

Nutale F20X

Nutale Bluetooth Tracker Smart Finder (Model F20X) Instruction Manual

Brand: Nutale | Model: F20X

1. INTRODUCTION

The Nutale Bluetooth Tracker Smart Finder is an Apple MFi Certified device designed to help you locate your valuables using the Apple Find My network. This compact and lightweight tracker allows you to easily track items such as keys, wallets, bags, and luggage directly from your iOS device.

The Find My network, composed of billions of iOS devices worldwide, provides a secure and anonymous way to locate your items without any subscription fees. The tracker is designed for convenience, featuring a small, coin-shaped form factor and a replaceable battery for long-term use.

2. SETUP INSTRUCTIONS

Follow these steps to pair your Nutale Bluetooth Tracker with your Apple iOS device:

1. **Compatibility Check:** Ensure your iOS device is running iOS 14.5 or later, and is an iPhone 7 or newer model.
2. **Open Find My App:** Launch the "Find My" application on your iPhone or iPad.
3. **Add New Item:** Navigate to the "Items" tab and tap the "+" icon, then select "Add New Item" or "Other Supported Item".
4. **Activate Tracker:** Press and hold the button on your Nutale tracker for approximately 5 seconds. You

will hear a beep and see the indicator light flash, signifying it is in pairing mode.

5. **Connect and Name:** Your iOS device will detect the Nutale tracker. Follow the on-screen prompts to connect the device. You will be asked to name your item (e.g., "My Keys," "Luggage") and assign an emoji.
6. **Link to Apple ID:** Agree to link the item to your Apple ID to complete the setup.

**Quality Service, Always
Certified by FCC/CE/GCC**

- ✓ **30 days no reason to return**
- ✓ **1 year free after-sales**
- ✓ **24 hours customer service response**

3. OPERATING INSTRUCTIONS

Once your Nutale tracker is paired, you can utilize various features through the Apple Find My app:

- **Find Nearby:** If your item is within Bluetooth range, open the Find My app, select your tracker, and tap

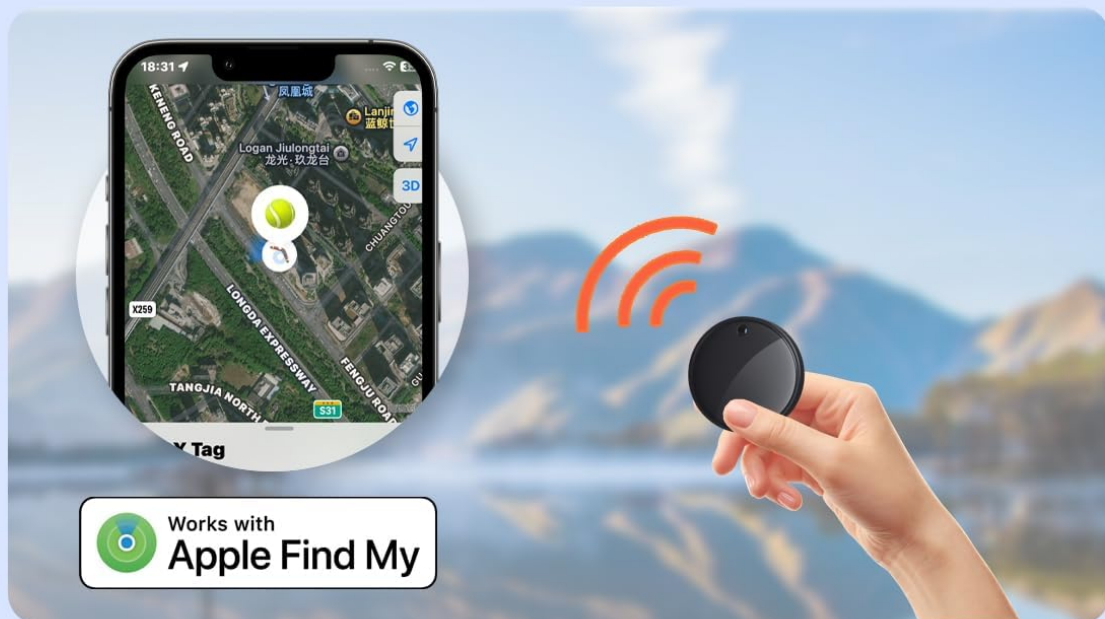

"Play Sound." The tracker will emit an audible alert to help you locate it.

- **Find Far Away:** If your item is out of Bluetooth range, the Find My app will display its last known location on a map. You can then use the map to navigate to the item's general vicinity.
- **Left-Behind Alerts:** Enable this feature in the Find My app to receive an immediate notification on your iOS device if you leave your item behind and the Bluetooth connection is lost.
- **Lost Mode:** If an item is lost, activate "Lost Mode" in the Find My app. You can enter your contact information, which will be accessible to anyone who finds your item and scans the tracker with an NFC-enabled device.
- **Shared Management:** For iOS 17.0 or above, you can share the location of a single tracker with up to 5 other Apple IDs, allowing family members or trusted individuals to help locate items.

Apple MFi Certified

All internet-connected Apple devices above can locate this device, with the entire process encrypted for security.

