GoSports PF-BAJA-LOUNGE-01

GoSports Coast Modern In Pool Lounge Chair Instruction Manual

Model: PF-BAJA-LOUNGE-01

INTRODUCTION

The GoSports Coast Modern In Pool Lounge Chair is designed to provide a luxurious and comfortable lounging experience, whether placed on a baja shelf in your pool or on your patio. This waterproof and weighted chaise lounge features an ergonomic design and durable construction for long-lasting use.

Key Features:

- **Coast Modern Style:** Designed for in-pool use on baja shelves (up to 9 inches deep) or as a poolside tanning chair.
- **Ergonomic Relaxation:** Contoured design with an included pillow for comfort, supporting up to 300 lbs.
- **Pre-Weighted:** Features two pre-installed, dense iron weights (18 lbs total) for superior stability, preventing drifting or tipping.
- **All-Weather Durability:** Constructed from heavy-duty, weatherproof HDPE with marine-grade, rustproof hardware, resistant to sun, chlorine, and salt water.

SAFETY INFORMATION

WARNING: This product is not a flotation or lifesaving device. Always supervise children around water. Maximum weight capacity is 300 lbs. Do not exceed this limit.

PACKAGE CONTENTS

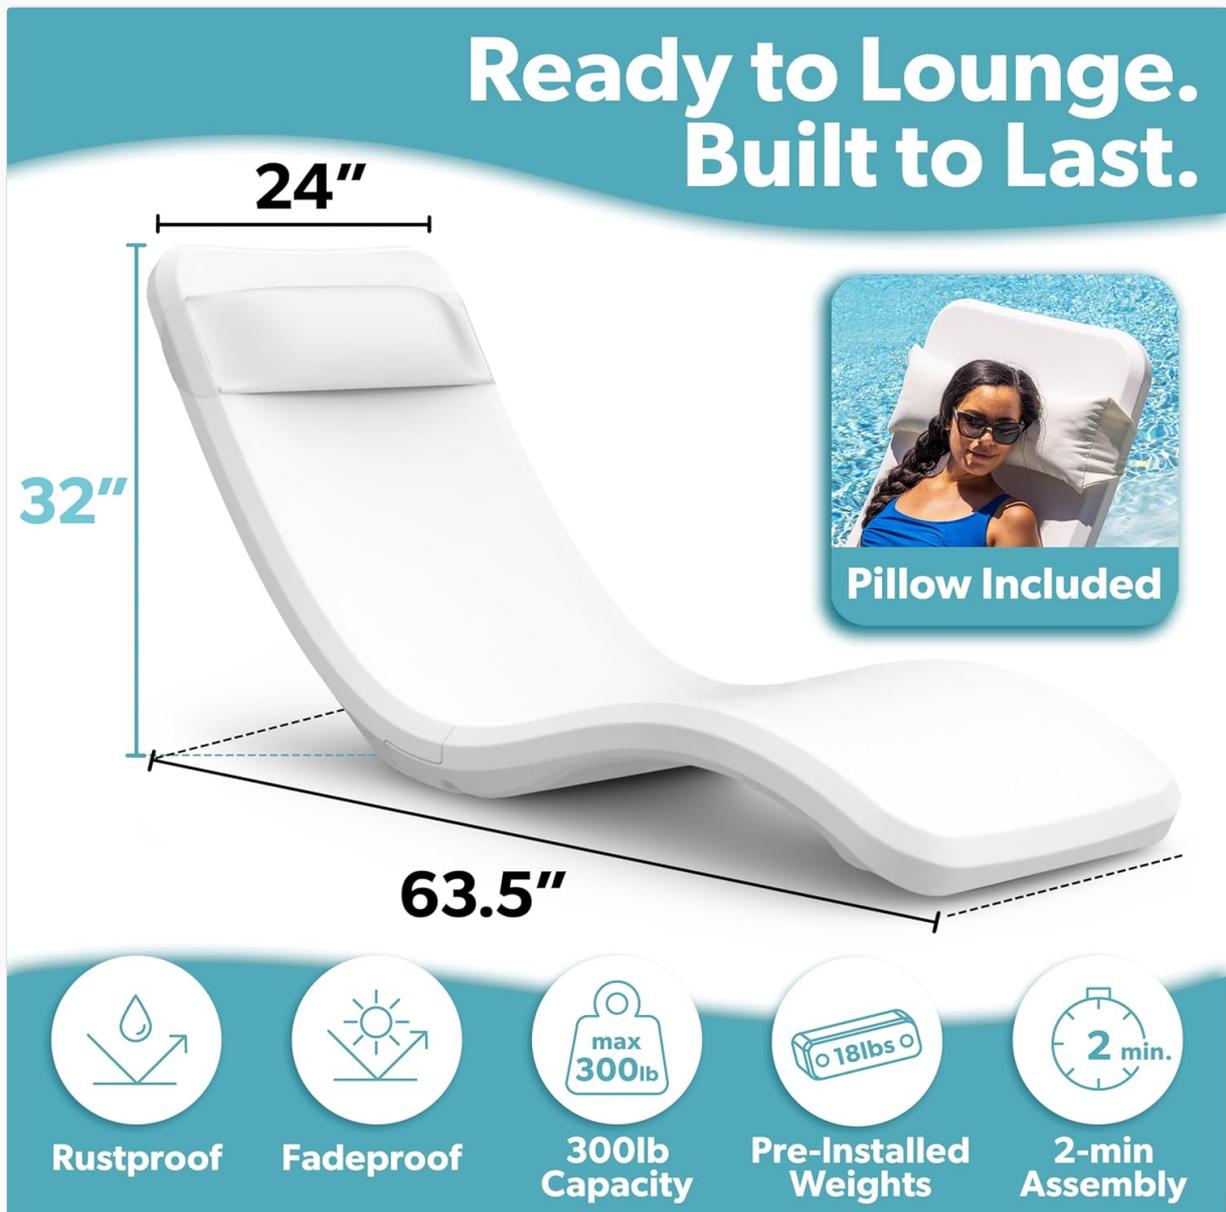

- GoSports Coast Modern In Pool Lounge Chair
- Pillow
- Assembly Hardware (pre-installed weights)

SETUP AND ASSEMBLY

The GoSports Coast Modern In Pool Lounge Chair is designed for easy assembly, typically taking approximately 2 minutes. While the weights are pre-installed, some minor assembly of the chair sections may be required.

1. Unpack all components and verify against the package contents list.
2. Connect the chair sections as per the included visual instructions (if provided in physical manual). Ensure all connections are secure.
