Empava 30 Inch Under Cabinet Range Hood Instruction Manual

Model: 30RH11-C

Brand: Empava

1. PRODUCT OVERVIEW

The Empava 30 Inch Under Cabinet Range Hood is designed to provide superior ventilation for your kitchen. It features a powerful airflow system with 3-speed push button controls, bright LED lighting, and professional-style stainless steel baffle filters. Its durable stainless steel finish offers a modern aesthetic, while flexible venting options ensure adaptable installation.

- **Powerful Airflow:** Provides superior ventilation to clear smoke, steam, and grease.
- **3-Speed Push Button Controls:** Easy operation for adjusting fan intensity.
- **Bright LED Lighting:** Enhances cooking visibility with energy-efficient lights.
- **Stainless Steel Baffle Filters:** Capture grease effectively and are dishwasher-safe for easy cleaning.
- **Flexible Venting:** Supports both top and rear venting installations.
- **Low Noise Operation:** Engineered to minimize noise for a comfortable kitchen atmosphere.

2. SETUP AND INSTALLATION

This range hood is designed for under-cabinet mounting and offers versatile venting options. An installation kit is included. It is recommended to have two people for installation due to the weight and size of the unit.

Unboxing the Range Hood

Your browser does not support the video tag.

Video Description: This video demonstrates the unboxing process of the Empava 30 Inch Ducted Under Cabinet Range Hood (Model 30RH11). It shows how the unit is securely packaged with styrofoam and plastic film, and highlights the included installation kit and user manual.

Venting System

The range hood supports both top and rear venting configurations. It includes both round (6-inch) and rectangular (3-1/4" x 10") venting adapters to accommodate various kitchen layouts.

Year-Round Saving

Dishwasher safe baffle filters are easily removable and have an unlimited number of washes. No need to replace these filters

Easy to Clean

Constructed from ultra-strong 18-gauge stainless steel, this hood resists dents and scratches for effortless maintenance.

Image Description: An illustration detailing the installation dimensions and versatile venting system of the Empava range hood. It shows options for top venting with a 6-inch round duct or a 3-1/4" x 10" rectangular duct, and rear venting with a 3-1/4" x 10" rectangular duct. Recommended and minimum heights from the cooking surface are also indicated.

Installation Steps (General)

1. Carefully remove the range hood from its packaging.
2. Identify the desired venting method (top or rear) and attach the appropriate adapter.
3. Mount the range hood securely under the cabinet using the provided installation kit. Ensure proper alignment and stability.
4. Connect the power supply.
5. Install the baffle filters.

Refer to the detailed installation user manual included in the box for specific instructions and safety guidelines.

3. OPERATING INSTRUCTIONS

The Empava range hood features intuitive push button controls for easy operation.

Image Description: A close-up view of the push button control panel on the Empava range hood, showing icons for Power,

Low fan speed, Mid fan speed, High fan speed, and Light control.

Controls

- **Power Button:** Press to turn the unit on or off.
- **Fan Speed Buttons (Low, Mid, High):** Select the desired fan speed for ventilation.
- **Light Button:** Activates or deactivates the LED lights for illumination of the cooking area.

Image Description: A visual representation of the three fan speed settings: 'Low' for simmering, 'Mid' for stir-frying, and 'High' for searing, demonstrating the versatility for different cooking needs.

LED Lighting

The integrated LED lights provide bright and efficient illumination, enhancing visibility while cooking.

Image Description: A detailed image highlighting the easy-to-replace, efficient LED lighting system of the Empava range hood, showing the circular light fixtures.

4. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Empava range hood.

Baffle Filters

The stainless steel baffle filters are designed to capture grease and cooking residues efficiently. They are dishwasher-safe and easy to remove for cleaning.

Image Description: A composite image demonstrating the ease of maintenance for the baffle filters. One panel shows a hand easily removing a filter from the range hood, and the other shows a filter placed inside a dishwasher, highlighting their dishwasher-safe design.

- To remove, push the latch and pull the filter downwards.
- Clean filters regularly in a dishwasher or by hand with warm, soapy water.
- Ensure filters are completely dry before re-installing.

Exterior Cleaning

Wipe the stainless steel exterior with a soft cloth and a non-abrasive cleaner to maintain its appearance.

5. TROUBLESHOOTING

If you encounter any issues with your range hood, please refer to the following common troubleshooting tips:

- **Fan not operating:** Check if the power cord is securely plugged in and if the circuit breaker is tripped. Ensure the power button is pressed.
- **Poor suction:** Verify that the filters are clean and not clogged. Check for any obstructions in the ductwork. Ensure the fan speed is set appropriately for the cooking task.
- **Lights not working:** Check if the light button is pressed. If the LED lights are replaceable, ensure they are correctly installed and not burnt out.
- **Excessive noise:** Ensure all mounting screws are tight. Check if the fan blades are free from obstructions.

For further assistance, please contact Empava customer support.

6. SPECIFICATIONS

Feature	Specification
Brand	Empava
