leejdn Farmhouse Makeup Vanity Desk

MODEL: 808 USER MANUAL

1. Introduction

Thank you for purchasing the leejdn Farmhouse Makeup Vanity Desk. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure you get the most out of your new vanity desk. Please read this manual thoroughly before beginning assembly or use.

2. Safety Information

- Always assemble the product on a clean, soft surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts and packaging materials away from children and pets to prevent choking hazards.
- Do not overload drawers or shelves. Refer to specifications for weight limits.
- For electrical components (power strip, LED mirror), ensure proper connection to a grounded outlet. Do not use if cords are damaged.
- Avoid exposing the vanity to excessive moisture or direct sunlight, which can damage the finish.

3. Package Contents

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Figure 3.1: Key components of the vanity desk, including storage shelves, spacious desktop, two storage drawers, extra side cabinet, and storage cabinet with adjustable shelf.

Components List:

- Vanity Desk Panels (various sizes for desktop, drawers, shelves, cabinets)
- LED Light Mirror Assembly
- Built-in Power Strip with Power Cord
- Drawer Slides (Metal)
- Handles (Metal)
- Assembly Hardware (screws, dowels, cam locks, etc.)
- Instruction Manual

4. Assembly Instructions

Assembly of this vanity desk requires self-assembly. Follow the step-by-step instructions provided in the included assembly guide. It is recommended to have two people for certain steps to ensure stability and ease of assembly.

Tools Required (Not Included):

- Phillips Head Screwdriver
- Hammer (for dowels, if applicable)

General Assembly Steps:

1. **Unpack and Organize:** Carefully unpack all components and hardware. Lay them out on a soft, clean surface, grouping similar parts together.
2. **Assemble Base Structure:** Begin by assembling the main frame of the vanity desk according to the numbered diagrams in your assembly guide.
3. **Install Drawers:** Attach the metal slides to the drawer boxes and the desk frame. Carefully insert the assembled drawers into their respective slots. Ensure smooth operation.
4. **Attach Cabinets and Shelves:** Secure the side cabinet and internal shelves. Note that the storage cabinet includes an adjustable shelf for flexible storage.
5. **Mount Mirror and Top Section:** Carefully attach the mirror and its surrounding top section to the main desk frame.
6. **Install Power Strip:** Integrate the built-in power strip into its designated slot. Ensure the power cord is accessible for connection to a wall outlet.
7. **Final Checks:** Once assembled, ensure all connections are secure and the desk is stable.

5. Operating Instructions

5.1 LED Light Mirror Operation

The vanity desk features a dimmable mirror with 3 different LED lighting colors.

Short press “” to adjust the light color

cool light

warm light

Warm yellow light

Figure 5.1: The LED mirror offers cool, warm, and warm yellow light settings.

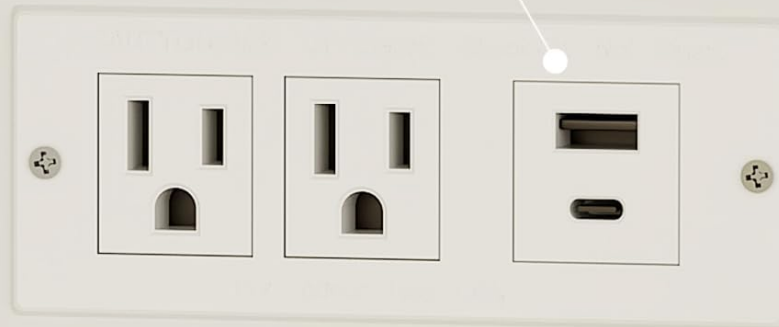

- **Power On/Off:** Locate the sensitive touch switch on the mirror surface. A short press will turn the light on or off.
- **Change Light Color:** With the light on, short press the touch switch repeatedly to cycle through the three light colors: natural (cool), warm, and warm yellow.
- **Adjust Brightness:** To dim or brighten the light, press and hold the touch switch until the desired brightness level is achieved.

5.2 Built-in Power Strip

The vanity desk is equipped with a convenient power strip for your electronic devices.

Fast charging station

PD20W fast charge designed for USB-C chargers can fully charge in just 30 minutes.

5V/20W
1 Type-c output

5V/2A
1 USB output

125V/12A
2 AC outlets

Figure 5.2: The power strip includes 2 standard AC outlets, 1 USB-A port, and 1 Type-C port.

- **AC Outlets:** Use the two standard plug sockets (125V/12A) for devices such as hairdryers, curling irons, or other small appliances.
- **USB Ports:** Use the USB-A port (5V/2A) and the Type-C port (5V/20W) to charge your phone, tablet, or other compatible electronics.
- Ensure the vanity desk's power cord is securely plugged into a wall outlet for the power strip to function.

6. Maintenance and Care

- **Cleaning:** For general cleaning, wipe the surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Glass Top and Mirror:** Use a glass cleaner specifically designed for mirrors and glass surfaces. Spray the cleaner onto a soft cloth, then wipe the glass. Do not spray directly onto the mirror to avoid liquid seeping into the electrical components.

