Serta baselogic Level 1 Adjustable Base Bed Frame - Twin XL

User Manual

Product Overview

The Serta baselogic Level 1 Adjustable Base Bed Frame in Twin XL size is designed to provide essential support and comfort. It features head adjustability, a wired remote for easy control, and a foldable design for convenient mobility and storage. Its zero-clearance profile allows compatibility with most bed frames and platforms.

Setup and Assembly

Assembly is required for this product. Please follow the instructions carefully. It is highly recommended that two people are involved in the assembly process due to the weight and size of the bed frame (approximately 79.4 pounds for the Twin XL model).

1. **Unboxing:** Carefully unbox the bed frame.
2. **Leg Installation:** Twist on the six provided legs. The 9-inch removable legs offer flexibility for use with or without a platform bed frame.
3. **Electronics Connection:** Plug in the necessary electronic components.
4. **Remote Batteries:** Insert three AAA batteries into the wired remote control.
5. **Positioning:** With assistance, carefully turn the frame right-side-up and position it in your desired location. Consider

placing furniture glider pads under each leg for easier movement.

The foldable design of the base allows for easier transport and compact storage when not in use or during relocation.

Operating Instructions

The Serta baselogic Level 1 Adjustable Base offers simple controls for personalized comfort.

- **Head Adjustability:** Use the wired remote to easily raise or lower the upper body section of the bed frame. This allows you to find your ideal position for sleeping, reading, or lounging.
- **Wired Remote Control:** The included wired remote provides effortless adjustment with the touch of a button. It typically includes buttons for raising and lowering the head section.
- **Flat Position:** A dedicated 'Flat' button on the remote allows for a quick return to a completely level position.
- **Zero-G Setting:** Some models may include a 'Zero-G' (Zero Gravity) setting, which elevates the legs slightly above the heart, promoting circulation and reducing pressure.

Maintenance and Care

Proper care will prolong the life and appearance of your Serta baselogic adjustable base.

- **Fabric Care:** To protect the fabric, avoid direct sunlight whenever possible. Keep the base at a minimum of 12 inches (30 cm) away from direct heat sources.
- **Deep Cleaning:** For liquid spills, blot immediately with a clean, dry cloth. Wipe with a clean cloth dampened with warm water. Do not wet excessively or use abrasive or harsh chemicals. A soft bristle brush may be used to remove ingrained soil; brush gently to avoid scratching. Wipe with a clean, damp cloth to remove residues. Dry out of direct sunlight and away from direct heat sources. If persistent marks remain, seek professional advice.
- **Spot Cleaning:** For spot cleaning, wipe the area with a lightly damp sponge or vacuum with a soft brush attachment to remove particles.

Troubleshooting

If you encounter any issues with your Serta baselogic adjustable base, consider the following:

- **Remote Entanglement:** Be cautious to avoid entanglement with the wired remote control during use or movement of the bed.
- **Environmental Factors:** Ensure the bed frame is not exposed to direct sunlight or placed too close to heat sources, as this can affect the fabric and components.
- **Stability:** Verify that the bed frame was assembled carefully and all legs are securely attached to prevent instability.
- **Handling:** Handle the product with care, especially when moving, due to its weight and size.

For issues not resolved by these tips, please refer to the warranty and support information.

Specifications

Brand	Serta
Model Number	500834619-7520
Size	Twin XL
Product Dimensions	80"L x 38"W x 9"H
