Coucur Y66

Coucur Y66 Smart Watch User Manual

Model: Y66

Brand: Coucur

INTRODUCTION

This manual provides detailed instructions for setting up, operating, and maintaining your Coucur Y66 Smart Watch. Please read this manual thoroughly to ensure proper use and to maximize the features of your device. The Coucur Y66 Smart Watch is designed to enhance your daily life with its advanced health monitoring, communication, and fitness tracking capabilities.

WHAT'S IN THE BOX

- 1.96" HD Smart Watch (Y66)
- Silicone Bracelet
- Magnetic Charging Cable
- English User Manual

SETUP GUIDE

1. Initial Charging

Before initial use, ensure the smart watch is fully charged. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a compatible power source (e.g., USB wall adapter, computer USB port).

- Charge for at least 1 hour before initial use.
- If the battery is completely drained, charge for at least 30 minutes before powering on.

2. App Download and Installation

The Coucur Y66 Smart Watch requires the **GloryFit** companion app for full functionality and data synchronization.

1. Scan the QR code in the included manual or search for "GloryFit" in the Google Play Store (for Android) or Apple App Store (for iOS).
2. Download and install the GloryFit app on your smartphone.

3. Bluetooth Pairing

To connect your smart watch to your phone and enable all features, follow these steps:

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the GloryFit app and create an account or log in.
3. Navigate to the "Device" section in the app and tap "Add Device" or "Search for device".
4. Select "Y66" from the list of found devices to initiate pairing.
5. Confirm the pairing request on both your phone and the watch if prompted.
6. For call/answer function: After the initial pairing, a separate Bluetooth connection for calls (usually named "Y66-Audio" or similar) may appear in your phone's Bluetooth settings. Connect to this as well. Ensure the "Bluetooth Call" switch is enabled on the watch itself.

IP68 Waterproof

Smart watch with IP68 waterproof function, can shower, rain, etc.

Make/Answer Calls & Smart Notifications

Leveraging Bluetooth 5.3 technology, the watch allows you to make and answer calls directly from your wrist and receive notifications.

- **Calling:** Use the dial pad on the watch or access your synced contacts to make calls. Answer incoming calls directly on the watch.
- **Notifications:** Receive vibrating alerts for social media messages (Facebook, WhatsApp, Instagram, Twitter, etc.), calls, and texts. Ensure the GloryFit app is running in the background and Bluetooth is connected to both the app and the phone for consistent notifications.

Bluetooth 5.3 Call and Text

Make or answer calls and message
at anytime, anywhere

Message Notification

Health Monitoring

The watch is equipped with high-performance optical sensors to monitor various health metrics.

- **Heart Rate:** Continuously monitors your heart rate throughout the day.
- **Blood Oxygen (SpO2):** Measures your blood oxygen levels.
- **Sleep Tracking:** Monitors your sleep patterns, including deep sleep, light sleep, and awake times.
- **Stress Levels:** Provides insights into your stress levels.

Multifunctional Smartwatch

More features for you to discover and experience

Image: This image illustrates the diverse multifunctional capabilities of the Coucur Y66 Smart Watch, featuring icons and descriptions for Voice Assistant, Music Control, Flashlight, Camera Control, Alarm Clock, Calculator, Weather Forecast, and Women's Health tracking, demonstrating its utility beyond basic timekeeping.

MAINTENANCE

IP68 Waterproofing

The Coucur Y66 Smart Watch is designed with IP68 waterproofing, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. This makes it suitable for daily activities such as washing hands, sweating during exercise, and light rain.

- **Important:** While IP68 rated, it is not recommended for swimming, hot showers, or diving. Exposure to hot water or steam may damage the device.
- Avoid contact with chemical solvents, detergents, or highly corrosive liquids, as these can damage the watch's seals and surface.

Image: The Coucur Y66 Smart Watch is shown with water splashing over its surface, visually representing its IP68 waterproof rating, indicating its resistance to water during daily activities like hand washing or light rain.

Cleaning and Care

- Wipe the watch and strap regularly with a soft, damp cloth.
- Ensure the charging contacts are clean and dry before charging to prevent corrosion.
- Store the watch in a cool, dry place when not in use.

TROUBLESHOOTING

Charging Issues

- **Watch not charging:** Ensure the magnetic charging cable is correctly aligned with the charging points on the watch. Check if the USB power source is working.
- **Slow charging:** Use a standard 5V/1A USB adapter. Avoid charging from low-power USB ports.

Bluetooth Connection Issues

- **Frequent disconnections:** Ensure the watch is within Bluetooth range of your phone (typically 10 meters). Restart both the watch and your phone's Bluetooth.
- **Cannot find device:** Make sure the watch is powered on and not already connected to another device. Try resetting the watch's Bluetooth settings if available.
- **Notifications not received:** Verify that the GloryFit app is running in the background and has all necessary permissions enabled (e.g., notification access, background activity).

General Issues

- **Inaccurate data:** Ensure the watch is worn snugly on your wrist, about one finger's width from your wrist bone. Clean the sensors regularly. Note that data monitored by the smartwatch is for reference only and should not be used as medical guidance.
- **Screen unresponsive:** Try restarting the watch by pressing and holding the side button. If unresponsive, allow the battery to drain completely and then recharge.

SPECIFICATIONS

Feature	Detail
Model Number	Y66
Screen Size	1.96 Inches
