

## ZDEER PW13

# ZDEER Smart Electric Oral Spray (Model PW13) Instruction Manual

Your guide to fresh breath and optimal oral hygiene.

## 1. PRODUCT OVERVIEW

---

The ZDEER Smart Electric Oral Spray is a portable, rechargeable device designed to freshen breath and support oral health. It utilizes advanced mist technology to deliver a fine spray of probiotic-infused liquid, providing long-lasting freshness without harsh chemicals.

## Key Features:

- **Oral Health Promotion:** Freshens breath, nourishes gums, and moisturizes the mouth.
- **Natural Ingredients:** Formulated with probiotics, xylitol, and peppermint extract. Sugar-free, alcohol-free, and dye-free.
- **Micron-Level Mist Technology:** Delivers ultra-fine water ions for comprehensive mouth coverage in approximately 3 seconds.
- **Long Battery Life:** A 2.5-hour charge provides up to 30 days of use (approximately 200 sprays per cycle).
- **Smart LED:** Ambient LED light indicates real-time battery status.
- **Portable Design:** Compact, leak-proof, and non-aerosol for convenient travel.

## 2. SETUP

### 2.1 Initial Charging

Before first use, fully charge the device. The ZDEER Smart Electric Oral Spray uses a USB-C charging port.

1. Connect the provided USB-C cable to the charging port on the device.
2. Connect the other end of the cable to a compatible USB power source.
3. The smart ambient LED light will indicate charging status. A full charge takes approximately 2.5 hours.

# Freshness Wherever Life Takes You

Stay fresh and confident —  
from glamorous evenings to business travel.

## 2.2 Cartridge Installation

The device uses integrated 5 mL flavor pods. Ensure the device is fully charged before installing a new cartridge.

1. Gently remove the dust cover from the device.
2. Insert a new flavor cartridge into the designated slot until it clicks securely into place.

3. For optimal performance, gently shake the product before first use after installing a new cartridge, as shipping may affect its stability.

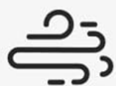

## 8 Reasons to Choose Zdeer Smart Oral Spray

Experience a refreshing burst of flavor with every spray

### Certified & Trusted

Alcohol-free — your confidence starts here

### Nano-Fine Mist Technology

High-frequency vibrations create ultra-fine mist for even coverage and deep freshness

### Hyaluronic Acid Hydration

Keeps your mouth hydrated while refreshing your breath

### Fruit & Tea Flavors

Watermelon, peach, grape, green tea, mint, lemon — refreshing and delicious

### Sugar & Alcohol Free

Enjoy freshness without affecting your health or lifestyle

### Long-Lasting Freshness

Keeps your breath fresh for up to 4 hours, anytime, anywhere

### Eco-Friendly Refills

Reusable spray with replaceable pods reduces waste by 86%

### Portable & Travel-Friendly

Compact design fits in your pocket — perfect for flights, office, or on-the-go

## 4. MAINTENANCE

## 4.1 Cleaning

To maintain hygiene and optimal performance, regularly clean the device.

- Wipe the exterior of the device with a soft, damp cloth.
- Ensure the mist nozzle area is free from any residue.
- Do not submerge the device in water or use harsh cleaning agents.

## 4.2 Cartridge Replacement

When a cartridge is empty, replace it with a new one. The device is designed for easy, mess-free cartridge swapping.

- Remove the empty cartridge by gently pulling it out.
- Insert a new integrated 5 mL flavor pod as described in Section 2.2.

## 4.3 Storage

Store the device in a cool, dry place away from direct sunlight and extreme temperatures. Keep the dust cover on when not in use.

# 5. TROUBLESHOOTING

If you encounter any issues with your ZDEER Smart Electric Oral Spray, refer to the following common solutions:

| Problem             | Possible Cause  | Solution  |
|---------------------|---|---|
| Device not spraying | Low battery; Empty cartridge; Dust cover not removed; Device not shaken before first use. | Charge the device; Replace cartridge; Remove dust cover; Gently shake the device. |
| Weak mist output    | Low battery; Clogged nozzle.  | Charge the device; Gently clean the nozzle area.                                  |
| LED not lighting up | Device off; Low battery.  | Ensure device is on; Charge the device.   |

If the issue persists, please contact customer support.
