Lehoo Castle Dreamhome Dollhouse: Assembly and Play Instructions

Model: 556-105A

INTRODUCTION

Welcome to the Lehoo Castle Dreamhome Dollhouse instruction manual. This guide provides essential information for the assembly, operation, and maintenance of your new 4-story, 12-room dollhouse playset. Designed for imaginative play, this dollhouse includes numerous accessories and features to create a vibrant play environment. Please read these instructions carefully before assembly and use.

SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.

- Always supervise children during play.
- Ensure all small parts are securely attached or stored away from young children.
- Do not allow children to put small parts in their mouths.
- Keep packaging materials away from children to prevent suffocation.

PACKAGE CONTENTS

Before beginning assembly, please verify that all 293 pieces are present. Refer to the product list image below.

Extra parts are included in case of missing parts

- If any parts are missing or damaged, please contact Lehou Castle customer support.

Assembly is required. Follow these steps carefully to construct your dollhouse. The dollhouse can be configured into various layouts (4, 6, 8, 10, or 12 rooms).

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.

Refer to the "Product List" image to identify all pieces.

2. **Assemble Base Structure:** Begin by connecting the base floor panels. The dollhouse features a reinforced structure with fasteners to ensure stability.
3. **Build Walls and Floors:** Attach wall panels to the base and then add the next floor level. Continue this process for all four stories. The design allows for flexible room arrangements.
4. **Install Roof:** Secure the roof panels to the top story.
5. **Attach Slides and Outdoor Features:** Connect the slides to the designated areas. Assemble and place outdoor elements like fences, umbrellas, and the pool.
6. **Arrange Furniture:** Place the various furniture pieces and accessories into the 12 rooms according to your preference. The included doll fits perfectly in all rooms.
7. **Install String Lights:** The 6.56ft string lights require 2 AA batteries (not included). Insert batteries into the battery compartment. Carefully thread the string lights through the dollhouse to illuminate the rooms.

Image: Diagram illustrating the reinforced structure of the dollhouse, showing how panels connect securely with fasteners for stability and ease of movement.

Huge Doll House Dollhouse

12 rooms with diverse scenarios to make girls dreamhome come true

OPERATING INSTRUCTIONS

The Leleco Castle Dreamhome Dollhouse is designed for creative and imaginative play.

- **Explore the Rooms:** Utilize the 4 stories and 12 distinctively themed rooms (bedroom, kitchen, bathroom, living room, etc.) to create various scenarios for the included doll.
- **Interactive Play:** Move the doll and furniture around the house. Engage with features like the slides and outdoor recreation area.
- **Lighting Feature:** Turn on the string lights to illuminate the dollhouse, enhancing the play experience, especially in low light conditions. Ensure 2 AA batteries are installed for the lights to function.

MAINTENANCE

- **Cleaning:** Wipe the dollhouse and accessories with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the dollhouse in a clean, dry place away from direct sunlight to prevent fading or damage.
- **Battery Replacement:** Replace AA batteries for the string lights as needed. Ensure correct polarity when inserting new batteries.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
String lights do not turn on.	Batteries are dead or incorrectly inserted.	Check battery polarity and replace with fresh AA batteries.
Dollhouse feels unstable after assembly.	Fasteners not fully engaged or panels not properly aligned.	Review assembly steps, ensuring all fasteners are securely clicked into place and panels are flush.
Missing or damaged parts.	Manufacturing defect or shipping damage.	Contact Lehoo Castle customer support for assistance.
