2. SAFETY INFORMATION

- Keep the device away from water and moisture.
- Do not operate the device near flammable liquids or gases.
- Ensure the charging cable is undamaged before use.
- Keep out of reach of children.
- Do not attempt to disassemble or repair the device yourself. Contact qualified personnel for service.
- Avoid directing airflow directly at eyes or sensitive body parts.

3. PACKAGE CONTENTS

Verify that all items listed below are included in your package:

- 1 x Dpofirs Super Air Duster Blower
- 1 x USB Cable
- 1 x Air Extraction Accessory
- 1 x Magnetic Nozzle
- 1 x Additional Accessory

4. PRODUCT FEATURES

- **High-Performance Components:** Equipped with imported high-speed bearings, CNC metal components, a brushless motor, and a hand-wound motor for optimal performance.
- **Powerful Airflow:** Capable of generating wind speeds exceeding 50 meters per second. Features three active gills for efficient heat dissipation and sustained operation.
- **Portable Design:** Compact and lightweight, making it easy to carry for outdoor or on-the-go use.
- **Extended Battery Life:** Powered by two 3000mAh batteries connected in series, providing lasting use without the need for an external power supply.
- **Durable Construction:** The housing is manufactured using nylon sintering technology, offering a stylish and robust build.
- **Fast Charging:** Features a Type-C charging interface that supports 13W fast charging for quick and

efficient power replenishment.

- **Simple Operation:** Designed for user-friendly functionality with a single switch to control airflow.
- **High-Speed Motor:** Internal brushless motor achieves speeds up to 120,000 RPM.

5. SETUP

5.1 Charging the Device

1. Locate the USB Type-C charging port on the device.
2. Connect the provided USB cable to the device's charging port.
3. Connect the other end of the USB cable to a compatible 13W (or higher) USB power adapter (not included) or a computer USB port.
4. The charging indicator (if present) will illuminate or change color to indicate charging status. Allow the device to fully charge before first use.

5.2 Attaching the Nozzle

1. Select the desired magnetic nozzle from the accessories.
2. Align the nozzle with the air outlet of the duster.
3. The nozzle will magnetically attach to the outlet. Ensure it is securely fastened before operation.

6. OPERATING INSTRUCTIONS

6.1 Powering On/Off

- To activate the airflow, press and hold the power switch located on the side of the device.
- To stop the airflow, release the power switch. The device will cease operation.

6.2 Usage Tips

- For cleaning electronics, ensure the device is powered off before using the air duster.
- Hold the duster at an appropriate distance from the surface to be cleaned to avoid damage.
- Use short bursts of air for delicate items.
- The device is suitable for cleaning computer keyboards, car interiors, outdoor equipment, and general household dusting.

7. MAINTENANCE

7.1 Cleaning the Device

- Ensure the device is powered off and disconnected from any charging source before cleaning.
- Wipe the exterior of the duster with a soft, dry cloth.
- Do not use harsh chemicals, abrasive cleaners, or immerse the device in water.
- Periodically check the air intake and exhaust vents for any obstructions and gently remove them if present.

7.2 Battery Care

- To prolong battery life, avoid fully discharging the device frequently.
- Store the device in a cool, dry place when not in use for extended periods.
- Recharge the device at least once every three months if stored for a long time to prevent deep discharge.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on.	Battery is depleted.	Charge the device using the provided USB cable.
Weak airflow.	Low battery level or obstructed vents.	Recharge the device. Check and clear any obstructions from the air intake/exhaust vents.
Nozzle does not stay attached.	Improper alignment or magnetic surface is dirty.	Ensure correct alignment. Clean the magnetic surfaces on both the nozzle and the device.
Device overheats.	Prolonged continuous use or blocked vents.	Allow the device to cool down. Ensure air vents are clear. Avoid continuous operation for extended periods.

9. SPECIFICATIONS

Feature	Detail
Brand	Dpofirs
Model Name	Dpofirszibtn5s6q9
Item Type	Air Duster Blower
Material	ABS
Battery Capacity	2 x 3000mAh (Total 6000mAh)
Maximum Wind Speed	50+ M/S
Motor Speed	Up to 120,000 RPM
Charging Interface	Type-C (Supports 13W fast charging)

10. WARRANTY AND SUPPORT

This instruction manual does not contain specific warranty details or direct customer support contact information. For warranty claims, technical support, or service inquiries, please refer to the original product packaging, the seller's website, or contact Dpofirs customer service through their official channels.
