Champonic YYK-526

Champonic YYK-526 Bluetooth Headset Instruction Manual

Model: YYK-526

INTRODUCTION

This manual provides detailed instructions for the Champonic YYK-526 Bluetooth Headset. It covers setup, operation, maintenance, and troubleshooting to ensure optimal performance and user experience. Please read this manual thoroughly before using your headset.

WHAT'S IN THE BOX

Verify that all items are present in the package:

- Wireless Headset
- Charging Case
- USB Dongle
- Replacement Eartips (S/M/L)
- USB-C Cable

SETUP

1. Charging the Headset and Case

Before first use, fully charge the headset and charging case. Connect the provided USB-C cable to the charging case and a power source. The LED digital display on the case will indicate the battery level. A full charge takes approximately 1.5 hours.

2. Powering On/Off

- **Power On:** Press and hold the Multi-Function Button (MFB) for 3 seconds.
- **Power Off:** Press and hold the MFB for 5 seconds.

3. Bluetooth Pairing

The headset supports standard Bluetooth pairing and includes a USB adapter for devices without built-in Bluetooth.

Standard Bluetooth Pairing (Phone/Tablet)

1. Ensure the headset is powered off.
2. Press and hold the MFB until the indicator light flashes blue and red, indicating pairing mode.
3. On your device, enable Bluetooth and search for "YYK-526" in the list of available devices.
4. Select "YYK-526" to connect. A voice prompt will confirm "connected" upon successful pairing.

Using the USB Adapter (for PCs without Bluetooth)

1. Plug the USB adapter into an available USB port on your desktop PC or laptop.
2. The adapter will automatically connect to the YYK-526 headset.
3. This provides a stable connection up to 49 feet (15 meters).

Compatible with Microsoft Teams, Zoom & more

Dual Bluetooth Pairing

The headset supports connecting to two devices simultaneously. After pairing with the first device, disable Bluetooth on that device. Pair with the second device. Then, re-enable Bluetooth on the first device, and the headset should connect to both. This allows seamless switching between devices.

4. Wearing the Headset

The ergonomic design ensures comfort for extended wear. The ear hook can be rotated 180 degrees to fit either the left or right ear. Three sizes of ear tips (S/M/L) are included to provide a secure and comfortable fit.

COMFORTABLE FOR BOTH EARS

Ergonomic design reduces
the burden on ears

OPERATING INSTRUCTIONS

Multi-Function Button (MFB) Controls

The MFB and volume buttons provide control over various functions:

- **Power On/Off:** Press and hold MFB for 3 seconds (On) / 5 seconds (Off).
- **Play/Pause Media:** Press MFB once.
- **Answer/End Calls:** Press MFB once.
- **Reject Call:** During an incoming call, press and hold MFB for 2 seconds.
- **Volume +:** Press and hold for 1 second to go to the next track.
- **Volume -:** Press and hold for 1 second to play the previous song.

Voice Assistant Function

To activate your device's voice assistant (e.g., Siri, Google Assistant), long press the MFB button for 2 seconds when not on a call. This allows for hands-free control of your device.

Environmental Noise Cancellation (ENC)

The headset is equipped with advanced ENC technology, which effectively filters out ambient noise during calls. This ensures crystal-clear communication, making it suitable for various environments such as business meetings, conference calls, or driving.

MAINTENANCE

To ensure the longevity and optimal performance of your Champonic YYK-526 Bluetooth Headset, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the headset and charging case with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headset in its charging case to protect it from dust and damage. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** The headset is water repellent. Avoid submerging it in water or exposing it to heavy rain.

TROUBLESHOOTING

If you encounter issues with your headset, refer to the following common problems and solutions:

Problem	Possible Solution
Headset won't power on	Ensure the headset is fully charged. Place it in the charging case for a few minutes, then try powering on again.
Cannot pair with device	Ensure the headset is in pairing mode (flashing blue and red light). Disable and re-enable Bluetooth on your device. Try restarting both the headset and your device.

Problem	Possible Solution
No sound or poor audio quality	Check the volume levels on both the headset and your connected device. Ensure the headset is within range of your device. Re-pair the headset if necessary.
USB adapter not connecting	Ensure the USB adapter is fully inserted into the USB port. Try a different USB port. Restart your computer.
Voice assistant not responding	Ensure the headset is connected to your device. Confirm that the voice assistant is enabled on your device. Long press the MFB for 2 seconds to activate.
