Accessonico Charger for Da Fit ROHS Smart Watch - Instruction Manual

INTRODUCTION

This manual provides essential instructions for the safe and effective use of your Accessonico 2 Pin 2.8mm Magnetic USB Charger, designed for Da Fit and ROHS smartwatches. Please read this manual thoroughly before use and retain it for future reference.

PRODUCT OVERVIEW

The Accessonico Smartwatch Charger is a magnetic USB charging cable specifically designed to provide power to compatible smartwatches. It features a 2-pin magnetic connector for secure attachment to your device and a standard USB-A connector for power input.

Key Features:

- **2-Pin Magnetic Connector:** Ensures a stable and reliable connection to your smartwatch.
- **2.8mm Pin Spacing:** Compatible with smartwatches requiring this specific pin configuration.
- **USB-A Connectivity:** Plugs into any standard USB power source (e.g., wall adapter, computer, power bank).
- **Fast Charging Capability:** Designed to efficiently charge your device.
- **Compatibility:** Specifically designed for Da Fit and ROHS smartwatches.

What's Included:

- 1 x Accessonico Smartwatch Charger (Model: RDF93)

Image: The Accessonico 2 Pin 2.8mm Magnetic USB Smartwatch Charger, featuring a black cable, a magnetic 2-pin connector on one end, and a standard USB-A connector on the other.

SETUP

1. **Identify Smartwatch Charging Port:** Locate the charging contacts on the back of your Da Fit or ROHS smartwatch. These are typically two small metal dots.
2. **Connect to Power Source:** Insert the USB-A end of the charging cable into a compatible USB power adapter (not included), a computer's USB port, or a power bank. Ensure the power source is active.
3. **Attach to Smartwatch:** Carefully align the magnetic 2-pin connector of the charger with the charging contacts on your smartwatch. The magnetic force will help secure the connection. Ensure the pins on the charger make full contact with the smartwatch's charging points.
4. **Verify Connection:** Once connected, your smartwatch should indicate that it is charging, typically with a battery icon or a charging animation on its screen.

OPERATING INSTRUCTIONS

Once the charger is properly set up and connected, the smartwatch will begin charging automatically. No further user interaction is typically required during the charging process.

- **Charging Indication:** Refer to your smartwatch's specific user manual for details on how it indicates charging status (e.g., LED light, screen icon).
- **Charging Time:** Charging times may vary depending on the smartwatch model, its current battery level, and the power output of the USB source.
- **Disconnection:** Once charging is complete, gently detach the magnetic connector from your smartwatch and unplug the USB-A end from the power source.

MAINTENANCE

- **Cleaning:** Periodically wipe the magnetic charging pins and the smartwatch's charging contacts with a soft, dry cloth to remove dust or debris. Do not use liquid cleaners directly on the pins.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures when not in use. Avoid tangling the cable.
- **Handling:** Do not bend the cable sharply or apply excessive force to the connectors, as this can cause internal damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Smartwatch is not charging.	<ul style="list-style-type: none"> • Improper connection between charger and smartwatch. • Faulty USB power source. • Dirty charging contacts. • Incompatible smartwatch model. 	<ul style="list-style-type: none"> • Ensure the magnetic pins are correctly aligned and firmly attached to the smartwatch's charging contacts. • Try a different USB port or power adapter. • Clean the charging pins on both the charger and smartwatch with a dry cloth. • Verify your smartwatch is a Da Fit or ROHS model compatible with a 2-pin, 2.8mm magnetic charger.
Charging is slow or intermittent.	<ul style="list-style-type: none"> • Weak power source. • Loose connection. • Background apps on smartwatch consuming power. 	<ul style="list-style-type: none"> • Use a certified USB power adapter with adequate output. • Re-seat the magnetic connector to ensure a solid connection. • Close unnecessary applications on your smartwatch if possible.

SPECIFICATIONS

- **Model:** RDF93
- **Brand:** Accessonico
- **Connector Type:** 2-Pin Magnetic (2.8mm spacing)
- **Input Connector:** USB-A
- **Cable Type:** ROHS compliant
- **Special Feature:** Fast Charging
- **Compatible Devices:** Da Fit smart watch, ROHS smart watch
- **Package Dimensions:** 5.35 x 3.15 x 0.71 inches

- **Item Weight:** 0.16 ounces
