HOGOKIDS City Burger Truck House Building Set

MODEL: HG1067

Instruction Manual

1. Product Overview

The HOGOKIDS City Burger Truck House building set offers a versatile play experience with its 2-in-1 design. Builders can construct either a dynamic burger truck or a detailed two-story burger house. This 826-piece set includes various accessories such as an ice cream cart, movable tables, chairs, menus, and trash cans, enhancing the play environment. The set is designed to foster creativity and fine motor skills.

Key Features:

- **2-in-1 Building Options:** Construct either a mobile burger truck or a stationary two-story burger house from the same set of pieces.
- **Detailed Accessories:** Includes an ice cream cart, tables, chairs, menus, and trash cans for realistic play scenarios.
- **Interactive Design:** The burger truck features a split design with a hot dog stand at the rear and realistic kitchen details inside.
- **Educational Play:** Promotes hand-eye coordination, building skills, and imaginative role-playing.
- **Display Piece:** Once assembled, the vibrant model serves as a colorful decoration for any child's room.

2. Safety Information

WARNING: Not suitable for children under 6 years due to small parts which may present a choking hazard. Always use this product under adult supervision.

3. Setup and Assembly

1. **Unpacking:** Carefully remove all building components and the instruction manual from the product box.
2. **Sorting Pieces:** For easier assembly, sort the building blocks by color, size, and type. This will help you locate specific pieces quickly.
3. **Follow Instructions:** Refer to the detailed, step-by-step instruction manual provided. Each step illustrates how to connect the pieces to form either the burger truck or the two-story burger house.
4. **Secure Connections:** Ensure that each block is firmly pressed into place to create a stable and durable structure.
5. **Accessory Placement:** Once the main structure is complete, place the additional accessories such as the ice cream cart, tables, chairs, and menus as desired to complete your play scene.

4. Operating and Play

The HOGOKIDS City Burger Truck House set is designed for imaginative and interactive play. Here are some ways to operate and enjoy your assembled model:

- **Burger Truck Adventures:** In truck mode, roll the vehicle around to simulate mobile food service. Open the serving windows to interact with customers and prepare virtual meals. The detachable trailer adds an extra element of play.
- **Restaurant Role-Play:** When configured as the two-story burger house, arrange the interior with the kitchen, serving areas, and dining spaces. Use the included mini-figures (if any, not explicitly mentioned but implied by building sets) and accessories to create a bustling restaurant scene.
- **Creative Storytelling:** Encourage children to invent their own stories and scenarios, fostering creativity and social skills through role-playing as chefs, customers, or food critics.

5. Maintenance

- **Cleaning:** To clean the building blocks, gently wipe them with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive water, as these can damage the plastic or printed details.
- **Storage:** Store the assembled model or individual pieces in a dry, cool place away from direct sunlight. Prolonged exposure to sunlight can cause discoloration or warping of the plastic. Keep small pieces in a designated container to prevent loss.
- **Disassembly:** If disassembling the set for storage, do so carefully to avoid stressing or breaking the connection points of the blocks.

6. Troubleshooting

- **Missing Pieces:** If you discover any missing pieces during assembly, please contact HOGOKIDS customer support. Provide the product model number (HG1067) and a clear description of the missing parts for assistance.
- **Assembly Difficulties:** If you encounter challenges during assembly, carefully review the instruction manual's diagrams and text for the specific step. Ensure all blocks are oriented correctly and firmly connected. If issues persist, consider disassembling the problematic section and re-attempting the

steps.

- **Loose Connections:** If parts of the model feel loose, gently press the connected blocks together to ensure a secure fit. Over time, frequent handling can sometimes loosen connections.
