Serta baselogic Level 4 Queen Adjustable Base Bed Frame User Manual

Model: 500835219-7550

INTRODUCTION

This manual provides comprehensive instructions for the Serta baselogic Level 4 Queen Adjustable Base Bed Frame. It covers essential information regarding setup, operation, maintenance, and product specifications to ensure safe and effective use of your adjustable bed frame.

The Serta baselogic Level 4 Adjustable Base offers premium features and advanced customization, including head and foot adjustability, a wireless remote, zero-gravity and memory presets, dual massage settings, and USB A&C charging ports.

SETUP AND ASSEMBLY

Assembly of the Serta baselogic Level 4 Adjustable Base is required. Due to the product's weight (approximately 156.5 pounds), it is recommended that two or more people assist with the setup process to prevent injury and ensure proper handling.

Package Contents

- Adjustable Base Frame
- Adjustable Legs (4-in-1 stackable design)
- Wireless LCD Remote Control
- Power Cord and Adapter
- Mattress Retainer Bar
- AAA Batteries for Remote (if included, otherwise purchase separately)

Assembly Steps

1. **Unpack Components:** Carefully remove all components from the packaging. Place the folded base frame on a clean, flat surface.

2. **Attach Legs:** The adjustable legs feature a 4-in-1 stackable design, allowing for heights of 3", 6", 9", or 12". Screw the desired leg height onto the base. Ensure all legs are securely tightened. For zero-clearance applications, the legs can be removed entirely.

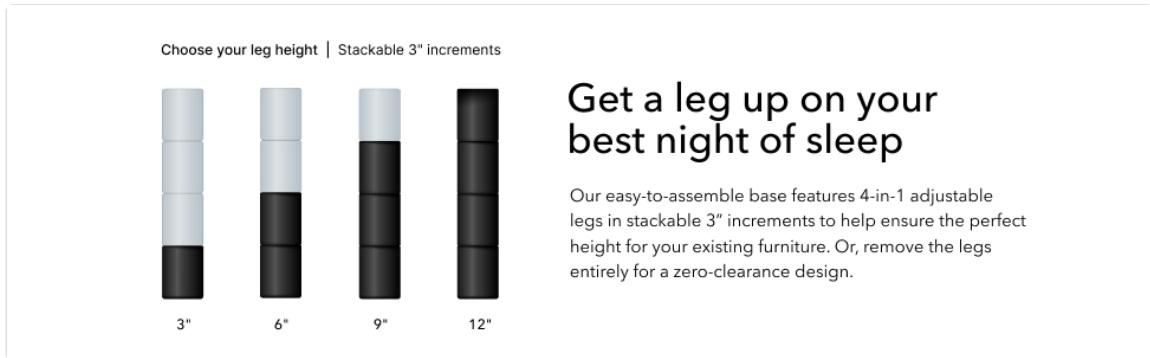

Figure 2: Adjustable leg height options.

3. **Zero-Clearance Design:** If integrating with a platform bed frame, remove all four legs to achieve a zero-clearance profile.

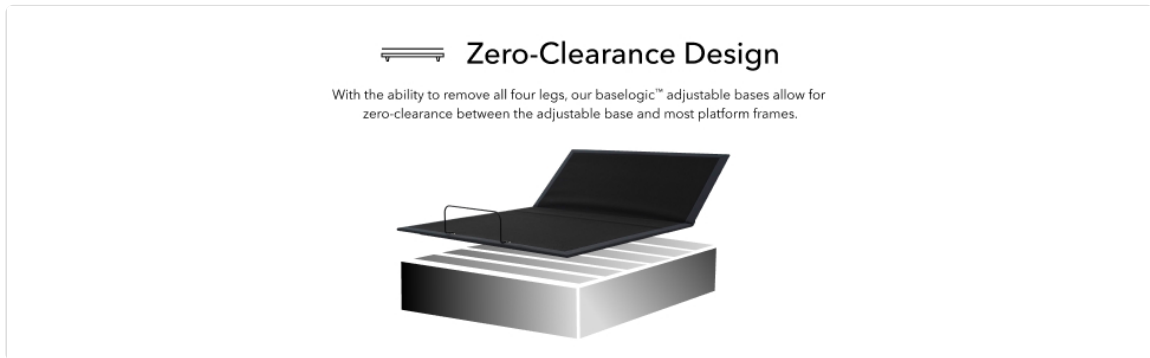

Figure 3: Zero-clearance design for platform beds.