3. Place the assembled lounge chair in the desired location, either on your pool's baja shelf or on a flat patio surface.

Ready to Lounge. Built to Last.

OPERATING INSTRUCTIONS

The lounge chair is versatile and can be used both in-pool and on the patio.

In-Pool Use (Baja Shelf):

- Ensure your baja shelf depth is suitable. The chair is designed for depths up to 9 inches.

- For deeper baja shelves (over 9 inches), a Coast Modern Riser Kit (sold separately) is required to achieve optimal waterline and comfort.
- Gently place the lounge onto the baja shelf. The pre-installed weights will help it settle and prevent floating. It may take a moment for the lounge to fully submerge and stabilize.

Patio Use:

- Place the lounge on any flat, stable outdoor surface.
- The ergonomic design provides comfortable seating for relaxation outside the pool.

MAINTENANCE

To ensure the longevity and appearance of your lounge chair, follow these care instructions:

- **Cleaning:** The chair can be cleaned by hosing down, power washing, or spot cleaning as needed.
- **Storage:** While designed for all-weather durability, storing the chair in a shaded or covered area during prolonged periods of non-use or harsh weather conditions can extend its lifespan.

TROUBLESHOOTING

- **Chair Floats or Drifts:** Ensure the chair is fully submerged and the pre-installed weights have had time to settle. If using in deeper water, verify that the appropriate riser kit is installed.
- **Assembly Difficulty:** If experiencing difficulty during assembly, ensure all parts are correctly aligned. It may be helpful to have a second person assist with holding components in place.
