1. SAFETY INFORMATION

Please read and understand all safety instructions before assembling and using this dresser. Failure to follow these instructions may result in injury or damage to the product.

- **Anti-Tipping Device:** This dresser includes an anti-tipping belt. It is essential to fix this device securely to the wall to prevent the dresser from tipping over, especially in households with children or pets.
- **Weight Limits:** Do not exceed the recommended weight capacity for each drawer or the top surface. Overloading can compromise stability and cause damage.
- **Proper Placement:** Place the dresser on a flat, level surface. Uneven surfaces can affect stability.
- **Children Safety:** Keep children away from the dresser during assembly. Do not allow children to climb on or play with the dresser, even after assembly. Always use the anti-tipping device.
- **Electrical Safety:** Ensure the LED light power supply is connected to a suitable power outlet. Do not expose the LED components to water or excessive moisture.

Please fix the anti-tipping device to the wall

3. PARTS LIST

Before beginning assembly, ensure all components are present and undamaged. Refer to the detailed instructions included in your product packaging for specific part identification and quantities.

Component	Description
Top Panel	Main top surface of the dresser.
Side Panels	Left and right structural sides.
Back Panel	Rear support panel.
Drawer Fronts (6)	Exterior faces of the drawers.

Component	Description
Drawer Sides/Backs/Bottoms	Components for assembling the six drawers.
Metal Drawer Slides	Hardware for smooth drawer operation.
LED Light Strip	RGB LED lighting unit.
LED Controller/Power Supply	Unit for controlling LED functions and power.
Anti-Tipping Kit	Strap and hardware for securing the dresser to a wall.
Assembly Hardware	Screws, dowels, cam locks, etc.

4. ASSEMBLY INSTRUCTIONS

Assembly of this dresser requires careful attention to detail. It is recommended to have two people for assembly to ensure stability and ease of construction. All components are numbered for straightforward identification.

- 1. Preparation:** Clear a spacious area for assembly. Lay out all parts and hardware, matching them against the included parts list.
- 2. Tools Required:** Typically, a screwdriver (Phillips head) and a hammer are needed. Ensure you have these readily available.
- 3. Follow Numbered Steps:** Refer to the detailed, step-by-step instructions provided in the packaging. Each component is numbered to guide you through the process.
- 4. Drawer Assembly:** Assemble each of the six drawers carefully, ensuring the metal slides are correctly oriented and secured for smooth operation.
- 5. LED Light Installation:** Install the LED light strip and controller as per the instructions. Ensure all connections are secure.
- 6. Anti-Tipping Device:** Crucially, install the anti-tipping device to the back of the dresser and secure it to a wall stud using appropriate hardware. This step is vital for safety.

Note: Some users have reported minor discrepancies in instruction diagrams or pre-drilled holes. If you encounter such issues, carefully review the steps and ensure parts are oriented correctly before proceeding. Do not force components.

5. OPERATING THE LED LIGHTS

The integrated RGB LED light strip offers customizable illumination for your dresser. You can control the lights using either the included physical button controller or a dedicated mobile application.

- **Power On/Off:** Use the main power button on the controller or within the app to turn the LED lights on or off.
- **Color Selection:** Choose from over 6 million colors via the mobile application. The button controller typically cycles through preset colors.
- **Brightness Adjustment:** Adjust the light intensity to your preference using the app or controller.
- **Dynamic Modes:** Select from various dynamic modes such as Flashing, Jump, or Fade, which change colors at different speeds.
- **Music Rhythm Mode:** The LED lights can synchronize with music rhythm, creating an interactive lighting experience. This feature is typically controlled via the mobile application.
- **Timing Function:** Set schedules for the lights to turn on or off automatically using the timing function available in the app.

6. CARE AND MAINTENANCE

Proper care will help maintain the appearance and longevity of your HAUOMS dresser.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the engineered wood.
- **Heat and Moisture:** Avoid placing hot items directly on the dresser surface. Protect the dresser from excessive moisture and direct sunlight, which can cause warping or fading.
- **Drawer Slides:** Periodically check drawer slides for smooth operation. If they become stiff, a small amount of silicone lubricant can be applied.
- **Hardware:** Periodically check and tighten all assembly hardware to ensure the dresser remains stable.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your dresser.

Problem	Possible Cause	Solution
Dresser is wobbly/unstable.	Loose hardware; uneven floor; anti-tipping device not installed.	Tighten all screws. Ensure dresser is on a level surface. Install the anti-tipping device securely to the wall.
Drawers do not slide smoothly or get stuck.	Drawer slides misaligned; debris in slides; overloaded drawer.	Check that drawer slides are correctly installed and aligned. Clean any debris from the slides. Reduce drawer contents if overloaded.
LED lights are not working.	Power connection loose; controller malfunction; light strip damaged.	Ensure power adapter is securely plugged into the wall and the LED controller. Check all connections. If issues persist, contact customer support.
Difficulty during assembly (e.g., parts not fitting).	Incorrect part orientation; missing pre-drilled holes.	Carefully re-read the assembly instructions and check part orientation. Do not force parts. If holes are missing, contact customer support for guidance.

8. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	HAUOMS
Model Number	DJ504296_1
Number of Drawers	6
Material	Engineered Wood
Finish Type	Wood
Product Dimensions (D x W x H)	15.8" x 27.6" x 52.8"

Feature	Detail
Color	Black
Style	Modern
Mounting Type	Floor Mount
Required Assembly	Yes
Special Feature	RGB LED Light

9. WARRANTY AND SUPPORT

HAUOMS is committed to providing quality products and customer satisfaction. For any questions, problems, or assistance with your dresser, please do not hesitate to contact our professional service team.

- **Customer Service:** Professional service is available within 24 hours. Please refer to your product packaging or purchase documentation for specific contact details (e.g., email address, phone number).
- **Warranty Information:** Details regarding product warranty, if applicable, can be found in your purchase documentation. Keep your proof of purchase for warranty claims.
- **Feedback:** Your feedback is valuable. If you have suggestions for improvement or experience any issues, please reach out to us.