4. **Position the Frame:** With assistance, carefully unfold the base and position it in your desired location.
5. **Install Mattress Retainer Bar:** Attach the mattress retainer bar at the foot of the bed to prevent the mattress from sliding.
6. **Connect Power:** Plug the power cord into the control box on the base, then plug the adapter into a wall outlet.
7. **Remote Setup:** Insert the required AAA batteries into the wireless LCD remote control.

OPERATING INSTRUCTIONS

The Serta baselogic Level 4 Adjustable Base is operated using the included wireless LCD remote control. Familiarize yourself with the remote's functions for optimal use.

Wireless LCD Remote Control

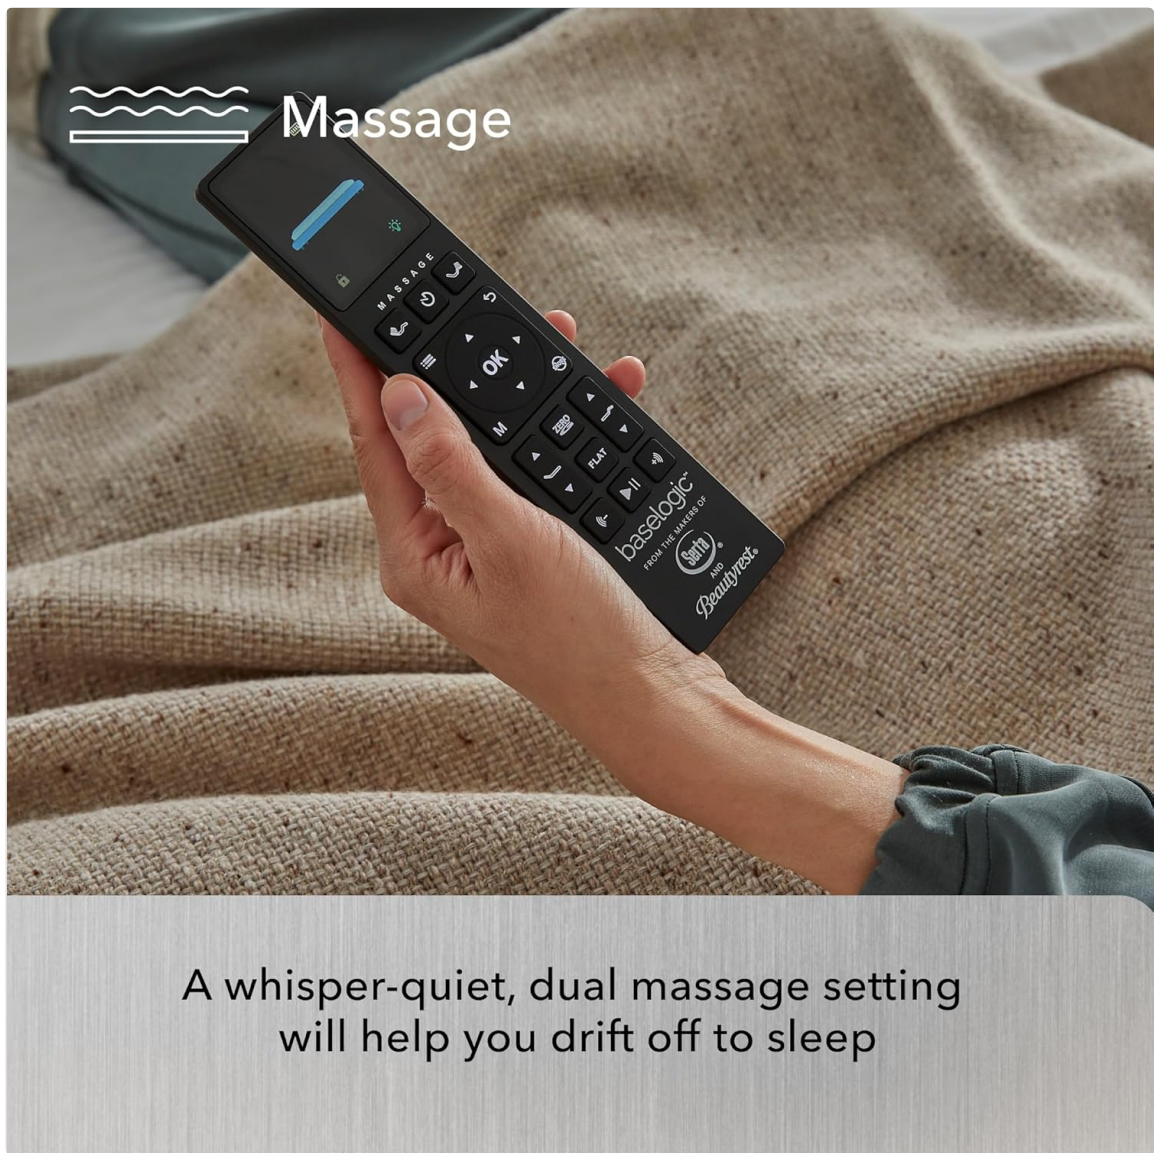

Figure 4: Enjoying customized comfort with the adjustable base.

- **Head & Foot Adjustability:** Use the designated buttons to raise or lower the head and foot sections of the bed. The automatic pillow tilt feature provides additional neck and head support when sitting upright.
- **Zero-Gravity Preset:** Press the zero-gravity button to automatically adjust the bed to a position that elevates your legs above your heart, relieving pressure points and promoting relaxation.

Figure 5: Zero-gravity preset for pressure relief.

- **Dual Massage Setting:** Activate the dual massage feature for a soothing experience. Adjust intensity or pattern as desired.

A whisper-quiet, dual massage setting
will help you drift off to sleep

Figure 6: Remote control with massage settings.

- **Memory Presets:** Save your favorite positions for quick recall. Consult the remote's specific instructions for programming custom memory settings.
- **One-Touch Flat:** Return the bed to a completely flat position with a single button press.
- **Anti-Snore Preset:** Utilize this preset to gently elevate the head, which may help reduce snoring.

Additional Features

- **USB A & C Charging Ports:** Conveniently located USB A and C ports allow you to charge your devices while relaxing in bed.

