Poliman Móveis Ravana Modular Kitchen 5-Piece 11-Door with Glass Cabinet Instruction Manual

Model: Ravana

1. PRODUCT OVERVIEW

The Poliman Móveis Ravana Modular Kitchen is a 5-piece, 11-door unit designed for modern kitchens, featuring a glass cabinet. It combines practicality, contemporary design, and durability. This modular system offers intelligent solutions for efficient and elegant kitchen organization.

Key features include scratch, moisture, and high-temperature resistant countertops, full-extension telescopic drawer slides, and soft-close hinges for smooth and silent door operation. The unit is equipped with adjustable PVC feet for perfect leveling and features a sophisticated design with high-quality finishes.

2. SETUP AND ASSEMBLY

This modular kitchen unit requires assembly. It is recommended that two adults perform the assembly to ensure safety and proper installation. Before beginning, verify all components are present and undamaged. Refer to the included assembly diagrams for detailed step-by-step instructions.

- **Unpack Components:** Carefully remove all parts from the packaging. Keep small hardware items organized.
- **Identify Parts:** Match each part to the corresponding labels in the assembly guide.
- **Assemble Modules:** Follow the specific instructions for each module (base cabinets, wall cabinets, glass cabinet).
- **Install Adjustable Feet:** Attach the PVC adjustable feet to the base cabinets. These allow for precise leveling on uneven floors.
- **Secure Units:** Once assembled, position the modules and secure them together as indicated in the assembly guide to form a cohesive kitchen unit.

Image 2: Diagram showing the overall dimensions of the modular kitchen, including height (220 cm), width (260 cm), and depths of upper (29 cm) and lower (45 cm) sections. This image is crucial for planning the installation space.

Image 3: Detailed view of the glass cabinet (cristaleira) component, highlighting features such as integrated LED lighting, clear glass doors, black polymer profile handles, internal shelving, and adjustable PVC feet.

3. OPERATING INSTRUCTIONS

The Poliman Móveis Ravena Modular Kitchen is designed for ease of use and durability.

- **Doors:** The 11 doors are equipped with soft-close hinges, ensuring a gentle and silent closing action. Avoid forcing doors shut.
- **Drawers:** The two drawers feature telescopic slides, allowing for full extension and easy access to contents. Pull and push drawers smoothly.
- **Glass Cabinet:** The glass cabinet (cristaleira) is ideal for displaying items. Handle glass doors with care.
- **Countertop:** The universal countertop is designed to be resistant to scratches, moisture, and high temperatures, suitable for various kitchen tasks.

4. MAINTENANCE

Proper maintenance will extend the life and appearance of your Poliman Móveis Ravena Modular Kitchen.

- **Cleaning Surfaces:** Use a soft, damp cloth with mild soap and water to clean all surfaces. Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the Freijo UV/Off Acetinado finish.
- **Glass Care:** Clean glass doors with a glass cleaner and a soft, lint-free cloth.
- **Spills:** Wipe up spills immediately to prevent moisture damage, especially on the countertop and inside cabinets.
- **Hardware:** Periodically check and tighten all screws and fasteners, especially those on hinges and drawer slides, to ensure stability and smooth operation.
- **Adjustable Feet:** Ensure the adjustable PVC feet remain properly leveled to prevent stress on the cabinet structure.

5. TROUBLESHOOTING

If you encounter any issues with your modular kitchen, refer to the following common troubleshooting tips:

- **Wobbly Doors:** Check the hinge screws. Tighten them if loose. If the door is misaligned, adjust the hinge screws as per the assembly guide to re-align.
- **Drawers Not Closing Smoothly:** Inspect the telescopic slides for any obstructions or debris. Clean the slides if necessary. Ensure the screws securing the slides are tight.
- **Unit Not Level:** Adjust the PVC feet on the base cabinets. Turn them clockwise to raise and counter-clockwise to lower until the unit is stable and level. Use a spirit level for accuracy.

- **Loose Handles:** Tighten the screws securing the black polymer profile handles from the inside of the door or drawer.

6. SPECIFICATIONS

Feature	Detail
Brand	Poliman
Model	Ravena
Color	Freijo UV/Off Acetinado
Material	MDP (Medium Density Particleboard)
