AHNR LT-156

AHNR Handheld Cordless Vacuum Cleaner Instruction Manual

Model: LT-156 | Brand: AHNR

1. PRODUCT OVERVIEW

The AHNR LT-156 Handheld Cordless Vacuum Cleaner is designed for efficient and convenient cleaning in various environments, including homes, cars, and offices. Featuring a powerful 16000PA suction and a 120W high-powered motor, it effectively tackles dust, debris, and pet hair. Its lightweight and cordless design, coupled with versatile accessories and an integrated LED light, ensures thorough cleaning even in hard-to-reach or dimly lit areas. The dual filtration system with washable HEPA and steel filters provides sustained strong suction and easy maintenance.

2. SAFETY INSTRUCTIONS

- Read all instructions before using the appliance.
- Do not use the vacuum cleaner outdoors or on wet surfaces.
- Do not allow children to operate the vacuum cleaner. Close supervision is necessary when used near children.
- Do not pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use without dust cup and/or filters in place.
- Turn off the appliance before connecting or disconnecting the charging cable.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Store the vacuum cleaner indoors in a dry place.

3. PACKAGE CONTENTS

Please check the package contents upon unboxing to ensure all items are present:

- AHNR Handheld Vacuum Cleaner (Model: LT-156)
- 2-in-1 Long Suction Nozzle (with attached brush)
- Brush Nozzle
- Extended Long Tube (Flexible Hose)
- Type-C Charging Cable
- HEPA Filters (2 included)
- Steel Filter (pre-installed)
- User Manual

4. PRODUCT COMPONENTS

Familiarize yourself with the main parts of your AHNR Handheld Vacuum Cleaner:

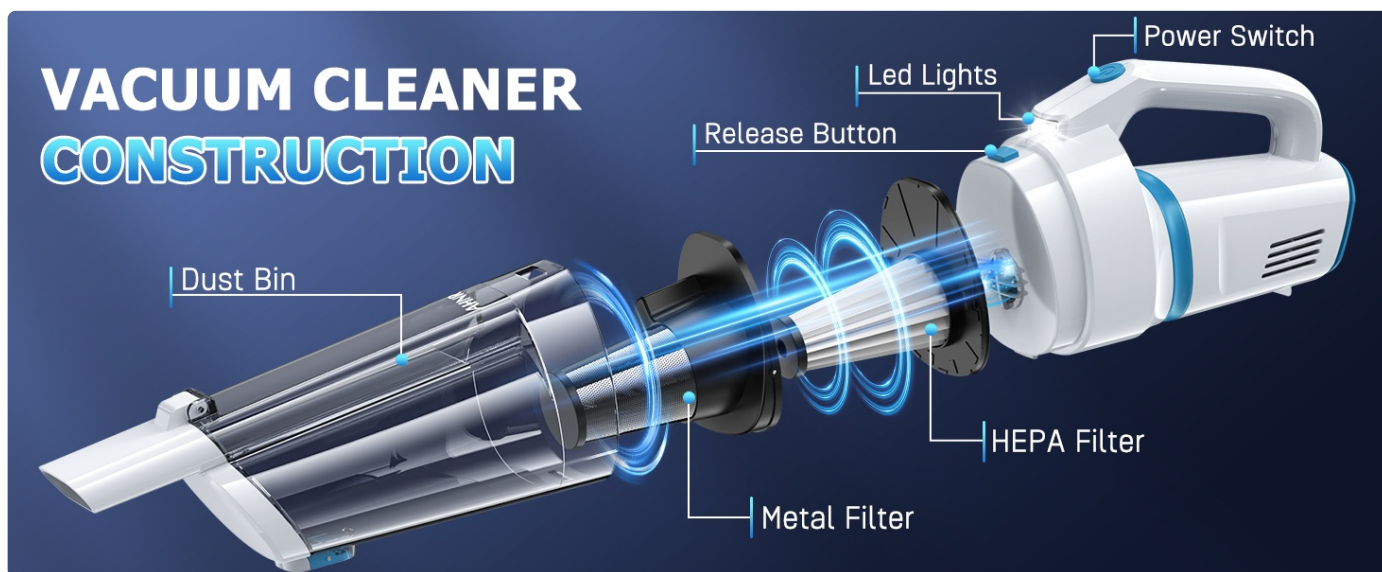

Figure 3: Vacuum Cleaner Construction Diagram.

- **Dust Bin:** Transparent container for collecting dust and debris.

- **Metal Filter:** Primary filter for larger particles.
- **HEPA Filter:** High-efficiency particulate air filter for fine dust.
- **Release Button:** Used to detach the dust bin for emptying.
- **LED Lights:** Illuminates dark areas during cleaning.
- **Power Switch:** Turns the vacuum on and off.

