OPERATING INSTRUCTIONS

- **Swivel Function:** The stool features a 360° swivel mechanism. To rotate, simply apply gentle pressure to the seat in the desired direction.
- **Weight Capacity:** The maximum weight capacity for each stool is 300 pounds. Do not exceed this limit to ensure safety and product longevity.
- **Placement:** Position the stools on a level surface to prevent instability.

MAINTENANCE

- **Cleaning the Fabric:** The teddy fleece upholstery is designed for easy cleaning. For light spills, gently blot with a clean, damp cloth. For tougher stains, use a mild fabric cleaner and follow the product instructions. Avoid harsh chemicals.
- **Cleaning the Metal Frame:** Wipe the metal legs and footrest with a soft, dry cloth. For smudges, a slightly damp cloth can be used, followed by immediate drying to prevent water spots.
- **Regular Checks:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary to maintain stability.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fading of the fabric.

TROUBLESHOOTING

- **Stool is Wobbly:** Ensure all assembly screws are fully tightened. Check that the stool is placed on a flat, even surface.
- **Swivel is Stiff:** The swivel mechanism should operate smoothly. If it feels stiff, ensure no debris is obstructing the mechanism. Avoid applying lubricants unless specifically recommended by the manufacturer.
- **Noise During Use:** Check for loose connections. Tighten any loose screws.
