AirWire 10x12 FT Gazebo

AirWire 10x12 FT Wall-Mounted Gazebo Instruction Manual

Model: 10x12 FT Gazebo

1. INTRODUCTION

Thank you for choosing the AirWire 10x12 FT Wall-Mounted Gazebo. This product is designed to provide a durable and versatile outdoor shelter for your patio, deck, or backyard. Featuring a sturdy aluminum frame and a UV-blocking polycarbonate roof, it offers reliable protection from sun and rain, enhancing your outdoor living space.

The AirWire 10x12 FT Wall-Mounted Gazebo providing shade over a patio.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or product damage.

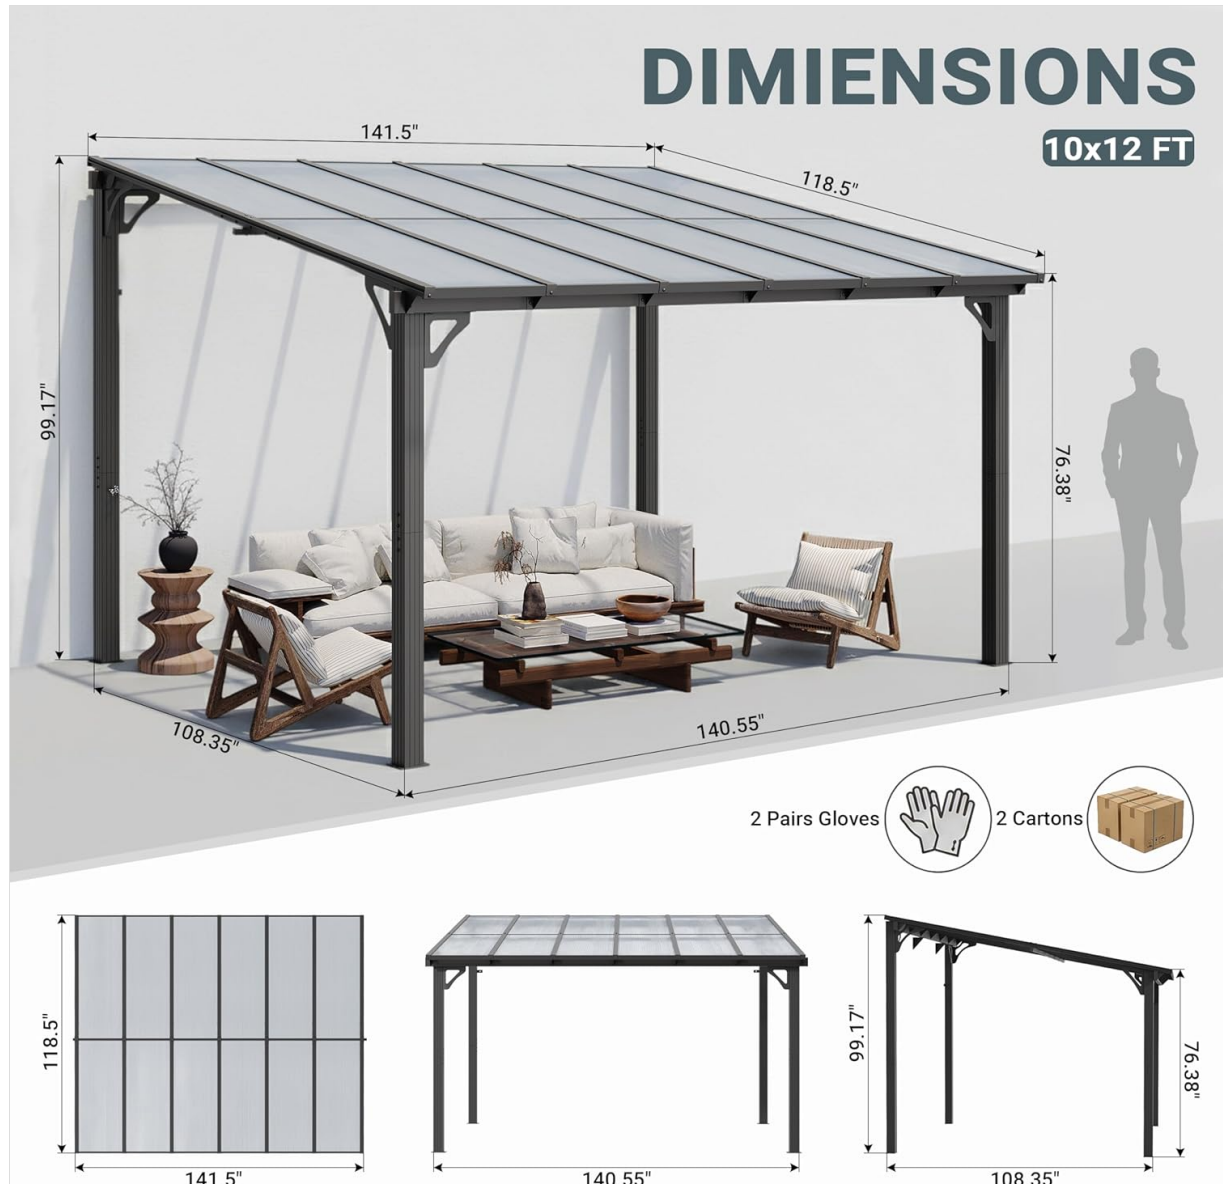

- Ensure the gazebo is securely mounted to a stable surface using appropriate expansion bolts.
- Do not use the gazebo in winds exceeding 50 mph. High winds can cause structural damage.
- Regularly inspect the roof and frame for any signs of damage or wear.
- Address any water pooling on the roof promptly to prevent structural damage. The sloped design is intended to facilitate drainage, but heavy rainfall may require additional attention.
- Keep children and pets away from the assembly area during installation.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. Refer to the detailed parts list in your physical manual for specific quantities and part numbers. The main components include:

- Aluminum Frame Components (beams, posts, brackets)
- Polycarbonate Roof Panels

- Fasteners and Hardware (screws, bolts, washers, expansion bolts for wall mounting)
- Installation Instructions (this manual)

Overview of gazebo dimensions and main components.

4. SETUP AND ASSEMBLY

The AirWire Gazebo features a user-friendly design with illustrated step-by-step instructions. All necessary hardware is included. We recommend having at least two people for assembly.

Assembly Steps Overview:

1. **Prepare the Area:** Clear the installation site and ensure it is level and stable.
2. **Assemble the Frame:** Connect the main aluminum beams and posts according to the provided diagrams.
3. **Attach Wall Brackets:** Secure the wall-mounted brackets to your desired wall using the expansion bolts.
