LX-10 Bluetooth Earbuds with Real-Time Translator

Model: CCYLEZq2gc3fvg5i | Brand: CCYLEZ

1. PRODUCT OVERVIEW

The CCYLEZ LX-10 Bluetooth Earbuds are designed to provide a seamless audio experience combined with advanced real-time language translation capabilities. Featuring an LED touchscreen on the charging case, these earbuds offer high-fidelity stereo sound for music and clear HD calls. They support 144 languages through 14 voice translations, covering over 90% of the global population, powered by four top-level translation engines for 97% accuracy and 0.5-second low-latency translation across 15 global servers.

The ergonomic design ensures comfortable, long-term wear without discomfort. With robust battery performance, the earbuds can operate continuously for 8 hours on a full charge, with a standby time of 120 hours.

2. SETUP GUIDE

2.1 Initial Charging

Before first use, fully charge the charging case and earbuds. Place the earbuds into the charging case. Connect the provided USB charging cable to the charging case and a compatible USB power source. The LED indicator on the case will show charging status.

2.2 App Download and Binding

1. Download the dedicated application from your device's application store (e.g., App Store for iOS, Google Play Store for Android).
2. Open the application and follow the on-screen instructions to bind your LX-10 earbuds. This step is crucial for accessing the full range of translation features.

2.3 Bluetooth Pairing

1. Ensure the earbuds are charged and in the charging case.
2. Open the charging case lid. The earbuds will automatically enter pairing mode.
3. On your smartphone or Bluetooth-enabled device, go to Bluetooth settings and search for available devices.
4. Select "LX-10" from the list of detected devices to establish a connection.
5. Once paired, a confirmation sound will be heard from the earbuds.

Secure and Compact earplugs

The ergonomic design of the earbuds is lightweight and shaped according to the human ear structure. Allows for long term wear without discomfort or burden.

3. OPERATING INSTRUCTIONS

3.1 Translation Modes

The LX-10 earbuds offer four distinct translation modes, allowing you to adapt to various communication scenarios:

- **Mute Mode:** Ideal for private listening, where only you hear the translation.
- **Speaker Mode:** For group conversations, the translation is played through the charging case's speaker.
- **Headphone Mode:** Standard mode for personal use, with translation delivered directly to your earbuds.
- **Dual Ear Mode:** Both earbuds are used for immersive translation, suitable for one-on-one conversations where each person wears an earbud.

You can easily switch between these modes via the dedicated application on your smartphone.

High Fidelity Stereo Sound

With premium speakers, these earbuds deliver an immersive music listening experience. Therefore, they serve as the ideal earphones for listening to music and making phone calls.

3.2 Real-Time Language Translation

The LX-10 earbuds support 144 languages and 14 voice translations, covering a vast majority of the world's population. Powered by four advanced translation engines and supported by 15 global servers, they achieve a translation accuracy of 97% with an ultra-low latency of 0.5 seconds, enabling nearly seamless simultaneous interpretation.

144 Languages Translation

The translation earphones compatible with 14 voice translations, cover over 90 percent of the global population and are powered by four top level translation engines, achieving a translation accuracy rate of 97 percent. Additionally, with 15 global servers, they provide low latency translation at 0.5 seconds, enabling nearly seamless simultaneous interpretation.

4. MAINTENANCE

4.1 Battery Performance and Charging

The LX-10 earbuds are designed for extended use. A full charge provides approximately 8 hours of continuous operation, and the charging case offers additional charges, extending the total usage time. The standby time is up to 120 hours. Always use the provided charging cable and a certified power adapter to ensure optimal battery health.

Strong Battery Performance

Equipped with a high capacity battery and unique power management algorithms, the translation earbuds can work continuously for 8 hours on a full charge and have a standby time of 120 hours.

Image 4.1: This image emphasizes the strong battery performance of the earbuds, showcasing their readiness for extended use.

4.2 Cleaning and Storage

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Avoid using abrasive materials, alcohol, or chemical cleaners.
- Ensure the charging contacts on both the earbuds and the case are clean and free of debris.
- Store the earbuds in their charging case when not in use to protect them and maintain charge.
- Keep the device away from extreme temperatures, humidity, and dust.

Four Translation Modes

The translation earbuds come with mute mode, speaker mode, headphone mode, and dual ear mode. You can easily switch between these four modes, allowing you to select the appropriate mode for different environments. They are convenient, flexible, and intelligent.

5. TROUBLESHOOTING

5.1 Common Issues and Solutions

Problem	Possible Cause	Solution
Earbuds not pairing	Low battery; not in pairing mode; device Bluetooth off	Charge earbuds; open case lid to enter pairing mode; enable Bluetooth on device.
No sound from earbuds	Volume too low; not connected; incorrect audio output selected	Increase volume; ensure connection; check device audio settings.

Problem	Possible Cause	Solution
Translation not working	App not open/bound; internet connection issue; incorrect mode selected	Open and bind app; ensure stable internet; select appropriate translation mode.
Charging case not charging	Cable/adaptor issue; dirty charging port	Try different cable/adaptor; clean charging port.

5.2 Resetting the Device

If you encounter persistent issues, a factory reset may resolve them. Refer to the specific instructions within the companion application for the exact reset procedure, as it may vary.

6. SPECIFICATIONS

Feature	Detail
Model	CCYLEZq2gc3fvg5i
Brand	CCYLEZ
Earbud Battery Capacity	40 mAh (single ear)
Charging Case Battery Capacity	320 mAh
Continuous Working Time	Up to 8 hours
Standby Time	Up to 120 hours
Translation Languages	144 languages (14 voice translations)
Translation Accuracy	97%
Translation Latency	0.5 seconds
Headphone Form Factor	In-ear
Special Features	Foldable (referring to compact design), LED Touchscreen
Package Dimensions	12 x 11 x 5 cm
Package Weight	128 g
