## 5. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward with labeled parts and clear instructions. It is recommended to have two people for assembly.

- Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches.
- Identify Parts:** Refer to the included parts list and diagrams to identify each component and hardware piece.
- Attach Legs:** Secure the metal legs to the designated points on the underside of the table base using the provided screws and tools. Ensure they are tightened firmly for stability.
- Assemble Main Body:** Follow the step-by-step diagrams in the separate assembly guide to connect the main body sections. Pay attention to the orientation of panels.
- Install Drawers:** Insert the three drawers into their respective slots. Ensure they slide smoothly.
- Verify Lift Mechanism:** Test the lift-top mechanism to ensure it operates smoothly and securely.
- Final Check:** Double-check all screws and connections to ensure they are tight and the table is stable.

## 6. OPERATING INSTRUCTIONS

### 6.1. Lift-Top Function

The table features a hydraulic lift mechanism for smooth and effortless height adjustment. To raise the tabletop, gently pull the front edge upwards. The hydraulic system will assist in lifting it to a comfortable working or dining height. To lower, gently push the tabletop down until it locks into its original position. Always ensure hands and objects are clear of the mechanism during operation.

## 7. MAINTENANCE

- **Cleaning:** Wipe the table surface with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining, especially on the wooden surfaces.
- **Heat and Moisture:** Avoid placing hot items directly on the surface. Use coasters for drinks to protect against moisture rings.
- **Sunlight:** Prolonged exposure to direct sunlight may cause fading or discoloration.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten as needed.

## 8. TROUBLESHOOTING

### 8.1. Table is Unstable/Wobbly

- Ensure all leg attachment screws are fully tightened.
- Verify the table is placed on a flat, level surface.

## 8.2. Lift-Top Mechanism is Stiff or Not Moving Smoothly

- Check for any obstructions in the mechanism's path.
- Ensure no excessive weight is placed on the lift-top when attempting to raise or lower it.
- If the issue persists, contact customer support. Do not attempt to force the mechanism.

## 8.3. Drawers Do Not Slide Smoothly

- Check if the drawers are properly aligned on their runners.
- Ensure no items inside the drawer are obstructing its movement.
