Maintenance

1. Cleaning Instructions

- Before washing, gently remove the electronic components (speakers and control panel) from their pockets within the mask.
- Hand wash the fabric mask with mild soap and cold water.
- Rinse thoroughly and air dry completely before reinserting electronic components.
- Do not machine wash or tumble dry to prevent damage to the fabric or electronic parts.

2. Speaker Removal and Reinsertion

- The ultra-thin speakers can be carefully removed from the internal fabric pockets for cleaning or precise adjustment.
- To reinsert, gently slide each speaker back into its designated pocket, ensuring the wires are not twisted or pinched.

Troubleshooting

- Device won't turn on:** Ensure the mask is fully charged. Connect to the USB-C charging cable and check the LED indicator.
- Cannot pair via Bluetooth:** Make sure the mask is in pairing mode (flashing red/blue LED). Ensure Bluetooth is enabled on your device and select "V03" (or similar) from the list. Move closer to the device to ensure it's within the 45-foot range.
- Poor sound quality:** Adjust the position of the internal speakers to align directly with your ears.
- Light leakage:** Adjust the Velcro strap for a tighter fit around your head. Ensure the 3D contoured eye cups are properly positioned over your eyes and nose bridge.
