## 3.2 Network Connection

For features requiring internet access, connect the device to your Wi-Fi network:

1. Using the remote control, navigate to 'Settings' on the device's home screen.
2. Select 'Wi-Fi' and choose your network from the available options.
3. Enter your Wi-Fi password to connect.

Alternatively, an Ethernet cable can be used for a wired internet connection if Wi-Fi is unavailable.

## 4. OPERATING INSTRUCTIONS

### 4.1 Media Playback (USB/SD Card)

The MYPIN HA0362 supports playing media directly from USB drives or Micro SD cards. Insert your storage device into the corresponding port on the player. Use the remote control to navigate to the 'Files' or 'Video/Photo/Music' section on the home screen to browse and play your content.

### 4.2 App Control and Transmission (AlbumLink)

The 'AlbumLink' mobile application allows for easy transfer of advertising images or videos from your phone to the TV. It also enables using your phone as a remote control.

1. Download the 'AlbumLink' app on your smartphone.
2. Open the app and scan the QR code displayed on the TV screen to connect.
3. Once connected, you can transfer content or use your phone to control the media player.

The app supports controlling multiple advertising machines with one phone or multiple phones controlling one machine.

## 4.7 Supported Media Formats

- **Video:** MP4, MKV, AVI, MOV, VOB, M2TS (using H.264/AVC)
- **Photos:** JPG, JPEG, BMP, GIF, PNG
- **Music:** MP3, WMA, OGG, FLAC, APE, AAC

# 5. MAINTENANCE

## 5.1 General Care

- Keep the device in a dry, well-ventilated area.
- Avoid exposing the device to extreme temperatures or direct sunlight.
- Clean the exterior with a soft, dry cloth. Do not use liquid cleaners.

## 5.2 Firmware Upgrades

Periodically check for firmware updates to ensure optimal performance and access to new features.

Instructions for upgrading the device can be found in the following video:

Video: A guide detailing the process of upgrading the firmware on the MYPIN HA0362 Media Player.

## 6. TROUBLESHOOTING

- **No Signal on TV:** Ensure all HDMI and power cables are securely connected. Verify the TV input source matches the HDMI port used.
- **AlbumLink App Not Found:** If the AlbumLink app is not found in Google Play, please contact customer support for the latest installation program.
- **Connectivity Issues:** Ensure the device is within 15ft of your Wi-Fi router for optimal 2.4/5GHz dual-band transmission.
- **Media Playback Errors:** Check if the media file format is supported (refer to Section 4.7). Ensure the USB drive or Micro SD card is properly inserted and not corrupted.

## 7. SPECIFICATIONS

- **Brand Name:** MYPIN
- **Item Model Number:** HA0362
- **Item Weight:** 12.3 ounces
- **Package Dimensions:** 6.77 x 5.12 x 1.93 inches
- **Connectivity:** 2.4/5GHz Dual-Band Wi-Fi, HDMI, USB, AV, Micro SD
- **Video Output:** 1080P HD

## 8. WARRANTY AND SUPPORT

For warranty information or technical assistance, please refer to the product packaging or contact MYPIN customer support directly. Support is available for any operational queries or issues encountered with your device.
