stopper.
3. Securely screw the internal stopper back into place, ensuring a tight seal to prevent leaks and maintain temperature.
4. Place the cup lid over the stopper and screw it on firmly.

Image: A person carefully pouring a beverage into the wide mouth of the Stanley Classic Vacuum Bottle, demonstrating the ease of filling.

Using the Cup Lid:

The outer lid of your Stanley bottle conveniently functions as an 8-ounce drinking cup.

1. Unscrew the cup lid from the bottle.

2. Carefully pour your beverage from the bottle into the cup lid.
3. Enjoy your drink.
4. After use, clean the cup lid as per maintenance instructions and reattach it to the bottle.

Temperature Retention:

The Stanley Classic Vacuum Bottle is designed to maintain beverage temperature for extended periods.

- Keeps hot beverages hot for up to 24 hours.
- Keeps cold beverages cold for up to 24 hours.
- Keeps iced beverages iced for up to 5 days.

MAINTENANCE

Proper care and maintenance will extend the life and performance of your Stanley Classic Vacuum Bottle.

Cleaning:

- **Hand Wash Only:** For best results and to preserve the finish, hand wash your bottle with warm, soapy water.
- Use a soft cloth or sponge for the exterior. For the interior, a bottle brush is recommended to reach all surfaces.
- Rinse thoroughly after washing to remove all soap residue.
- Allow all components to air dry completely before reassembly or storage to prevent odors and mildew.

Storage:

Store the bottle with the stopper and lid removed to allow air circulation, preventing moisture buildup and odors.

TROUBLESHOOTING

If you encounter any issues with your Stanley Classic Vacuum Bottle, consider the following common solutions:

- **Leakage:**
 - Ensure the internal stopper is screwed on tightly and correctly aligned.
 - Check the silicone gasket on the stopper for any damage or misalignment. A damaged gasket may need replacement.
 - Verify that the cup lid is also securely fastened.
- **Poor Temperature Retention:**
 - Confirm that both the internal stopper and cup lid are tightly sealed.
 - Ensure the bottle was pre-heated or pre-chilled before filling for optimal performance.
 - Avoid frequently opening the bottle, as this allows temperature to escape.
- **Unpleasant Odor/Taste:**
 - Thoroughly clean the bottle and all components with warm, soapy water and a mixture of baking soda and water. Rinse well.
 - Ensure the bottle is completely dry before storage.

If problems persist, please refer to the Warranty & Support section for further assistance.

SPECIFICATIONS

Attribute	Detail
Brand	STANLEY
Model Name	CLASSIC LEGENDARY BOTTLE 1.5 QT (Note: Product is 1.1 Qt)
Capacity	1.1 Quarts (35.2 Ounces)
Color	Hammertone Green
