HSANHE YC625

HSANHE 2-in-1 Transforming Phoenix Mecha Robot Building Set

Model: YC625

Introduction

Thank you for choosing the HSANHE 2-in-1 Transforming Phoenix Mecha Robot Building Set. This comprehensive instruction manual provides detailed guidance for assembling, operating, and maintaining your building set. Designed for experienced builders, teens, and adults, this 599-piece set allows you to construct a fierce winged Phoenix that transforms into a powerful robotic warrior. Please read these instructions carefully before beginning assembly.

Safety Information

- **Not for children under 3 years:** This product contains small parts which may pose a choking hazard.
- Always supervise younger children if they are near the assembly area.
- Keep all packaging materials away from children.

Package Contents

Your HSANHE 2-in-1 Transforming Phoenix Mecha Robot Building Set includes:

- 599 high-quality building blocks
- 1 Instruction Manual (this document)

Before starting assembly, please verify that all pieces are present. Refer to the parts list provided in the printed instruction manual for a complete inventory.

Assembly Instructions

The assembly process for the HSANHE 2-in-1 Transforming Phoenix Mecha Robot is detailed in the included printed instruction manual. Follow the step-by-step diagrams carefully to ensure correct construction.

General Assembly Tips:

- **Organize Pieces:** Sort the building blocks by color and shape before you begin. This will significantly speed up the assembly process.
- **Follow Steps Sequentially:** Each step builds upon the previous one. Do not skip steps.
- **Secure Connections:** Ensure all blocks are firmly pressed together to create stable connections.
- **Refer to Diagrams:** Pay close attention to the orientation and placement of each piece as shown in the diagrams.

Operating Instructions (Transformation)

This building set features a unique 2-in-1 design, allowing you to transform your creation between a majestic Phoenix and a powerful Mecha Robot. The transformation process involves reconfiguring specific sections of the model. Refer to the detailed steps in your printed instruction manual for precise guidance.

Key Transformation Areas:

- **Wings/Arms:** The Phoenix's wings articulate to become the robot's arms and shoulder armor.
- **Tail/Legs:** The Phoenix's tail section reconfigures to form the robot's legs and lower body.
- **Head/Torso:** The Phoenix's head integrates into the robot's chest, while the robot's head emerges.
- **Weapons:** The attachable weapon can be used in robot mode.

Maintenance

Proper care will ensure the longevity of your HSANHE building set.

- **Cleaning:** To clean the blocks, wipe them gently with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the assembled model or individual blocks in a cool, dry place away from direct sunlight and extreme temperatures. This helps prevent discoloration and material degradation.
- **Handling:** Handle the assembled model with care, especially during transformation, to avoid accidental detachment of pieces.

Troubleshooting

If you encounter any issues during assembly or operation, please refer to the following common solutions:

- **Missing Pieces:** If you believe you are missing pieces, first double-check all packaging materials and the assembly area. Sometimes small pieces can be overlooked. If pieces are genuinely missing, please contact HSANHE customer support (see Support section).
- **Difficulty Connecting Pieces:** Ensure you are using the correct pieces for each step. Apply firm, even pressure when connecting blocks. If a piece does not fit, do not force it, as this may cause damage. Re-examine the instruction manual diagram for that step.
- **Model Instability:** If your assembled model feels unstable, review previous steps to ensure all connections are secure and all pieces are correctly oriented. Loose connections are a common cause of instability.
- **Transformation Issues:** If the model does not transform smoothly, ensure all joints are correctly aligned and articulated as shown in the manual. Do not force moving parts.

Specifications

Key specifications for the HSANHE 2-in-1 Transforming Phoenix Mecha Robot Building Set:

Feature	Detail
Brand Name	HSANHE
Model Name	YC625
Set Name	2 in 1 Transforming Phoenix Mecha Robot
Number of Pieces	599
Material Type	Plastic
Item Weight	0.51 Kilograms
Educational Objective	Construction Skills
Recommended Minimum Age	14 years (168 months)
Assembly Required	Yes