4. **Install Roof Panels:** Carefully place and secure the polycarbonate roof panels onto the frame.
5. **Finalize Connections:** Tighten all fasteners and ensure the structure is stable and securely anchored.

5. OPERATING INSTRUCTIONS

Your AirWire Gazebo is designed for year-round use, providing comfort and protection in various weather conditions.

- **Shade and UV Protection:** The polycarbonate roof panels block 99% of harmful UV rays, offering a comfortable shaded area without significantly darkening your outdoor space.
- **Rain Protection:** The storm-proof sloped design accelerates rain runoff, preventing water from pooling and keeping your patio dry.
- **Snow Load:** The hardtop roof is built to withstand snow accumulation, holding up to 5 inches of thick snow.

The gazebo offers protection from both sun and snow.

6. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your AirWire Gazebo.

- **Cleaning:** Clean the polycarbonate roof panels and aluminum frame periodically with mild soap and water. Avoid abrasive cleaners or tools that could scratch the surfaces.
- **Inspection:** Annually inspect all bolts and connections to ensure they remain tight. Re-tighten if necessary.
- **Drainage:** Regularly check the sloped roof for any debris that might obstruct water flow. Clear leaves, branches, or other materials to ensure proper drainage.
- **Winter Care:** While the roof is designed for snow load, it is advisable to remove excessive snow accumulation to prolong the life of the structure.

7. TROUBLESHOOTING

If you encounter any issues with your AirWire Gazebo, please consider the following:

- **Instability:** Ensure all bolts are securely tightened and the gazebo is properly anchored to the wall and ground.
- **Water Leakage:** Check that all roof panels are correctly installed and sealed. Inspect for any cracks or gaps in the panels or frame.
- **Missing Parts:** If you find any parts missing during assembly, please contact customer support immediately.

For further assistance, please refer to the contact information in the Warranty & Support section.

8. SPECIFICATIONS

Feature	Detail
Brand	AirWire
Model	10x12 FT Gazebo
Material	Aluminum Frame, Polycarbonate Roof
Color	Gray