MAINTENANCE AND CARE

Proper care and maintenance will extend the life of your Serta basellogic adjustable base.

Fabric Care

- To prolong the life of your fabric, protect it from direct sunlight whenever possible.
- Keep the base at a minimum of 12 inches (30 cm) away from direct heat sources.
- For deeper cleaning, blot liquid spills with a clean, dry cloth. Wipe with a clean cloth dampened with warm water. Do not wet excessively or use abrasive or harsh chemicals.
- A soft bristle brush may be used to remove ingrained soil. Avoid scratching by gentle brushing.
- Wipe with a clean cloth dampened with warm water to remove residues. Dry out of direct sunlight and away from direct heat sources.
- If persistent marks remain visible after cleaning, seek professional advice.
- For spot cleaning, wipe the area with a lightly damp sponge or vacuum with a soft brush attachment to remove particles.

General Maintenance

- Regularly check all connections and fasteners to ensure they are secure.

- Keep the area around the motor and moving parts clear of obstructions.

TROUBLESHOOTING

If you encounter issues with your Serta baselogic adjustable base, refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cord is securely plugged into both the wall outlet and the control box on the base. Check if the outlet is functional by plugging in another device.
- **Remote Not Responding:** Verify that the batteries in the wireless remote are correctly installed and not depleted. Replace batteries if necessary. Ensure there are no obstructions between the remote and the base.
- **Base Not Adjusting:** Check for any objects obstructing the movement of the bed frame. Ensure the power is connected and the remote is functioning.
- **Unusual Noises:** While the motors are designed to be quiet, slight operational sounds are normal. If you hear loud or unusual noises, inspect for loose components or obstructions.

For persistent issues not resolved by these steps, please contact customer support.
