3. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Golden Snitch model. It is recommended to sort pieces by color and shape before starting. The instruction manual provided in the box contains detailed visual guides for each step.

3.1. General Assembly Overview

The assembly process involves building the central snitch body, attaching the articulated wings, and mounting the model on its display stand. The entire process is designed to be straightforward and enjoyable, taking approximately one to two hours.

4.2. Adjusting the Wings

The wings are designed with articulation points, allowing you to adjust their position to create dynamic poses for display. Handle them gently to avoid dislodging pieces.

5. MAINTENANCE

To keep your Golden Snitch model in excellent condition, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Always handle the model by its base or main body to prevent accidental detachment of smaller pieces.

6. TROUBLESHOOTING

If you encounter any issues during assembly or with your completed model, please refer to the following common solutions:

- **Missing Pieces:** Double-check all packaging and bags. If a piece is genuinely missing, please contact SAMYBLOCKS customer support for assistance.
- **Loose Connections:** Ensure all blocks are firmly pressed together. Sometimes, a gentle but firm push is needed to secure connections.
- **Difficulty with a Step:** Re-examine the instruction manual's diagrams for the specific step. Sometimes, rotating a piece or checking its orientation can resolve the issue.
