3. SETUP AND ASSEMBLY

Assembly requires basic tools and can be completed by following the step-by-step instructions provided in the included manual. It is recommended to assemble the nightstand on a soft, clean surface to prevent scratches.

Tools Recommended:

- Allen Key (often included)
- Screwdriver (Phillips head recommended)

Assembly Steps (General Overview):

1. Unpack all components and verify against the parts list.
2. Attach the drawer slides to the side panels and drawer boxes.
3. Assemble the main frame of the nightstand using the provided screws and dowels.
4. Install the back panel into the designated grooves.
5. Assemble the drawers and attach the metal ring handles.
6. Insert the assembled drawers into the nightstand frame.
7. Install the magnetic lock mechanism for the hidden drawer.
8. Connect the LED light strip and the 3-in-1 charging station according to the wiring diagram.

4.2. Auto Sensor 3-Color Lights

The nightstand features motion-activated LED lights with three color options (white, natural, warm) and adjustable brightness. The lights automatically turn on when motion is detected within 1-2 meters and turn off after a period of inactivity. Use the control panel to cycle through colors with a short press and adjust brightness with a long press.

Human Sensor Lights

When the human body sensor is turned on, the light will automatically light up when the person is about 1-2 meters

5. MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Dusting:** Regularly dust with a dry, soft cloth.
- **Spills:** Blot spills immediately with a clean, dry cloth.
- **Hardware:** Periodically check and tighten all screws and fasteners to ensure stability.
- **Electrical Components:** Ensure the charging station and LED lights are kept dry. Disconnect from power before cleaning.

6. TROUBLESHOOTING

- **Lights not working:** Check power connection. Ensure motion sensor is not obstructed. Verify light strip is properly connected.
- **Charging station not working:** Ensure the nightstand is plugged into a functional power outlet. Check device compatibility for wireless charging. Try different USB/Type-C cables.
- **Drawer sticking:** Ensure drawer slides are clean and free of debris. Check if any items are obstructing the drawer's movement.
- **Magnetic lock not engaging/disengaging:** Ensure the magnetic key is placed precisely over the marked spot. Check for any obstructions in the locking mechanism.
