

## 5Rcom TF1402U

# 5Rcom Floor TV Stand (Model TF1402U)

## Instruction Manual

### 1. INTRODUCTION

Thank you for choosing the 5Rcom Floor TV Stand, Model TF1402U. This stand is designed to provide a stable and versatile mounting solution for televisions ranging from 32 to 60 inches, with a maximum load capacity of 88 lbs. It features a swivel function, height adjustment, and a sturdy wood base with an integrated shelf for media devices. This manual provides essential information for safe assembly, operation, and maintenance of your TV stand.

### 2. SAFETY INFORMATION

- **Weight Capacity:** Do not exceed the maximum weight capacity of 88 lbs (40 kg) for the TV mount and 22 lbs (10 kg) for the shelf. Overloading can result in serious injury or property damage.
- **TV Size:** This stand is compatible with TVs between 32 and 60 inches. Ensure your TV's VESA pattern is within 100x100mm to 400x400mm.
- **Stability:** Always ensure the stand is placed on a flat, stable, and level surface. The wood base and support feet are designed for enhanced stability.
- **Assembly:** Follow all assembly instructions carefully. Incorrect assembly can lead to instability and potential hazards. If you encounter any difficulties, contact customer support.
- **Children and Pets:** Keep children and pets away from the stand during assembly. Do not allow them to climb on or play with the stand or mounted TV.
- **Cable Management:** Use the provided cable management solutions to prevent tripping hazards and ensure a tidy setup.

### 3. PACKAGE CONTENTS

Before assembly, verify that all components and hardware are present and undamaged. The package includes all necessary tools and an intuitive visual guide for setup.

*Note: A detailed parts list with individual component identifiers is typically included in the physical manual. Refer to that document for specific part numbers.*

## 4. SETUP AND ASSEMBLY INSTRUCTIONS

The 5Rcom Floor TV Stand is designed for quick and easy assembly, typically within 15 minutes, without the need for drilling into walls or furniture. Follow the visual instructions provided with your product for a smooth setup process.

### Assembly Overview

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Assemble the base and vertical support pole according to the visual guide. Ensure all screws are tightened securely.
3. Attach the TV mounting bracket to the vertical support pole.
4. Mount your TV to the bracket, ensuring it is centered and level.
5. Install the adjustable shelf at your desired height.
6. Utilize the cable management straps to organize wires.

### Key Stability Features

# WOODEN BASE & FOLDABLE SUPPORT FEET

The stand features a durable wooden base and foldable support feet for enhanced stability and load-bearing performance, preventing toppling.

# DURABLE & STABLE BASE

## 5. OPERATING INSTRUCTIONS

### Swivel Function

Your 5Rcom Floor TV Stand allows for a  $\pm 35^\circ$  swivel to both the left and right, providing a total swivel range of  $70^\circ$ . This feature helps reduce glare and allows you to adjust the viewing angle for optimal comfort from various positions in the room.

# 70° OF SWIVEL

## ENJOY COMFORTABLE WATCHING ANGLE

Illustration of the TV stand's swivel function, allowing for a 70-degree total rotation to achieve comfortable viewing angles.

### Height Adjustment

The TV stand offers ergonomic height adjustment, allowing you to position your screen between **51.7 inches** and **54 inches** from the floor. This helps mitigate neck and eye strain during prolonged viewing. To adjust the height, loosen the securing mechanism on the vertical pole, slide the TV mount to the desired height, and re-secure it firmly.

# HEIGHT ADJUSTMENT

## CHOOSE YOUR OPTIMAL VIEWING ANGLE

## 6. MAINTENANCE

- **Cleaning:** Wipe the stand with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Cable Management:** Ensure cables are neatly managed and not pinched or strained.

## 7. TROUBLESHOOTING

### Stand is unstable:

- Ensure all assembly screws are fully tightened.
- Verify the stand is on a flat, level surface.
- Confirm the TV weight does not exceed 88 lbs and the shelf weight does not exceed 22 lbs.

### TV does not fit the mount:

- Check your TV's VESA mounting pattern. It must be between 100x100mm and 400x400mm.
- Confirm your TV size is between 32 and 60 inches.
