Maintenance

Water Resistance

The PEJE Smartwatch is 1ATM water resistant, making it suitable for swimming and use in rainy conditions.**Important Note:** This device is not designed for use in hot showers or saunas, as extreme temperatures and steam can compromise its water resistance.

Cleaning

To clean your smartwatch, gently wipe the screen and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, which can damage the device's finish or sensors.

Battery Care

To prolong battery life, avoid fully discharging the watch frequently. Charge it regularly, and if storing for an extended

period, ensure it has at least a 50% charge.

Troubleshooting

If you encounter any issues with your PEJE Smartwatch, please refer to the following common solutions:

Problem	Solution
Watch not turning on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Unable to pair with phone	Check if Bluetooth is enabled on your phone. Restart both the watch and your phone. Ensure the PEJE app is updated.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors on the back of the watch.
Notifications not received	Verify notification permissions are granted to the PEJE app on your phone. Check app settings for specific notification toggles.

If the problem persists, please refer to the support section in the PEJE app or contact customer support.
