- **Spills:** Promptly wipe up any liquid spills to prevent staining or water damage, especially on the engineered wood surface.
- **Heat and Moisture Protection:** Always use coasters under hot items (e.g., mugs, plates) and placemats under dishes to protect the tabletop from heat marks and moisture rings.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the wood finish over time.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain structural integrity.
