## 3. SETUP

### 3.1 Inserting SIM Card and SD Card

1. Locate the SIM card tray on the side of your device.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM card(s) and/or microSD card into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully reinsert the tray into the device until it clicks into place.

### 3.2 Initial Power On and Basic Setup

1. Press and hold the Power button until the TECNO logo appears.
2. Follow the on-screen instructions to select your language, connect to a Wi-Fi network, and set up your Google account.
3. You will be guided through setting up security features such as fingerprint unlock or facial recognition.

## 4.4 Battery Management and Charging

The device is powered by a 5500mAh battery and supports 45W fast charging. Use the provided power adapter and USB cable for optimal charging speed.

- To charge, connect the USB cable to the phone's USB-C port and the power adapter, then plug into a wall outlet.
- Avoid using non-certified chargers or cables to prevent damage.

## 4.5 Connectivity

Your TECNO POVA Curve 5G supports 5G cellular networks, Wi-Fi, and Bluetooth. It also features an Intelligent Signal Hub System for improved network reception.

- **Wi-Fi:** Go to Settings > Network & internet > Wi-Fi to connect to available networks.
- **Bluetooth:** Go to Settings > Connected devices > Bluetooth to pair with other Bluetooth devices.
- **Mobile Data:** Ensure your SIM card is active and mobile data is enabled in Settings > Network & internet > Mobile network.

## 5. MAINTENANCE

### 5.1 Cleaning Your Device

To keep your smartphone clean and functional:

- Use a soft, lint-free cloth to wipe the screen and body.
- Avoid using harsh chemicals, abrasive materials, or aerosol sprays.
- Do not expose the device to excessive moisture.

### 5.2 Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Go to Settings > System > System update.

### 5.3 Battery Care

To prolong battery life:

- Avoid extreme temperatures.
- Do not let the battery completely drain frequently.
- Unplug the charger once the battery is fully charged.

## 6. TROUBLESHOOTING

This section addresses common issues you might encounter with your TECNO POVA Curve 5G.

Issue	Possible Solution
Device does not power on	Ensure the battery is charged. Press and hold the Power button for at least 10 seconds to force a restart.
Apps are crashing or freezing	Clear the cache of the problematic app (Settings > Apps > [App Name] > Storage > Clear cache). Restart the device.
Poor network signal	Check if your SIM card is properly inserted. Move to an area with better network coverage. Restart the device.
Battery drains quickly	Reduce screen brightness, close unused apps, disable unnecessary background processes, and check for power-intensive apps in battery settings.
Touchscreen unresponsive	Restart the device. If the issue persists, contact customer support.

## 7. SPECIFICATIONS

Key technical specifications for the TECNO POVA Curve 5G (Model: LJ8K):

- **Operating System:** Android 15
- **RAM:** 8 GB (expandable with memory fusion)
- **Storage:** 128 GB / 256 GB ROM
- **Processor:** MediaTek Dimensity 7300 Ultimate 5G
- **Display:** 144Hz Curved AMOLED
- **Rear Camera:** 64MP IMX682
- **Battery:** 5500mAh with 45W Fast Charging
- **Dimensions:** 16.4 x 7.5 x 0.7 cm
- **Weight:** 177 g
- **Connectivity:** Bluetooth, Infrared, USB, Wi-Fi, 5G
