SETUP INSTRUCTIONS

Your SoarFlash bar stools arrive fully assembled, requiring no complex setup. Follow these simple steps to prepare your stools for use:

- 1. Unpack:** Carefully remove the bar stools from their packaging. Inspect each stool for any signs of damage during transit.
- 2. Placement:** Position the stools in your desired location, such as a kitchen island or bar area. Ensure the floor surface is level to maintain stability.
- 3. Adjust Feet:** If the floor is slightly uneven, utilize the adjustable swivel feet at the base of the legs to level each stool and prevent wobbling.

OPERATING INSTRUCTIONS

These bar stools are designed for straightforward use and comfort.

- **Seating:** Sit centrally on the padded seat. The boucle fabric provides a soft and comfortable experience.
- **Swivel Function:** The seat features a 360-degree swivel mechanism. To rotate, simply shift your weight or gently push off the floor. This allows for easy conversation and movement without needing to reposition the entire stool.
- **Footrest:** Utilize the circular footrest for added comfort and support while seated.

CARE AND MAINTENANCE

Proper care will extend the life and appearance of your bar stools.

- **Regular Cleaning:** For the boucle fabric, gently vacuum with an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for upholstery, testing on an inconspicuous area first.
- **Metal Frame:** Wipe the metal legs with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fading of the fabric.

SAFETY INFORMATION

- **Weight Limit:** Do not exceed the maximum weight capacity of 250 lbs per stool to prevent accidents or injuries.
- **Stable Surface:** Always use the stools on a flat, stable surface. Adjust the feet as necessary to eliminate wobbling.
- **Children:** Supervise children when they are using the stools to ensure their safety.
- **Standing:** Avoid standing on the stools, as this can lead to instability and falls.

TROUBLESHOOTING

If you encounter any issues with your SoarFlash bar stools, consider the following common solutions:

- **Wobbling Stool:** Check if the stool is on an even surface. Adjust the swivel feet at the bottom of each leg until the stool is stable.
- **Swivel Stiffness:** If the swivel mechanism feels stiff, ensure no debris is obstructing the rotation. A small amount of silicone-based lubricant can be applied to the mechanism if necessary, avoiding contact with fabric.
- **Loose Parts:** Although no assembly is required, periodically check the connections for any looseness and tighten if needed.
