KEY FEATURES

- **Universal AUX Compatibility:** Easily adds wireless music streaming and hands-free calls to any car radio with a 3.5mm auxiliary port.
- **Clear Hands-Free Calls:** Features advanced DPS Echo cancellation and noise-filtering technology for crystal-clear audio during calls and navigation commands.
- **Voice Assistant Ready:** Supports Siri and Google Assistant for hands-free messaging, playlist selection, and calls via simple voice commands.
- **Long Battery Life:** Provides up to 6 hours of talk/music time and 180 hours of standby time on a single charge. Conveniently recharges via the USB-C port.
- **Effortless Installation:** Plugs directly into your car's AUX port for immediate wireless audio and

hands-free convenience.

- **Low Latency Encoding:** Ensures smooth and stable Bluetooth audio streaming.

SETUP GUIDE

1. **Charge the Device:** Before first use, fully charge your BTAXS3 using the provided USB-C to USB-C charging cable. Connect the cable to the device's USB-C port and a compatible USB power source. The LED indicator will show charging status.
2. **Plug into AUX Port:** Locate your vehicle's 3.5mm AUX input port. Plug the BTAXS3 directly into this port.
3. **Power On:** Press and hold the multi-function button on the BTAXS3 until the LED indicator lights up, indicating the device is powered on and in pairing mode.

4. **Pair with Your Device:** On your smartphone or other Bluetooth-enabled audio device, go to Bluetooth settings and select "Scosche BTAXS3" from the list of available devices to pair. Once paired, the LED indicator will change to a solid blue.
5. **Select AUX Input on Car Stereo:** Set your car stereo's input source to AUX.

BUILT-IN MICROPHONE FOR HANDS-FREE CALLS & COMMANDS

OPERATING INSTRUCTIONS

Music Playback

- Once paired, audio from your connected device will stream wirelessly to your car stereo via the

AUX input.

- Use your smartphone or car stereo controls to manage music playback (play, pause, skip tracks, adjust volume).

Hands-Free Calling

- **Answering/Ending Calls:** Press the multi-function button once to answer an incoming call. Press it again to end a call.
- **Rejecting Calls:** Press and hold the multi-function button for 2 seconds to reject an incoming call.
- **Voice Assistant Activation:** Double-press the multi-function button to activate Siri or Google Assistant on your connected smartphone. You can then issue voice commands for navigation, messaging, or making calls.

PLAY MUSIC OR MAKE CALLS THROUGH YOUR CAR STEREO

Siri® and
Google
Voice™

Echo Cancellation & Noise Reduction for High Quality Sound

Image: The built-in microphone facilitates clear hands-free calls and voice commands.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the device. Do not use liquid cleaners or aerosols.
- **Storage:** When not in use for extended periods, store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the device frequently. Recharge it regularly, even if not in constant use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No audio output.	Device not paired, car stereo not on AUX, low battery, volume too low.	Ensure device is paired and powered on. Set car stereo to AUX input. Charge the BTAXS3. Increase volume on both the device and car stereo.
Cannot pair with smartphone.	Device not in pairing mode, Bluetooth off on phone, too many paired devices.	Ensure BTAXS3 is in pairing mode (flashing LED). Turn Bluetooth off and on again on your phone. Forget previous pairings on your phone and try again.
Poor call quality / Noise.	Interference, microphone obstruction.	Ensure the microphone is not obstructed. Move away from strong electromagnetic interference sources.
Short battery life.	Device not fully charged, aging battery.	Ensure the device is fully charged before use. If battery life significantly degrades, contact support.
