# Avenlur 8-in-1 Indoor/Outdoor Playset Instruction Manual

Model: AVNLR-CHSNT

Brand: Avenlur

## INTRODUCTION

Welcome to the Avenlur 8-in-1 Indoor/Outdoor Playset. This versatile and durable wooden playset is designed to provide hours of active fun for toddlers and young children aged 2 to 8 years. Inspired by Waldorf and Montessori principles, it encourages physical development, coordination, confidence, and imaginative play.

This playset features a slide, monkey bars, two ladders, a rope ladder, a rock climbing wall, a flat seat swing, gymnastics rings, and a disc seat swing, offering a comprehensive play experience. Its foldable design allows for easy storage and transition between indoor and outdoor environments.

## IMPORTANT SAFETY INFORMATION

**WARNING:** Adult supervision is required at all times.

- Ensure the playset is assembled correctly and all fasteners are securely tightened before use.
- Place the playset on a level, soft surface, such as grass, rubber mulch, or play mats, to minimize injury from falls.
- Maintain a clear safety zone around the playset, free from obstacles, walls, or other structures.
- Do not allow more than the recommended number of children on the playset at one time.
- Regularly inspect all components for wear, damage, or loose parts. Replace or repair as needed.
- This playset is constructed from non-toxic, FSC-certified wood and is fully ASTM/CPSIA compliant.
- For outdoor use, ensure the weather-safe wood is maintained as per maintenance guidelines to prevent warping or rotting.
- Do not use the playset in extreme weather conditions (e.g., heavy rain, strong winds, snow).

## SETUP AND ASSEMBLY

Assembly is required. A detailed video walkthrough is available from the manufacturer. It is recommended to have at least two adults for assembly.

## **Tools Required:**

- Included Allen wrench (8mm may be needed for rock holds).
- Phillips head screwdriver.
- Hammer (for dowels, if any).
- Power drill (optional, for faster assembly, but use with care).

## **General Assembly Steps:**

1. Unpack all components and lay them out on a clean, flat surface. Verify against the components list.
2. Begin by assembling the main A-frame structure, ensuring all wooden beams are correctly oriented.
3. Attach the climbing ladders to the A-frame using the provided hardware. Pay close attention to the orientation of each ladder section.
4. Secure the monkey bars to the top of the A-frame. Ensure they are level and firmly attached.
5. Install the rock climbing wall and rope ladder onto their designated sides of the A-frame.
6. Attach the flat seat swing, gymnastics rings, and disc seat swing to the monkey bar section using the carabiners. These can be repositioned as desired.
7. Position the reversible slide. It can be attached to either side of the A-frame, allowing for different play configurations.
8. Once fully assembled, double-check all screws, bolts, and connections to ensure they are tight and secure.

## OPERATING INSTRUCTIONS

The Avenlur 8-in-1 Playset offers multiple ways for children to engage in active play.

### Using the Features:

- **Slide:** Climb up one of the ladders or the rock wall and slide down. The slide can be flipped to offer a ladder on the reverse side.
- **Monkey Bars:** Children can traverse across the monkey bars, developing upper body strength and coordination.
- **Ladders:** Utilize the two fixed ladders and the rope ladder for climbing up and down, enhancing motor skills.
- **Rock Climbing Wall:** Use the colorful holds to ascend the climbing wall, improving grip strength and problem-solving.

- **Swings & Rings:** The flat seat swing, disc seat swing, and gymnastics rings can be attached to various points on the monkey bar section using their carabiners, allowing for customizable swing experiences.

## Folding for Storage/Relocation:

The playset is designed to fold for convenient storage or relocation. Loosen the black knobs on the side joints to allow the A-frame sections to collapse inward. Ensure all hanging accessories are removed or secured before folding.

## MAINTENANCE

- **Regular Inspection:** Periodically check all nuts, bolts, and screws for tightness. Tighten as necessary.
- **Wood Care:** For outdoor use, inspect the weather-safe wood regularly for signs of wear, splintering, or rot. Apply a non-toxic, weather-resistant sealant annually or as needed to prolong the life of the wood.
- **Cleaning:** Clean the playset with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, especially during prolonged periods or harsh weather, it is recommended to fold and

store the playset indoors or under a protective cover to extend its lifespan.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
Playset feels wobbly	Loose fasteners; uneven surface	Tighten all screws and bolts. Ensure playset is on a level surface.
Difficulty assembling	Incorrect part orientation; missing hardware	Refer to the detailed instruction manual and video walkthrough. Contact customer support for missing parts.
Wood splintering/cracking	Exposure to elements; lack of maintenance	Apply wood sealant. Sand down small splinters carefully. For significant damage, contact customer support for replacement parts.
Swings/Rings not secure	Improper carabiner attachment	Ensure carabiners are fully closed and securely hooked onto the monkey bar rungs.