365 Days Long Standby

**Replaceable batteries,
one battery lasts for one year,
unlimited use.**

4. FEATURES

- **Apple MFi Certified:** Guarantees seamless integration and secure communication with the Apple Find My network.
- **Global Accurate Location:** Leverage the extensive Find My network for precise item tracking worldwide.
- **Privacy Protection:** All communications are anonymous and encrypted. Location data and history are not stored on the tracker itself.
- **Anti-Tracking Alert:** Receive notifications if an unfamiliar tracker is detected moving with you,

enhancing personal safety. If a tag remains separated from its owner for more than three days, it will actively beep as a reminder.

- **Compact and Lightweight Design:** Measuring 32mm (1.26 inches) in length and width, with a thickness of 8.57mm (0.33 inches) and weighing only 7.6 grams, it's ideal for attaching to various items.
- **Long-lasting Replaceable Battery:** Equipped with a CR2032 button cell battery that provides up to one year of power. Low-power alerts will notify you when the battery needs replacement.

5. MAINTENANCE

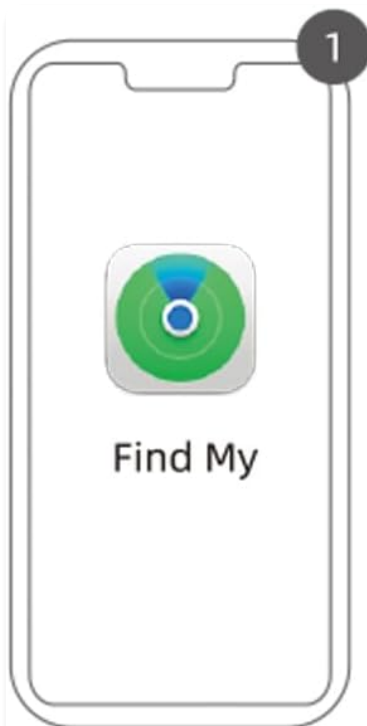

The Nutale Bluetooth Tracker is designed for easy maintenance, primarily involving battery replacement.

Battery Replacement

The tracker uses a standard CR2032 button cell battery. When the battery is low, you will receive a notification on your iPhone or in the Find My app. To replace the battery:

1. Locate the small groove on the side of the tracker.
2. Use the provided screwdriver or a similar small tool to gently pry open the tracker casing.

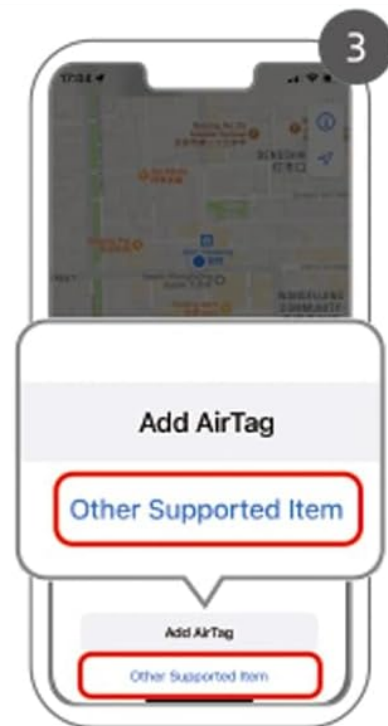

- Carefully remove the old CR2032 battery.
- Insert a new CR2032 battery with the positive (+) side facing up.
- Align the two halves of the casing and press firmly until it clicks securely into place.

Open
"Find My" APP

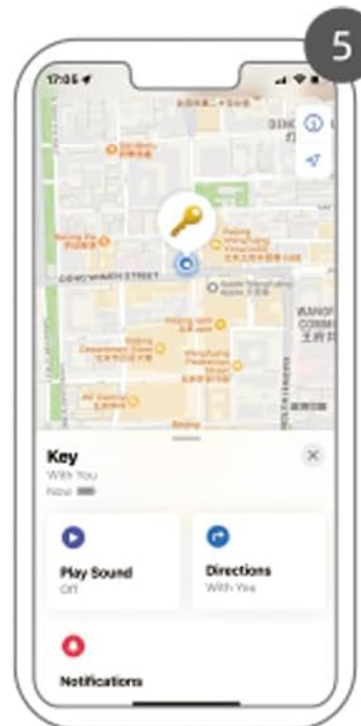

Tap
"Add Item"

Tap "Other
Supported Item"

One-touch Calling

6. TROUBLESHOOTING

- **Tracker Not Pairing:**

- Ensure your iOS device meets the minimum requirements (iOS 14.5+, iPhone 7 or above).
- Make sure the tracker's battery is not depleted.
- Press and hold the button on the tracker for 5 seconds to ensure it is in pairing mode.

- **Inaccurate Location:**

- The accuracy of location tracking relies on the proximity of other Apple devices in the Find My network. In areas with fewer Apple devices, the reported location might be less precise.
- Ensure your device's Bluetooth is enabled.

- **Unwanted Tracking Alerts:**

- The Nutale tracker includes built-in anti-tracking features. If you receive an "Unknown Tag Detected Moving With You" alert, it means an unfamiliar tracker is traveling with you.
- If a tag remains separated from its owner for more than three days, it will actively beep as a reminder to prevent misuse.

7. SPECIFICATIONS

Feature	Detail
Product Dimensions	1.26 x 1.26 x 0.33 inches
Item Weight	0.317 ounces
Item Model Number	F20X
Batteries	4 CR2032 batteries required (included)
Connectivity Technologies	Bluetooth
Color	Black
Material	Acrylonitrile Butadiene Styrene (ABS)
Compatible Devices	iOS 14.5+ devices and iPhone 7 above only