5. SETUP AND INITIAL USE

5.1 Charging the Vacuum

Before first use, fully charge the vacuum cleaner. The built-in 7800mAh rechargeable battery provides approximately 30 minutes of continuous runtime after a 4-hour charge.

1. Connect the provided Type-C charging cable to the charging port on the vacuum cleaner.
2. Connect the other end of the cable to a compatible USB power source (e.g., wall adapter, car charger, power bank, computer/PC).
3. The indicator light will show charging status (e.g., red for charging, green for fully charged).

5.2 Attaching Accessories

Select the appropriate accessory for your cleaning task and firmly attach it to the vacuum's suction opening.

- **2-in-1 Long Suction Nozzle:** Ideal for cleaning dust in narrow gaps and crevices. The brush can be slid forward for brushing surfaces or retracted for direct suction.
- **Brush Nozzle:** Best for cleaning dust from delicate surfaces like keyboards, upholstery, or air vents.

- **Extended Long Tube (Flexible Hose):** Use with other accessories to reach deep into hard-to-access areas, such as under furniture or car seats.

MULTI-USE ACCESSORIES

Meeting Every Cleaning Requirement of Yours

Brush+Suction Nozzle

To clean dust in various gaps

Brush

To clean dust on various surfaces

6. OPERATING INSTRUCTIONS

6.1 Powering On/Off

Press the power switch button located on the handle to turn the vacuum cleaner on. Press it again to turn it off.

6.2 General Cleaning

Hold the vacuum cleaner by the handle and guide the nozzle over the area to be cleaned. The powerful 16000PA suction will efficiently pick up dust, crumbs, pet hair, and other small debris.

Figure 6: Demonstrating powerful suction on various debris.

6.3 Using the LED Light

The vacuum is equipped with an LED light to illuminate dark corners and hidden areas, ensuring no dust is missed. The light activates automatically when the vacuum is turned on.

LED LIGHTS DESIGN

Free from the constraints of light, making it impossible for dust to find a hiding spot!

7. MAINTENANCE

7.1 Emptying the Dust Cup

For optimal performance, empty the 400ML dust cup regularly, especially when it appears full.

1. Ensure the vacuum is turned off.
2. Press the release button to detach the dust cup from the main body.
3. Carefully empty the contents of the dust cup into a trash bin.

7.2 Cleaning and Replacing Filters

The dual filtration system includes a steel filter and HEPA filters. Regular cleaning of these filters is crucial for maintaining strong suction power and extending the life of your vacuum.

1. After emptying the dust cup, remove the HEPA filter and then the steel filter.
2. Rinse both the HEPA filter and the steel filter under running water until clean.
3. Allow the filters to air dry completely before reassembling. Do not use a dryer or direct heat.
4. Once dry, reinsert the steel filter first, followed by the HEPA filter, into the dust cup.
5. Reattach the dust cup to the vacuum cleaner, ensuring it clicks securely into place.

EASY TO DISASSEMBLE AND CLEAN

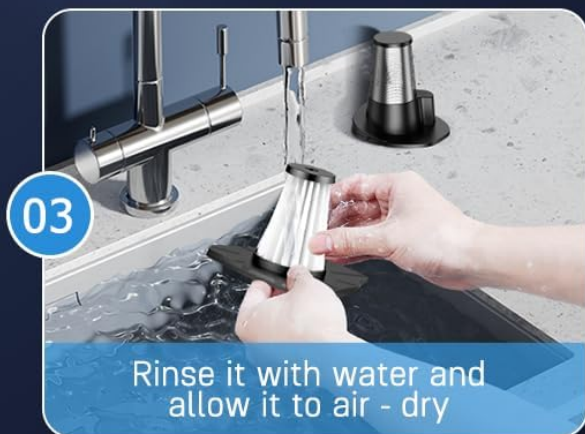

Figure 9: Easy steps to disassemble and clean the vacuum.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Vacuum does not turn on.	Battery is low or depleted.	Charge the vacuum cleaner fully.
Low suction power.	Dust cup is full; Filters are clogged; Nozzle/hose is blocked.	Empty the dust cup. Clean or replace the filters. Check and clear any blockages in the nozzle or hose.
Charging indicator light not working.	Charging cable or adapter is faulty; Charging port is damaged.	Try a different Type-C cable and adapter. Ensure the charging port is clean and undamaged. Contact customer support if the issue persists.
Unusual noise during operation.	Debris caught in the motor or fan; Component loose.	Turn off and inspect for any foreign objects. Ensure all components (dust cup, filters) are securely attached. If noise continues, discontinue use and contact support.
