SETUP AND INSTALLATION

The installation process is designed to be straightforward. Follow the detailed online video or PDF instructions provided. These instructions guide you step-by-step through the assembly, ensuring a smooth and enjoyable DIY experience.

Key Installation Features:

- **Numbered Light Bags:** Components are organized into clearly numbered bags corresponding to each step in the instructions.
- **Intuitive Snap-on Connectors:** Designed for easy and secure connections.
- **Upgraded Cable-Hiding Technology:** Precision-engineered internal channels ensure wires are virtually invisible, maintaining the aesthetic integrity of your LEGO model.

Access digital instructions by scanning the QR code on the manual or inputting the product model query online. This ensures you have the most up-to-date and comprehensive guidance.

High-Quality Craftsmanship, Superior **Service**

OPERATING INSTRUCTIONS

Once installed, your BrickSoul Light Up Kit offers flexible power options to illuminate your LEGO model.

Power Options:

- **USB Power:** Connect the included USB cable to any standard 5V USB power adapter (not included).
- **Battery Power:** For a cord-free display, use the provided battery box with 3 AA batteries (not included).

The high-quality LEDs emit a soft, non-glaring glow, enhancing the visual appeal of your model without harsh brightness.

MAINTENANCE

To ensure the longevity and optimal performance of your BrickSoul Light Up Kit, follow these simple maintenance guidelines:

- **Cleaning:** Gently dust the LED components and wires with a soft, dry cloth. Avoid using liquid cleaners directly on the lights or connections.

- **Storage:** If storing your LEGO model with the light kit installed, ensure wires are not pinched or excessively bent. Store in a cool, dry place away from direct sunlight.
- **Battery Replacement:** If using the battery box, replace all 3 AA batteries simultaneously when the lights dim to ensure consistent power.

TROUBLESHOOTING

If you encounter any issues with your BrickSoul Light Up Kit, please refer to the following common solutions:

Problem	Possible Cause	Solution
Lights not turning on.	Loose connection, no power, or dead batteries.	Check all connections, ensure USB power source is active or replace batteries in the battery box.
Some lights are dim or flickering.	Low battery power or a loose connection to a specific light.	Replace batteries or check the connection for the affected light.
Wires are visible.	Improper routing during installation.	Refer to the online instructions for proper cable-hiding techniques and re-route wires as needed.

For further assistance, please contact customer support as detailed in the Warranty & Support section.

SPECIFICATIONS

- **Brand:** BrickSoul
- **Model Number:** 76419-cv
- **Material:** Plastic
- **Item Weight:** 4.8 ounces
