YITAHOME MAYIHReOOX

YITAHOME Twin LED Cloud Bed Frame Instruction Manual

Model: MAYIHReOOX

1. PRODUCT OVERVIEW

The YITAHOME Twin LED Cloud Bed Frame is a stylish and functional bed designed for comfort and modern aesthetics. It features a cloud-shaped headboard with integrated LED lighting, durable PU faux leather upholstery, and a sturdy wooden slat support system that eliminates the need for a box spring. This bed frame is designed for easy assembly and offers an adjustable headboard height to accommodate various mattress thicknesses.

2. SAFETY INFORMATION

Please read and understand all safety warnings before assembly and use. Failure to follow these instructions may result in injury or product damage.

- Ensure proper assembly to avoid collapse.
- Do not exceed the weight limit.
- Keep the remote control and app out of reach of children.
- Always use the bed frame on a flat, stable surface.
- Regularly check all bolts and connections to ensure they remain tight.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed in your packaging are present and undamaged. The package typically includes:

- Cloud-shaped headboard with LED lights
- Side rails (left and right)
- Footboard
- Center support beam
- Wooden slats
- Support legs

- Hardware pack (bolts, washers, Allen wrench)
- LED remote control
- Power adapter for LED lights

4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward and does not require a box spring. It is recommended to have two people for assembly.

Step-by-Step Guide:

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided parts list in your manual.
2. **Attach Side Rails to Headboard:** Secure the side rails to the headboard using the provided bolts and Allen wrench. Ensure all connections are tight.
3. **Attach Footboard to Side Rails:** Connect the footboard to the other end of the side rails, tightening all bolts securely.
4. **Install Center Support Beam:** Place the center support beam in the middle of the frame and attach it to the headboard and footboard brackets.
5. **Place Wooden Slats:** Unroll or individually place the wooden slats across the bed frame. Ensure they are evenly spaced and secured to the side rails using the designated fasteners or Velcro strips.
6. **Install Support Legs:** Screw the support legs into the designated points on the frame, ensuring they are firm and stable.
7. **Connect LED Lights:** Plug the LED light strip from the headboard into the power adapter, then plug the adapter into a power outlet.

5. OPERATING INSTRUCTIONS

LED Light Operation:

The integrated LED lights in the cloud headboard can be controlled via a remote control or a dedicated mobile application. Refer to the specific instructions included with your LED light kit for pairing and advanced features.

- Use the remote control to power the lights on/off, change colors, adjust brightness, and select dynamic modes.
- Download the companion app (if available) for additional customization options, including music sync, mic mode, and timing functions.

Adjustable Headboard:

The headboard height can be adjusted to accommodate mattresses ranging from 8 to 14 inches thick. To adjust, loosen the bolts connecting the headboard to the side rails, slide the headboard to the desired height, and re-tighten the bolts securely.

6. MAINTENANCE

- **Cleaning Upholstery:** For general cleaning, wipe the PU faux leather upholstery with a soft, damp cloth. For tougher stains, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Slat Care:** Periodically check the wooden slats for any signs of wear or damage. Ensure they are properly seated and secured to maintain mattress support.
- **LED Lights:** The LED lights are designed for long-term use. If any issues arise, consult the LED light kit's specific troubleshooting guide. Do not attempt to repair electrical components unless qualified.
- **Frame Stability:** Every few months, re-tighten all bolts and screws on the bed frame to ensure continued stability and prevent squeaking.

7. TROUBLESHOOTING

- **Squeaking Noises:** Check all frame connections and re-tighten any loose bolts. Ensure slats are properly positioned and not rubbing against the frame.
- **LED Lights Not Working:** Verify the power adapter is securely plugged into both the headboard and a working electrical outlet. Check the remote control battery. If using the app, ensure proper pairing.
- **Mattress Sagging:** Ensure all wooden slats are correctly installed and evenly distributed. Check the center support beam for proper installation and stability.
- **Headboard Wobbling:** Re-tighten the bolts connecting the headboard to the side rails. Ensure the headboard is adjusted to the correct height for your mattress.

8. SPECIFICATIONS

Feature	Detail
Brand	YITAHOME
