mollie A03-PGV-001-RD-DUP1

mollie Dog Grooming Vacuum and Dryer Instruction Manual

Model: A03-PGV-001-RD-DUP1

INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your mollie Dog Grooming Vacuum and Dryer. This 3-in-1 device combines a pet blower, a vacuum cleaner for loose hair, and a precision trimming tool, offering a comprehensive grooming solution for your pets. Please read this manual thoroughly before operation and retain it for future reference.

SAFETY INSTRUCTIONS

- Always ensure the device is unplugged before cleaning or performing maintenance.
- Do not immerse the main unit in water or other liquids.
- Keep the device out of reach of children and pets when not in use.
- Do not operate the device with a damaged cord or plug. Contact customer support for assistance.
- Use only the attachments provided by the manufacturer.
- Avoid blocking air vents during operation to prevent overheating.
- Ensure your pet is calm and comfortable before beginning grooming.

PACKAGE CONTENTS

Verify that all items are present in your package:

- mollie Main Unit (Vacuum/Blower)
- Flexible Long Hose (approx. 53 inches)
- Electric Trimmer
- Grooming Brush
- Deshedding Brush
- Massage Dryer Nozzle
- Crevice Nozzle (Blowing & Vacuuming)
- Cleaning Brush
- 4 Clipper Guards (6mm, 12mm, 18mm, 24mm)

Image: An exploded view showing the main mollie unit and all five included grooming tools and clipper guards.

PRODUCT OVERVIEW

The mollie grooming system features a compact main unit with intuitive controls and a variety of interchangeable tools for different grooming tasks.

Main Unit Controls

- **On/Off Button:** Powers the device on or off.
- **Mode Indicator Light:** Displays the current operating mode (vacuum or blow).
- **Gear Shift Button:** Adjusts the suction/blowing power level.

Image: A detailed view of the mollie unit's top panel, highlighting the On/Off button, mode indicator lights, and gear shift button.

SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Connect Hose:** Attach the flexible hose to the main unit's port. Ensure it clicks securely into place.
3. **Select Tool:** Choose the desired grooming tool and attach it to the other end of the flexible hose.
4. **Power Connection:** Plug the power cord into a suitable electrical outlet.

FLEXIBLE LONG HOSE

The hose is both high-temperature resistant and flexible, about 53 inches long, making it convenient for pet grooming.

Image: The mollie main unit with the flexible, high-temperature resistant hose attached, demonstrating its length and flexibility.

OPERATING INSTRUCTIONS

General Operation

- Power On:** Press the On/Off button to start the device.
- Select Mode:** Rotate the dial on the main unit to switch between 'VACUUM' and 'BLOW' modes. The mode indicator light will confirm your selection.
- Adjust Power:** Use the Gear Shift button to cycle through different power levels for suction or blowing.
- Power Off:** Press the On/Off button again to turn off the device.

Using Grooming Tools

- Grooming Brush / Deshedding Brush:** Use these brushes in vacuum mode to remove loose hair and undercoat. The vacuum collects the hair directly, minimizing mess. The grooming brush features rounded bristles for a gentle massage.

<65dB
Low Noise

QUIET AND GENTLE
ONLY 65 dB

40dB 50dB 60dB 70dB

- **Massage Dryer Nozzle:** Use this nozzle in blow mode to dry your pet's fur after bathing. It provides a gentle, constant temperature airflow for comfort.

BLOWING

CREVICE NOZZLE

CONCENTRATE AND DIRECT THE AIRFLOW TO DESIRED AREAS

VACUUMING

Image: A close-up of the massage dryer nozzle, designed to simulate fingertip massage while drying with constant temperature airflow.

- **Crevice Nozzle:** This versatile nozzle can be used in both blow and vacuum modes. In blow mode, it concentrates airflow for targeted drying. In vacuum mode, it can clean pet hair from hard-to-reach areas like furniture crevices.

ROUNDED BRISTLES MASSAGE BY PINS WITH PLASTIC TIPS

Image: The crevice nozzle in use, demonstrating its ability to concentrate airflow for blowing and effectively vacuum pet hair from surfaces.

- **Cleaning Brush:** Use this brush to clean the device itself or other surfaces. It helps neutralize static electricity, making hair easier to capture.

Thickened coffee color storage inner wall, not only good texture, and storage garbage will not appear messy

Other

Transparent storage wall, thin and transparent, clearly can see the garbage

MAINTENANCE

Emptying the Dust Cup

The mollie grooming vacuum features a 4-liter large-capacity dust cup, reducing the frequency of emptying. To empty:

1. Ensure the device is turned off and unplugged.
2. Locate the 'PUSH' button on the side of the dust cup.
3. Press the button to release the dust cup from the main unit.
4. Carefully empty the collected hair and debris into a waste bin.
5. Reattach the dust cup, ensuring it clicks securely into place.

Cleaning Tools and Hose

- After each use, remove any hair or debris from the grooming tools.
- Wipe down tools with a damp cloth. Do not use harsh chemicals.
- Periodically check the hose for blockages and clear them if necessary.

General Care

- Store the device and its accessories in a clean, dry place.
- Avoid exposing the device to extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Device does not turn on	Not plugged in; Power outlet issue; Damaged cord	Check power connection; Try a different outlet; Contact customer support
Weak suction/blowing power	Dust cup full; Hose/tool blockage; Incorrect power setting	Empty dust cup; Clear blockages; Adjust power level with Gear Shift button
Excessive noise	Blockage in hose/unit; Loose component	Check for and clear blockages; Ensure all parts are securely attached
Trimmer not cutting effectively	Blades dull; Hair tangled in blades	Clean trimmer blades; Ensure blades are free of tangled hair

If problems persist, please contact mollie customer support.

SPECIFICATIONS

- Model Number:** A03-PGV-001-RD-DUP1
- Product Dimensions:** 11 x 6 x 9.5 inches
- Dust Cup Capacity:** 4 Liters
- Power Source:** Corded Electric
- Material:** Plastic, Stainless Steel
- Noise Level:** Approximately 65 dB

PRODUCT DIMENSIONS