- **Drawer Slides:** Periodically check the metal drawer slides for any debris. If drawers do not slide smoothly, a small amount of silicone-based lubricant can be applied to the slides.
- **Hardware:** Regularly check all screws and fasteners to ensure they remain tight. Re-tighten as needed to maintain stability.

7. Troubleshooting

Problem	Possible Cause	Solution
LED mirror lights do not turn on.	No power to the vanity; loose connection; faulty touch switch.	Ensure the vanity's power cord is securely plugged into a working wall outlet. Check all internal connections to the mirror. Try pressing and holding the touch switch for a few seconds.
Drawers are difficult to open or close.	Drawer slides are misaligned or obstructed; hardware is loose.	Check that the drawer slides are properly aligned and free of debris. Ensure all screws securing the slides are tight. Do not overload drawers.
Power strip is not working.	Vanity's power cord is unplugged; wall outlet is not working.	Verify the vanity's power cord is fully inserted into a functional wall outlet. Test the wall outlet with another device.
Desk feels wobbly or unstable.	Loose assembly hardware.	Carefully re-tighten all screws and fasteners throughout the desk structure. Ensure the desk is on a level surface.

8. Specifications

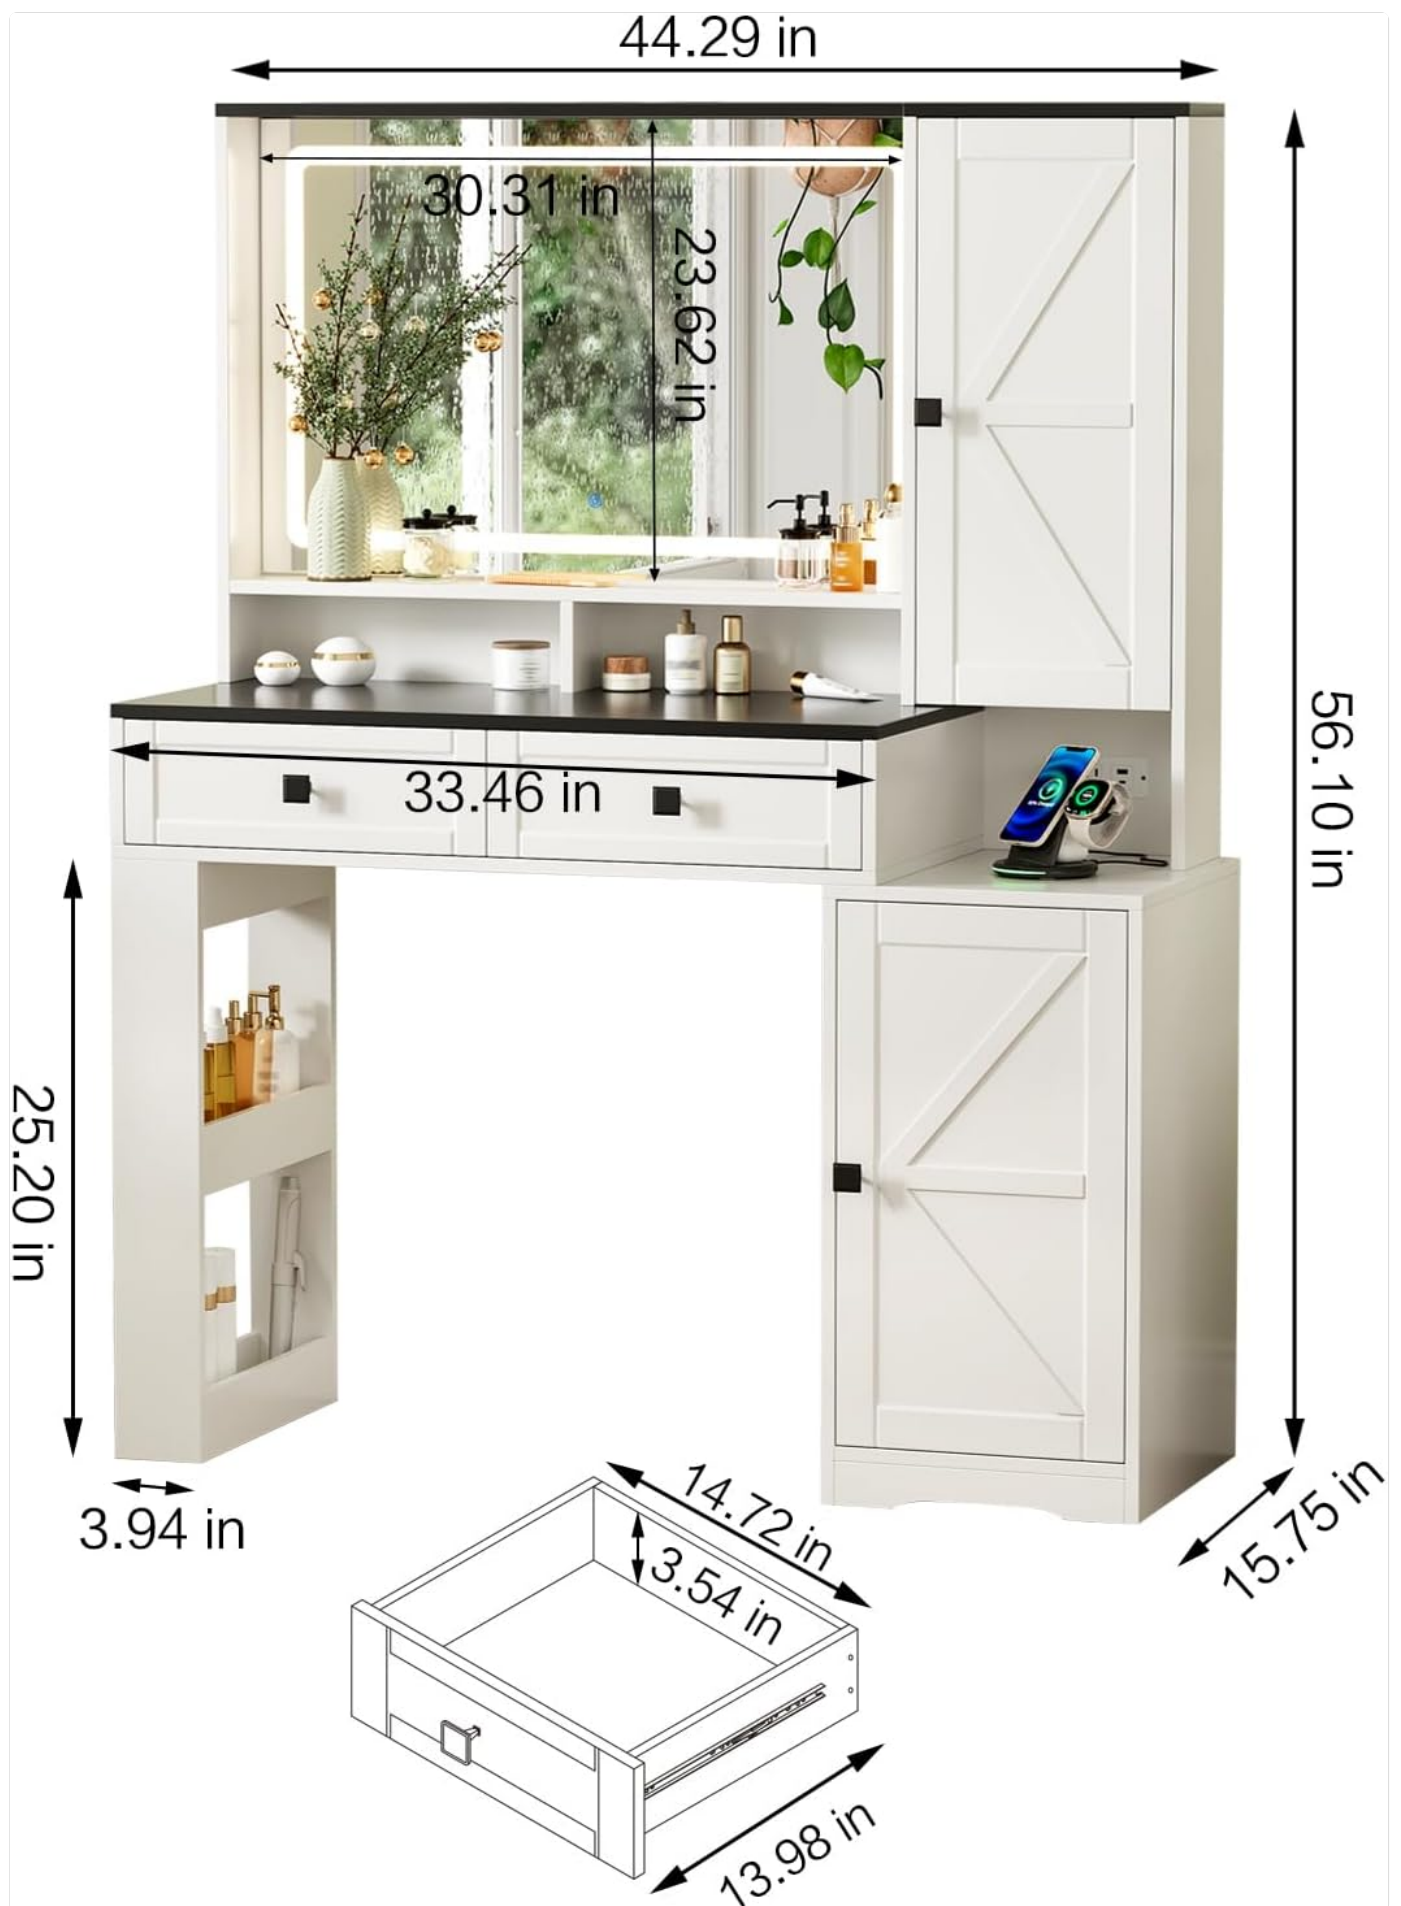

Figure 8.1: Detailed dimensions of the vanity desk.
