Image: Detailed view of the Coucur Y66 Smart Watch, its dimensions, and the items included in the package: the smartwatch, a silicone strap, a magnetic charging cable, and the user manual.

1.2 Charging the Smart Watch

Before initial use, charge the smartwatch for at least 1 hour. Use the provided magnetic charging cable. Align the magnetic pins with the charging contacts on the back of the watch. A full charge typically takes 2 hours.

Heart Rate Monitoring

Real-time monitoring of your heart rate, timely detection of problems to protect your health

The illustration shows a person in athletic wear crouching on a skateboard. A smartwatch is visible on their wrist. An overlay on the left displays heart rate monitoring data:

- Heart rate: 70 bpm
- Max 120, Min 56
- Three heart rate zones with corresponding values: 83 Min, 106 Average, and 121 Max.

1.3 App Installation and Pairing

To unlock the full potential of your Coucur Y66 Smart Watch, you need to install the companion **GloryFit** app on your smartphone and pair the devices.

1. **Turn on Bluetooth:** Enable Bluetooth on your smartphone.
2. **Download GloryFit App:** Scan the QR code in the manual or search for "GloryFit" in your phone's app store (Google Play for Android, App Store for iOS).
3. **Set up Profile:** Open the app and create your user profile.
4. **Add Device:** In the app, navigate to the device section and select "Add a Device". The app will scan for available devices.
5. **Select Y66:** Choose "Y66" from the scanning list to initiate pairing.
6. **Confirm Pairing:** Accept the pairing request on both your phone and the smartwatch.

1.96"HD Touch Screen

- HD Display
- 4 Adjustable Brightness
- Exquisite Screen Resolution

2. OPERATING INSTRUCTIONS

2.1 Basic Navigation

The Coucur Y66 features a 1.96" HD full touch color screen for intuitive interaction. Swipe across the screen to access different features and menus. The side button typically serves as a power/back key or to return to the main watch face.

2.2 Making/Answering Calls & Smart Notifications

With Bluetooth 5.3 technology, you can answer/make calls directly from your wrist. The smartwatch also provides vibrating alerts for social media messages (Facebook, WhatsApp, Instagram, Twitter, etc.), ensuring you stay connected without needing to check your phone constantly.

2.3 Health Monitoring

The smartwatch is equipped with high-performance optical sensors for 24/7 health monitoring. It accurately tracks your heart rate, blood oxygen, stress levels, and sleep status. You can view detailed weekly health reports within the GloryFit app to help you maintain a healthier lifestyle.

2.6 Other Useful Functions

The Coucur Y66 Smart Watch offers a variety of additional features to enhance your daily life:

- **Timer & Stopwatch:** For precise timekeeping during activities.
- **Alarm Clock:** Set multiple alarms for reminders.

- **Music Control:** Manage your phone's music playback directly from the watch.
- **Weather Forecast:** Get real-time weather updates.
- **Camera Control:** Remotely trigger your phone's camera.
- **Calculator:** Perform quick calculations on the go.
- **Voice Assistant:** Access your phone's voice assistant for hands-free operations.
- **Sedentary Reminder:** Prompts you to move after periods of inactivity.

3. MAINTENANCE

3.1 Water Resistance (IP68)

The Coucur Y66 Smart Watch is designed with an IP68 waterproof rating, making it suitable for daily activities such as washing hands, sweating during exercise, and exposure to rain. **Note:** While IP68 rated, it is not recommended for swimming or submerging the smartwatch in water for extended periods, or for use during water sports. Avoid hot water or steam, as this may compromise the seal.

Sleep Tracking

Score your sleep quality and make professional suggestions, so you can sleep better.

Image: The Coucur Y66 Smart Watch partially submerged in water, illustrating its IP68 waterproof feature, suitable for daily splashes and rain.

3.2 Cleaning

To keep your smartwatch clean, wipe it regularly with a soft, dry cloth. If necessary, use a slightly damp cloth and dry thoroughly. Avoid harsh chemicals or abrasive materials.

3.3 Battery Life & Charging Tips

The built-in 300mAh battery provides up to 7 days of average usage and approximately 30 days of standby time. A full charge takes about 2 hours. To prolong battery life, avoid extreme temperatures and fully draining the battery frequently.

4. TROUBLESHOOTING

If you encounter any issues with your Coucur Y66 Smart Watch, please refer to the following common solutions:

4.1 Connection Issues

- **Bluetooth Disconnects:** If the connection repeatedly disconnects, try restarting both the smartwatch and your phone's Bluetooth. Ensure the GloryFit app is running in the background.
- **No Notifications:** Verify that the GloryFit app has necessary permissions on your phone and is allowed to run in the background. Check the app's settings for notification preferences.

4.2 Charging Issues

- **Watch Not Charging:** Ensure the magnetic charging cable is correctly aligned with the contacts on the back of the watch. Try using a different USB power source.
- **Drained Battery:** If the battery is completely drained, charge for at least 30 minutes before attempting to power on the watch.

IP68 Waterproof

Smart watch with IP68 waterproof function,
can shower, rain,etc.
(Not recommended for swimming)
