3. SETUP

3.1 Initial Charge

Before first use, ensure the smartwatch is fully charged. Connect the provided USB cable to the watch's USB socket and a compatible power adapter (not included). A full charge typically takes approximately 2 hours.

3.2 Power On/Off

To power on the watch, press and hold the power button located on the side until the screen illuminates. To power off, press and hold the power button until the shutdown option appears on the screen, then confirm.

3.3 Attaching the Silicone Case and Screen Protector

The silicone case provides protection against drops and bumps. Gently fit the watch into the silicone case. For added screen protection, carefully apply the included screen protector to the watch display, ensuring no air bubbles.

5. MAINTENANCE

To ensure the longevity and optimal performance of your smartwatch, follow these maintenance guidelines:

- **Cleaning:** Wipe the watch and bands regularly with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Water Resistance:** The watch is not waterproof. Avoid submerging it in water or exposing it to heavy rain.
- **Storage:** Store the watch in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** Charge the battery regularly, even if the watch is not in use, to maintain battery health. Avoid completely draining the battery frequently.

6. TROUBLESHOOTING

If you encounter any issues with your MOFGDNI Kids Smart Watch S16G, please refer to the following common solutions:

- **Watch does not turn on:** Ensure the watch is fully charged. If the battery is completely depleted, it may take a few minutes of charging before it can power on.
- **Screen is unresponsive:** Try restarting the watch by holding down the power button. If the issue persists, ensure the screen protector is properly applied and not interfering with touch sensitivity.
- **Cannot transfer files:** Ensure the USB cable is securely connected to both the watch and your computer. Check if the watch is recognized as a storage device.
- **Games or apps are slow:** Close any unnecessary applications running in the background. Ensure there is sufficient storage space available.
- **Short battery life:** Reduce screen brightness, limit game time, and close unused applications to conserve battery.

If these steps do not resolve the issue, please contact customer support.
