## PRODUCT OVERVIEW

---

The JISULIFE Handheld Turbo Fan is designed for personal cooling with high-speed airflow and a long-lasting battery. It features a compact, lightweight design, making it suitable for various indoor and outdoor activities.

### Key Features:

- **High-Speed Airflow:** Upgraded air inlets and outlets with an efficient 3700RPM motor.
- **Long-Lasting Battery:** 5000mAh rechargeable battery providing up to 28 hours of operation.
- **LED Power Display:** Conveniently monitor battery life and wind speed.
- **5 Wind Speeds:** Adjustable settings for personalized comfort.
- **Ultra-Quiet Operation:** 9-blade design ensures a peaceful experience (56-76 dB).

- **Safety Features:** Safety lock and dense grille to prevent accidental operation and contact with blades.
- **Durable Material:** Constructed from dirt-resistant ABS material.

## PACKAGE CONTENTS

---

Please check the package for the following items:

- JISULIFE Handheld Turbo Fan (Model: Handheld Fan Life10S)
- USB-C Charging Cable
- Lanyard
- User Manual

## Safe & Useful

*Image: Contents included in the product package.*

## SETUP AND CHARGING

---

### Initial Charge:

1. Before first use, fully charge the fan.
2. Connect the provided USB-C charging cable to the fan's charging port and to a suitable USB power adapter (not included).
3. The LED display will indicate charging status. A full charge typically takes 2-3 hours.
4. Once fully charged, the LED display will show 100%.

# 5 Cooling Levels

Precision Airflow for Your Perfect Comfort

Speed 1 (Low)	28h
Speed 2 (Medium-Low)	20h
Speed 3 (Medium)	14h
Speed 4 (Medium-High)	8.5h
Speed 5 (High)	4.5h

Image: LED display showing battery level during charging.

## Attaching the Lanyard:

Thread the lanyard through the designated loop on the fan's handle for secure carrying.

## OPERATING INSTRUCTIONS

### Power On/Off:

1. To power on the fan, slide the safety lock switch from "O" (off) to "—" (on).
2. Press the power button (located above the safety lock) to start the fan at Speed 1.
3. To power off, slide the safety lock switch back to "O".

### Adjusting Wind Speed:

1. With the fan powered on, tap the speed button to cycle through the 5 available wind speeds.
2. Each tap will increase the speed from 1 (Low) to 5 (High). After Speed 5, it will cycle back to Speed 1.

3. The LED display will show the current wind speed setting.

## SAFETY PRECAUTIONS

---

- Do not insert fingers or foreign objects into the fan grille.
- Keep the fan away from water or excessive moisture.
- Do not disassemble or attempt to repair the fan yourself. Contact support if issues arise.
- Ensure the safety lock is engaged when not in use to prevent accidental activation.
- Use only the provided USB-C cable for charging.
- Keep out of reach of small children.

## MAINTENANCE

---

### Cleaning:

- Ensure the fan is powered off and the safety lock is engaged before cleaning.

- Wipe the exterior of the fan with a soft, dry cloth.
- For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying.
- Do not use abrasive cleaners or solvents.

## Storage:

Store the fan in a cool, dry place when not in use, away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not turn on.	Battery is depleted. Safety lock is engaged.	Charge the fan. Ensure the safety lock is slid to the "on" position.
Weak airflow.	Fan is on a low speed setting.	Increase the wind speed by tapping the speed button.
Fan not charging.	Charging cable is not properly connected. Faulty cable or adapter.	Ensure the USB-C cable is securely connected to both the fan and the power source. Try a different USB-C cable or power adapter.

If you encounter issues not listed here, please contact JISULIFE customer support.

## SPECIFICATIONS

Feature	Detail
Brand	JISULIFE
Model Name	Handheld Fan Life10S
Color	Gray
Electric Fan Design	Table Fan (also functions as handheld)
